LEGISLATIVE RAID TOTALS FIFTY-TWO MILLIONS.

Demands.

LAWMAKERS' DEMANDS FAR EXCEED REVENUES.

Over Fifty-two Million Dollars Asked by California Legislators.

Staggering Burden to Be Borne by Taxpayers of Golden State if All Schemes of "Progressives" for New Jobs, New Commissions, New Bureaus and Socialistic Innovations Become Law.

[BY DIRECT WIRE TO THE TIMES.]

SACRAMENTO, Feb. 4.—[Exclusive Dispatch.] California legislators, in behalf of their constituents, State officers, bureaus and commissions, during the first half of the bifurcated legislative session asked approximately $42,127,498 in general and special appropriations and school funds, for the maintenance and improvement of the State institutions and the State government during the biennial period extending from June 30, 1913, to July 1, 1915. Of this grand total, $14,140,309 is asked in general appropriations, $[illegible] in special appropriations, and $11,841,456 toward paying the estimated share of the State in the maintenance of the university and schools and interest on bonds.

REVENUES INSUFFICIENT.

To meet these requests State Controller Nye, in a statement to Assemblyman Chandler of Fresno, chairman of the lower house Ways and Means Committee, estimates that the revenue from all general sources during the coming two fiscal years will be approximately $39,668,193. In making this estimate, the Controller did not consider a repeal of the corporation license tax and the poll tax. Nor is his estimate made contingent on any proposed increase of rates on any source of revenue, such as the automobile tax. The recent increase in the gross earnings percentage of the various corporations, which, it is estimated, will increase the annual revenue about $2,000,000, is considered. Also the natural and normal increase of receipts is provided for in the estimate.

How the State can distribute about $29,000,000 where forty-odd million is asked is the problem with which the Ways and Means and Finance Committees of both houses will have to struggle during the latter half of the present session.

The school expenses and the interest on bonds, which will amount, according to the Controller's estimate, to $11,841,456 for the two years, are automatically appropriated and collected by virtue of existing laws, and consequently do not require the introduction of special appropriation bills.

SOME OF THE DEMANDS.

The redemption of $2,770,000 worth of State bonds of 1870 is an important item which is a factor in making the special appropriations far in excess of any similar amount ever asked of a Legislature in California. Other large items are $1,000,000 for a State building at the San Francisco fair, more than a half-million for road building, almost a million for mothers' pensions.

Legislators have introduced bills asking huge appropriations realizing, in many cases, the effort is useless. However, many large sums which the

TO EVOLVE PERFECT BABY NEW SOCIETY'S OBJECT.

[BY DIRECT WIRE TO THE TIMES.]

DENVER, Feb. 4.—[Exclusive Dispatch.] To promote the health, wealth and happiness of future generations of babies in all parts of the world, a society has been organized in Denver to be known as the National Eugenics Society, backed by Denver physicians and the leading exponents of child welfare in all parts of the country. Denver is to be made the national headquarters and a movement will be started at once to provide a permanent building.

THE OFFICERS.

Officers of the new organizations are Mrs. Mary T. Watts of Audubon, Iowa, known as the mother of the eugenics movement, president; Dr. Mary Elizabeth Bates of Denver, vice-president; O. M. Plummer of Portland, Or., second vice-president, and Dr. Agnes Ditson, Denver, secretary.

Members of the new organization comprise such prominent authorities as David Starr Jordan of Leland Stanford University, C. B. Davenport, secretary of the Eugenics Record office, New York, and F. A. Wolff of the Bureau of Labor, Washington.

TO SPREAD MOVEMENT.

It is planned to spread the movement throughout the entire country, organizing State associations from which the members of the national society shall be recruited.

The object of the society is to promote a proper understanding of eugenics by encouraging exhibits in all parts of the country of child welfare work, exhibits of the Mendelian (hereditary law) and by baby health contests.

BALTIMORE WOMAN DRAWS LINE ON LITTLE SON.

Says She Was Taught as a Child Practice Was Unhealthful and She Never Had Any Desire for Caresses Either During Honeymoon or More Strenuous Days that Came After.

[BY DIRECT WIRE TO THE TIMES.]

BALTIMORE, Feb. 4.—[Exclusive Dispatch.] Mrs. George W. Deems, 23 years old and comely, who told the people yesterday that she had never kissed her husband, repeated that statement today adding she had never even kissed her small son.

"My father and mother never believed in kissing and they always taught me that it was uncleanly and deceitful. They told me that to kiss was to contract and spread disease. When you look at it that way you see there isn't very much charm attached to the thought. I never even had the desire to kiss. When I was a child and would go away from home I never kissed my parents either when I left or when I returned."

"But when you were a lovesick bride, surely you kissed your husband just once?"

"I really wasn't a lovesick bride. I was just 14 when I married and I realize now that I was entirely too young then to know what love was. Why, my little 7-year-old boy is dearer to me than anybody on earth and yet I have never kissed him. I never even kissed his little pink hands. He shares my dislike of kissing, too. One time his father kissed him and he ran away. When I found him he was washing out his little mouth."

Mrs. Deems is now suing her husband, George W. Deems, for nonsupport and desertion.

Heirs to Millions Cross Bats at Santa Barbara—Son of Persian Minister Pitches Phenomenal Game—Sensational Plays of Explorer Cut Short by Accident.

[BY DIRECT WIRE TO THE TIMES.]

SANTA BARBARA, Feb. 4.—[Exclusive Dispatch.] After pitching a winning game, having the opposing side beaten by the score of 19 to 12, Stewart Edward White, the author and African explorer, in the seventh inning broke his right ankle in a long and spectacular slide for the home plate. There was no more play after the accident, and Mr. White, who was suffering great pain, was removed in an automobile to his home where a physician attended him. It is expected that Mr. White will not be able to use the ankle for several weeks.

The game was played on the Lead-better Athletic Field this afternoon. Many notable Santa Barbara visitors participated, against a team of the Gring school, a private institution for wealthy boys. Supporting Mr. White were Winston Churchill at second base, Winsor Soule, nephew of Lockwood Deforest; George J. Kalme, a millionaire; Elliott Rogers, son of the late Robert Cameron Rogers; Harold Chase, Charles Dabney, Wilkinson and Church.

Most notable among the school boys was the son of Mirza Ali Juli Khan, Persian Minister to the United States, who pitched a remarkable game.

Mr. White had made a number of sensational plays during the game and, grasping an opportunity to beat a throw from center field to the home plate, was running like an African hare when he saw, to reach the goal ahead of the ball, it would be necessary to slide and he made a dive feet first. In some way his ankle turned under him and snapped a bone but he reached the plate just the same.

SAN FRANCISCO BUREAU OF THE TIMES, Feb. 4.—[Exclusive Dispatch.] Laura Woodruff, a widow, wealthy in her own right, proprietor of the fashionable Woodruff apartment-house at No. 1334 Taylor street, was found dead in bed shortly before noon today. Her wrists had been deeply slashed with a razor, but the hands clasped an open book. About her left wrist was tightly bound a blood-soaked towel. Another towel, saturated with her life blood, was found in the bathroom, just off the apartment. Gas was escaping from three open burners of a range in the apartment kitchen. WIFE TO SUIT A MILLIONAIRE.

BAY STATE CROESUS WOULD GIVE HER WIDE LATITUDE.

Wants Good Lively Companion, With Common Sense, Affectionate, With Dash of Temper, May Drink a Little, Be Fond of Sports, but She Must Not Smoke.

BY MARGARET W. DE PEYSTER.

[BY FEDERAL (WIRELESS) LINE TO THE TIMES.]

NEW YORK BUREAU OF THE TIMES, Feb. 4.—[Special Dispatch.] What kind of a wife does a handsome young millionaire want? Is there a girl who has not asked herself that question? I trow not. Well, here is the answer as given by Richard W. Proctor, Jr., of Milbury, Mass., handsome, a millionaire and bachelor, an ideal trio of qualities.

Back, discouraged, from a two-year hunt in Europe and elsewhere for an ideal helpmate, he has gone to his steel works in the Bay State, still looking for some one to share his home and millions.

"The girl I should like to make my wife must, first of all, be a good, lively companion, who will take an interest in and enjoy the things that I enjoy. I want her to be the boss of my house, but not the boss of my factory," he says. "She must be possessed of lots of common-sense, be affectionate and if she has a dash of temper, so much the better.

"I should not object to her drinking a little wine now and then, but she must not smoke. She may be a blonde or a brunette, but she need not be a giant or a dwarf. She must be refined and well educated, but able and willing to cook and sew, not that I want her to be my servant, but she must not be afraid to soil her hands. Further, she must not be as helpless as the girls I met in Europe, who needed two or three maids to dress their hair every morning, afternoon and night.

MAY LIKE SPORTS.

"I should expect my wife to be fond of society and outdoor sports, but if she happens to be a suffragette or a card player she would have to put her home first and the suffrage platform and bridge parties second. The girl who most nearly approached my ideal was a southern girl, but she always wanted a dozen servants at her call. Her apparent laziness repelled me."

Here's your chance, if you come up to the specifications. Mr. Proctor's address is Milbury, Mass.

KING GEORGE V SENDS MESSAGE.

WRITES FRIENDLY GREETING TO PILGRIMS' REUNION.

Emphasizes Cordial Relations Between Great Britain and United States, and Other Titled Britons Forward Best Wishes—Choate Says Canal Trouble Is Not Serious.

[BY A. P. NIGHT WIRE TO THE TIMES.]

NEW YORK, Feb. 4.—"I cherish the earnest hope that your gathering may emphasize the cordial relations that we know exist between Briton and Canadian and American," wrote King George V. of England in a message to the Pilgrims of the United States, read at their tenth annual dinner in this city tonight. The king extended "greetings" and best wishes for a delightful reunion.

Other messages of good will read by Joseph H. Choate, former Ambassador to Great Britain, the toastmaster, were from Field Marshal Earl Roberts, Sir Thomas Lipton, Capt. Clement Greatorex of the British cruiser Natal, Admiral Lord Charles Beresford and Queen Alexandria's private secretary. Several hundred citizens of England an dthis country jinned in banquet of fellowship. Henry E. Brittain represented Field Marshal Roberts, president of the Pilgrims of Great Britain.

Diplomacy still will be employed, Mr. Choate declared, to insure friendly relations between the two countries, and arbitration will be used successfully when differences can not be settled through diplomacy.

"We have a little difficulty just now," he said, "but I do not look upon it as half as serious as those which have arisen in the past a dozen times or more. There is nothing in it that can not be settled by direct application of the doctrine of good faith and honest dealings with one another."

HAY-PAUNCEFOTE TREATY.

The two men who made the Hay-Pauncefote treaty, he said, lived and died without suspecting that the language by which they agreed the ships of both nations should use the Panama Canal on equal terms was susceptible of more than one interpretation; both sides did their best to write it in clear terms; now that there has been a disagreement, it will be adjusted by conference. Both countries will keep the treaty "in the next hundred years by keeping faith with each other," Mr. Choate concluded.

[BY DIRECT WIRE TO THE TIMES.]

TACOMA, (Wash.) Feb. 4.—[Exclusive Dispatch.] A passenger named F. B. Crowe disappeared about 11 o'clock Sunday night from the steamer Norwood. It is supposed he committed suicide by jumping overboard. Crowe took passage from San Pedro to San Francisco and later purchased a ticket for Aberdeen. He was about 40 years old. Lawmaker's Demands.

(Continued from First Page.)

present Legislature is asked to appropriate are thought to be needed to carry out the progressive instinct of the people and take care of the natural growth and development of the commonwealth.

It has been generally agreed by the administration leaders that the general appropriation bill and all special appropriation bills passed at this session shall not exceed $18,000,000, with approximately $31,000,000 in general and special appropriations asked, exclusive of the school aid. This determination will necessitate some paring. The bulk of this will, of course, result most heavily in cutting down on special appropriations and throwing out many entirely.

Controller Nye contends that to make a trustworthy estimate of the State's revenue is altogether impossible, but thinks conservatively the amount will be at least that given above.

CREATING MANY NEW JOBS.

The commission fever, which assailed the proceedings of the thirty-ninth session of the Legislature in 1911, is much again in evidence this year. New boards, new commissions and new bureaus are responsible for at least $1,000,000 increase in the special appropriations asked at this session over the previous one. Old claims rejuvenated this year also figure prominently in raising the grand total to its staggering proportions.

TO INCREASE TAXATION.

Out of the mass of figures which the Finance Committee of the two houses will be obliged to consider, however, remains the startling fact that the present administration during the next two fiscal years will have about $30,000,000 to spend. It may be even greater than that if the inheritance tax revenues increase, the motor vehicle tax is raised, and other sources of revenue grow rapidly out of normal proportion.

TEN MILLION BOND ISSUE.

Not included in this summary is the proposed $10,000,000 State bond issue, which must go to the people for ratification. Counting the bond issue, however, the excess demanded is more than $22,000,000 above the estimated revenues.

The great excess over estimates is found, of course, mostly in the special appropriation bills. In the general appropriations budget, the recommendations totaled $11,999,962. While the amounts demanded by the various departments figure up $14,140,309, a difference of a little over $2,000,000, this alone would more than absorb the increase in revenue promised by raising the State rate on railroads and other corporations. The largest item of the excess demand in general appropriations is that of the State University, which wants more than $400,000 increase over the estimate.

RAID ON STATE TREASURY.

The following list of some of the special appropriations demanded will give an idea of the extent of the attempted raid on the State Treasury. It should be borne in mind that these are in addition to the general appropriations for the maintenance of the institutions mentioned. The $800,000 for mothers' pensions is included in the general appropriation list:

MEASURES GUILT OF MASHER.

Federal Court in Sentencing Young San Francisco Physician Establishes Precedent.

[BY A. P. NIGHT WIRE TO THE TIMES.]

SAN FRANCISCO, Feb. 4.—Not the character of the woman insulted, but the nature of the insult is the measure of a "masher's" guilt. So the United States District Court held here today in pronouncing sentence of four months in jail and $100 fine on Dr. Samuel Weiss, a young physician of good repute, who had pleaded guilty to sending an objectionable note through the mails to Elizabeth Mayne, a vaudeville actress.

In presenting the case yesterday the United States attorney asked no consideration for the woman, who he said, was glad to get the letter because it brought her notoriety.

Judge Dietrich considered only the nature of the offense and not the person at whom it was directed.

BY LOU GUERNSEY.

[BY DIRECT WIRE TO THE TIMES.]

SACRAMENTO, Feb. 4.—[Exclusive Dispatch.] The State Legislature adjourned this afternoon at 5 o'clock for the constitutional recess provided in the Caminetti amendment to the State constitution. It will reassemble on March 10 and conclude the work of the session about May 1.

A swarm of bills and constitutional amendments were introduced in the closing hours by legislators of both houses, swelling the grand total to 3736 measures. Only 2814 bills and amendments were introduced at the session two years ago. Of the unprecedented number this year, 2019 were offered in the Assembly and 1717 in the Senate.

Many of the measures, if they become law, would change entirely the State government, radically change hundreds of existing laws, abolish poverty, abolish the militia, prohibit the baking of bread on Sunday, create hundreds of commissions and boards to be filled by Progressive henchmen.

CURE-ALLS.

The measures are designed, 'tis said, to cure the body politic of its governmental ills and aches. The legislators are conservative in seeking appropriation for pet schemes, in providing for fat jobs and salaries. The 120 Senators and Assemblymen ask that the State contribute a mere $32,000,000 to enable them to manipulate their pet projects and governmental undertakings during the next two years.

FREAK BILLS.

Half of the bills and measures presented by the various legislators are freak bills, pure and simple. Many of them were never even read by the legislators before introducing them. Not one in a hundred of these bills will be enacted into law, yet the State pays hundreds of thousands of dollars for the printing of these measures written by wild-eyed idealists and fanciful dreamers.

BIFURCATION.

The theory of the Caminetti amendment is that the public should be given opportunity to inform itself of the measures pending before the Legislature. It provides that the Legislature shall, after convening in session for a period not to exceed thirty days, take a recess for not less than thirty days, after which, on an agreed date, the Legislature shall reassemble and complete its work. During the first period bills are introduced, and the preliminary work of the session carried out. The second period is devoted to the passage of bills. During that period each member is permitted to introduce two bills, but under restrictions which will make even the introduction of that number difficult. California is the only State in the Union which has tried this experiment.

The so-called bifurcated session is not held in high favor by level-headed members of both Houses. The legislators are supposed to go to their respective homes and devote their time to enlightening the people on the merits or demerits of this or that bill introduced at the first session. Opponents of the divided session say that very few of the legislators will devote any time to the study or consideration of measures during the constitutional recess. In the first place the State Printer hasn't printed half the bills introduced and it will take at least two weeks to get the great batch of measures in the hands of the lawmakers. A constitutional amendment providing for a return to the old system will probably be introduced early in March.

MANY PROBLEMS.

Here is a list of just a few of the problems that will be considered in the second half of the session:

Blue-sky law; anti-prize fight act; arbitration for industrial disputes; minimum wage commission; anti-injunction law; mothers' pension law; redraft election laws; abolishment poll tax; correction State tax system; inheritance tax increase; recall of judicial decisions; anti-trust legislation; income tax law; anti-liquor legislation and a multitude of other governmental questions.

QUANTITY VS. QUALITY.

Quantity rather than quality is the aim of most of the members. A member seems to think he is doing his duty to "the people" if he introduces a couple of hundred bills and keeps the State Printer busy, and the taxpayer pays the fiddler.

PROVIDES FOR DICTATOR.

Senator Sanford contributed a constitutional amendment this afternoon providing that all powers of State government be vested in and exercised by the Chief Magistrate, who shall be styled the Governor of California. Sanford says that Johnson bosses the legislative and judicial branches of government, therefore he would repeal the two articles in the Constitution creating the legislative and judicial departments of California.

LONG BEACH CHARTER.

The twenty-two new amendments to the Long Beach charter were ratified by both houses and signed by Gov. Johnson today. Assemblyman Strine handled the matter.

COUNTY LOCAL OPTION.

A merry war over amendment of the local option law was indicated today when Senator Anderson of Riverside and Assemblyman Moorehouse of Imperial offered measures to make the unit of prohibition the entire county, including cities of 5000 or under. This will affect many small communities which are now "wet," while the counties in which they are located are overwhelmingly dry. Several days ago, Senator Owen of Richmond offered an amendment permitting sale of liquors in hotels in dry territory. The drys followed this up with the Anderson-Moorehouse measures. The present unit of prohibition is the Supervisorial district, and does not include incorporated cities and towns.

INHERITANCE TAX.

Senator Gates introduced a bill authorizing the State Controller to appoint an inheritance tax attorney and inheritance tax clerk and fixing their salaries. It was framed by State Controller Nye and several tax experts. It would make collection of tax easier and provides for a general increase in the tax rate.

ANTI-FIGHT PETITION.

Senator Brown of Los Angeles received a petition signed by 463 residents of Huntington Park in favor of his anti-prize fight measure.

POSTAL FUNDS FOR SCHOOLS.

The Senate concurred with the Assembly today in the joint resolution requesting Congress to authorize the government postal savings system to loan its funds to school districts.

CUTTING DUCK LIMIT.

Senator Thompson offered a bill cutting the duck limit to fifteen a day and thirty a week.

FILLING VACANCIES.

Assemblyman Pealre of Los Angeles introduced a bill providing for the filling of vacancies in State, county or municipal elective offices.

Senator Gates offered it in the Senate. Following is a synopsis of the bill:

"Whenever any vacancy shall occur in any State, county or municipal elective office, on the happening of either of the events specified in section 996 of the Political Code, or otherwise, during the term for which an incumbent of such office was elected, the candidate who received the next highest vote at the last general or special State, county or municipal election at which an incumbent was elected to fill such office, shall succeed to and shall hold said office for the balance of the unexpired term. If the candidate who received such next highest vote at such election is, for any reason, ineligible, then the candidate who received the next highest vote for said office, at such election shall succeed to and shall hold such office in like manner."

Dr. William Francis Ireland of Los Angeles, Socialist, is father of the bill.

ASSEMBLY SESSION.
LAST MINUTE RUSH.

[BY A. P. NIGHT WIRE TO THE TIMES.]

SACRAMENTO, Feb. 4.—The final adjournment of the Assembly was delayed this afternoon by the desire to pass emergency measures which could not be engrossed until nearly 4 o'clock. These bills were as follows:

Assembly concurrent resolution No. 19 by Wall, authorizing the appointment of a committee to investigate the feasibility of moving the State Hospital at Stockton from its present site.

Assembly concurrent resolution No. 4, by Bohnett, providing for the printing of the report of the State Controller.

Assembly joint resolution No. 2, by Shannon, calling upon Congress to authorize the lending of postal savings bank deposits to school districts.

Assembly joint resolution No. 3, by Woodley, urging upon Congress the desirability of the establishment of a Federal telegraph system.

CAPITOL COMMITTEE.

Speaker Young appointed the five Assembly members of the joint committee which is to investigate during the recess and report on the advisability of the State bonding itself for several million dollars for the erection of new buildings. He named Assemblyman W. F. Chandler, Fresno, chairman; J. M. Inman of Sacramento, J. J. Ryan of San Francisco, Harry Polsley of Red Bluff and Frank E. Woodley of Los Angeles.

TO INVESTIGATE.

A resolution authorizing a committee of three, to hire a certified public accountant and make a thorough investigation of the condition of the Continental Building and Loan Association in San Francisco, was introduced by Assemblyman W. S. Scott of that city.

HOUSE RESISTS MAHOGANY.

The Assembly refused to follow the example of the Senate and buy new mahogany furniture for the chamber, voting down a resolution calling for the expenditure of $11,000 for desks and chairs, to be built at San Quentin.

WANT TO HEAR THEMSELVES.

The report of a special committee appointed to consider the improvement of the acoustics of the chamber presented a report from an expert consulted saying that refractory conditions might be subdued at a cost of $14,200, including his commission of $2000. The report was laid on the table until after the recess.

WITHDRAWS TWO BILLS.

Assemblyman William M. Hollis of Riverside withdrew two bills he had introduced, one empowering county boards of supervisors to erect public library buildings, and another repealing the law preventing discrimination against woman school teachers.

NEWLANDS'S BILL INDORSED.

A resolution offered by Assemblyman J. W. Gulberson, commending the Rivers and Harbors Bill introduced in the United States Senate by Senator Newlands of Nevada, was adopted. There was a momentary lull in the introduction of bills in the Senate just after the clerk had read Assembly Bill No. 1994.

PASS TWO THOUSAND MARK.

"We need six more bills," said Speaker Young; "who has them?" Half a dozen members jumped to their feet and the bills went past the 2000 mark. All records for the number introduced in both houses were shattered days ago.

SENATE SESSION.
CLOSES WITH ILL OMENS.

[BY A. P. NIGHT WIRE TO THE TIMES.]

SACRAMENTO, Feb. 4.—The passage in the Senate before adjournment of a resolution condoling with the presiding officer, Lieut.-Gov. Wallace, because of his illness, brought to the attention of the Senators the ill omens of the past three days which have witnessed the death of the wife of a Senator, and the daughter of another, the serious illness of Senator Frank C. Benson of San Jose, and of the presiding officer, the serious injury of attaches and much minor illness among the members and their families.

INHERITANCE TAX.

Higher rates and better enforcement for the inheritance tax act and provided in a bill introduced by Senator Lee C. Gates of Los Angeles. The advance in rates is mainly on the larger inheritances, those from $250,000 to $500,000 being raised from 4 per cent. to 8 per cent.; from $500,000 to $1,000,000 from 5 per cent. to 10 per cent.; from $1,000,000 up from [illegible] per cent. to 15 per cent.

ANTI-FRAT BILL.

Senator E. K. Strobridge of Hayward, introduced an anti-High School fraternity bill and one prohibiting the use of common towels was put in by Senator J. J. Cassidy of San Francisco.

SAN FRANCISCO GREATER.

A constitutional amendment for the consolidation of San Francisco and San Mateo counties introduced in the Assembly by Assemblyman J. J. [illegible] of San Francisco was presented in the upper House by Senator Thomas Finn. It is essentially the so-called [illegible] amendment of two years ago by which it was hoped that Oakland, Berkeley, Alameda and other bay territory might be added to San Francisco.

INCOME TAX BILL.

Senator Shanahan introduced an income tax bill in blank form and said he would fill it in when he came back after recess.

JUNKETING TRIP.

A resolution was adopted [illegible] which with Assembly [illegible] Senator Strobridge and Assemblyman W. F. Chandler will make a tour of the State institutions during the constitutional recess, and check the Board of Control budget recommendations against the needs of the institutions as they see them, reporting back to their respective houses following recess.

NEW BILLS INTRODUCED.
SENATE AND HOUSE MEASURES.

[BY A. P. NIGHT WIRE TO THE TIMES.]

TEN YEARS FOR BLACK.

Recalled Senator Is Sent to San Quentin.

Pleads for Mercy Because of His Family.

Finds Happiness and Peace in Jail, He Says.

[BY A. P. NIGHT WIRE TO THE TIMES.]

SAN JOSE, Feb. 4.—Marshall Black, recalled State Senator, was sentenced to ten years in San Quentin today by Judge J. E. Richards in the Superior Court on three counts charging embezzlement from the Palo Alto Mutual Building and Loan Association, in the accounts of which the District Attorney found a shortage of $124,500.

The sentence was seven years for the first indictment, two for the second and one year for the third, the second sentence to begin with the completion of the first and the third on completion of the second.

Black made a straightforward statement before sentence. He had prepared a lengthy statement, he said, but discarded it at the last moment.

HAPPINESS IN JAIL.

"After pleading guilty," he said, "there is really nothing to say. Before the exposure came I talked the matter over with my wife. She decided that it would be better to plead guilty at the proper time and take the punishment. I so decided myself. We decided that it would be better that the children should know just what I had done as they grew up. I have suffered a great deal, not so much since the exposure as before. My greatest punishment was during the last year of my business. I have gradually come to a considerable degree of happiness and peace in jail, which would not have come had I not had this experience. What will be the hardest is the separation from my wife and children, my friends and certain books I had always enjoyed reading.

PLEADS FOR LENIENCY.

"I have tried to meet my life as it comes and shall meet this with the same spirit. I say this not to appeal for leniency, although I think in a measure I shall deserve it. We realize that public sentiment will not permit me to go entirely unpunished, and I would like to suggest that the punishment will be greater on my wife and children than on me."

After an appeal along similar lines by Black's attorney, Louis O'Neal, Judge Richards pronounced sentence.

SHOWS NO EMOTION.

Black showed no visible emotion when sentence was pronounced. He declined to discuss his sentence other than to say: "With all my credits I will have to serve seven years and four months. If I had been sentenced to twenty-four years for one count I would have been able to get out after seven years and four months. If I had been given ten years for one offense I could get probation after three years. The law says I must serve at least one year on pending sentences before I may apply for probation. Thus you will see that I have to serve full time."

He uttered this statement cheerfully. He will probably be taken to San Quentin within three or four days.

PICTURE ORE AT ROCHESTER.

TUNNEL STRIKE SETS NEW CAMP WILD.

Tonopah and Goldfield Excitement Renewed and Mushroom City Springs Up in the Nevada Desert. Beds at a Premium and Prospectors Sleep on Tables and Chairs.

[BY A. P. NIGHT WIRE TO THE TIMES.]

ROCHESTER (Nev.) Feb. 4.—[Exclusive Dispatch.] Excitement unequaled even in the early days of Tonopah and Goldfield laid hold on Rochester following a positive declaration that picture ore had been struck in the Nenzel tunnel. Values ran 300 [illegible] silver with gold going to $400, [illegible] of the face of the vein [illegible] picture ore. The strike is on the main Nenzel Crown Point reserved ground.

Options on lots and claims are being taken right and left.

Experienced mining men declare that this strike marks the finding of the ledge which has been so assiduously sought and which will spell permanency and prosperity for the camp.

Like Tonopah, that sprang into life almost in a night and enjoyed years of phenomenal prosperity, so has this camp become in a short time, one of the "mushroom" cities of the West.

Beds are at a premium and many men sleep nightly on tables and in chairs, while hundreds of others wander about the streets.

The dance halls have followed the rush, and a great business is being done by them. They are running night and day.

Fourteen automobile stages are in operation to the railroad. The weather is very cold, but it does not hamper the work.

OLD SWEETHEART GETS A FORTUNE.

[A. P. NIGHT WIRE TO THE TIMES.]

FRESNO, Feb. 3.—Robert E. Gracey, formerly president of the Merced Security Bank, and now a resident of Pennsylvania, is given the greater portion of an estate valued at $100,000, by the will of Mrs. Sarah J. Thursby, who recently died in Merced, leaving no blood relatives. Gracey is said to have been an old sweetheart of Mrs. Thursby. The bequest includes a number of fine reservoir sites in the Sierra Nevada Mountains. Other bequests include $10,000 to the Children's Hospital of San Francisco and $1000 to the Merced public library.

A. L. Loomis and Wife, Formerly Miss Ward, Los Angeles Heiress, Encounter Seasickness and Lightning on Wedding Trip and Are Glad to Return to Home City.

[BY DIRECT WIRE TO THE TIMES.]

SAN FRANCISCO BUREAU OF THE TIMES, Feb. 4.—[Exclusive Dispatch.] A. L. Loomis and his wife, who was formerly Miss Inez Ward of Los Angeles, returned today from Honolulu.

The pair eloped in the most approved twentieth century style ,with automobiles, special trains and all that sort of thing. The groom is the son of Mr. and Mrs. L. D. Loomis of Los Angeles. He is 21 years of age. His parents thought he was too young to marry. The bride's parents felt the same way about her. So the young couple conspired to elope nearly two months ago.

SAIL FOR HONOLULU.

They came to San Francisco, secured passage on the oceanic steamer Sierra and sailed for Honolulu. Just before the last piece of baggage was placed aboard the steamer their parents wired blessings and they sailed away in a state of glorious happiness.

Then came mal de mer to torment Mrs. Loomis. She was in her stateroom throughout the trip. After her arrival in Honolulu she was still ill and suffered from fainting spells for almost a week.

Finally the honeymooners shook off the ill effects of their journby and they set out to enjoy Hawaii.

But almost immediately they encountered an electric storm on the north side of Oahu and a lightning bolt shattered a fence which they were passing in an automobile, so they decided that home, sweet home was the best place after all.

VICTIM OF MAL DE MER.

Hardly had they set sail when Mrs. Loomis again became a victim of seasickness. Day after day passed with no relief for her, and it was a mighty pale heroine who tottered across the deck in a modified hobble this morning.

"Oh, I've been so seasick," she weakly remarked; "I thought I should die."

Mr. Loomis took his bride's arm. "We will be glad to get back home," he commented grimly. "We will make our future home in Los Angeles."

Mrs. Loomis, who is strikingly pretty and accomplished, is said to be heiress to a $5,000,000 estate.

POLICE SEEKING ITALIAN BANKER.

Seattle Financier Wanted on Embezzlement Charge.

Said to Have Swindled His Fellow-Countrymen.

Institutions Run by Him Have Closed Doors.

[BY A. P. NIGHT WIRE TO THE TIMES.]

SEATTLE, Feb. 4.—Annibole Bressi, an Italian banker of Seattle and Vancouver, B. C., is wanted by the police on a warrant charging embezzlement. He had been missing nearly a week and complaint was made to the police today by fifteen of his countrymen.

Bressi recently was refused American citizenship for "bad moral character." It was shown that he had been charged with various crimes but escaped trial in each case, as the complaining witnesses failed to appear and could not again be found.

The Vancouver branch of Bressi's bank is said to have received $100,000 or more from Italians who desired to transmit it to Italy. Complainants today said it had never reached that country. The banks in both cities are closed.

Bressi holds a degree of doctor of philosophy from an Italian college. The authorities have no clew to his whereabouts.

Stockton Prepares to Entertain Locomotive Engineers of United States, Canada and Mexico.

[BY DIRECT WIRE TO THE TIMES.]

STOCKTON, Feb. 4.—[Exclusive Dispatch.] Locomotive engineers of the United States, Canada and Mexico will assemble in Stockton next month for their annual convention. Already the local committee is at work preparing for the entertainment of the visitors, who will number between 1500 and 2000. The Committee on Arrangements consists of F. E. Woodworth, chairman; J. H. Stapp and J. J. Haskins.

The Executive Committee is composed of C. F. Rafferty, secretary of the local division, and J. B. McPeek, chief engineer. The Chamber of Commerce has appointed a committee to act with the engineers. It is composed of C. D. Bass, Edward Van Vranken, Elmer Tully and W. S. Laurd.

Woodbridge N. Ferris, Governor-elect of Michigan, wore a dress suit for the first time at the recent inauguration. At the conclusion he remarked: "Next time I guess I can act as well as the waiters."

A MOTOR CAR OF DISTINCTION
Cadillac
We Are Pleased to Announce Touring Cars, Six Passenger Models and Roadsters for Delivery This Week

The pre-eminent position of the Cadillac, its recognition as America's leading motor car, its recognition as the standard by which motor cars are judged, are not matters of chance.

For ten years the Cadillac has been manufactured and marketed upon well defined principles. The adherence to those principles has been the dominant factor in Cadillac success.

The Cadillac has never aspired to ideals set by others; it makes its own ideals and raises them higher and higher.

The Cadillac has never striven after the achievements of other plants—it is a school and model unto itself.

The word "success" has always been associated with the Cadillac. The word "failure" never. The Cadillac Company has never produced a model or a type for which it was obliged to make apologies.

Proposed Amendment by Senator Root to Be Considered by Senate Committee Friday.

[BY A. P. NIGHT WIRE TO THE TIMES.]

WASHINGTON, Feb. 4.—The repeal of the Panama Canal free tolls provision, proposed in an amendment by Senator Root to the recently-passed canal administration law, is to be taken up Friday at a meeting of the Senate Committee on Interoceanic Canals. The call for the meeting was issued today by Chairman Brandegee.

Advocates of the free-toll provision for American coastwise ships are prepared to fight the proposed amendment in the committee and to prevent, if possible, its indorsement. Should the provision be favorably reported to the Senate, it is believed it will be impossible to secure final action on it during the pending session.

Signs Bill to Limit Their Charges in Capital and Also Those of Pawnbrokers.

[BY A. P. NIGHT WIRE TO THE TIMES.]

WASHINGTON, Feb. 4.—"Loan sharks," in the capital, credited with doing an enormous business among government clerks, received a blow today when President Taft signed the "loan shark" bill limiting their charges and also those of pawnbrokers, to 1 per cent. a month. Passage of the bill had been fought for years in Congress and the money-lenders appealed personally to the President to veto it.

OPPOSE CONTROL OF POWER SITES.

Western Senators Unite to Fight Dam Bill.

Turn Committee Minority Into Majority.

Seek Relief for Settlers Under Irrigation.

[BY A. P. NIGHT WIRE TO THE TIMES.]

WASHINGTON, Feb. 4.—The fight over the government's right to tax and control water powers in the various States is expected to open in the Senate tomorrow when Senator Burton will move to take up the Connecticut River Dam Bill against which the western Senators are directing a united attack.

Senator Bankhead, who heads the "minority" of the Commerce Committee, opposed to the Federal control principle, informed the Senate today that the minority now is a majority of the committee.

He will attempt to secure control of the bill in the Senate. If the opponents of Federal control fail in their efforts to amend the bill, Senator Borah will demand the adoption of an amendment relieving settlers on irrigation projects from paying for the construction of irrigation dams.

"At present settlers on irrigation projects are assessed the full cost of the dams," said Senator Borah. "If this new principle is to be adopted, they will have no control over the dams, and the power they may develop and should not be compelled to pay for them."

TAFT'S SOCIAL CLIMAX.

Reception to Army and Navy at White House Includes All Officers in Capital.

[BY A. P. NIGHT WIRE TO THE TIMES.]

WASHINGTON, Feb. 4.—The President and Mrs. Taft were hosts tonight to the army and navy at a reception which marked the climax of the Taft social regime in the White House. To their last reception, the President and Mrs. Taft had invited practically every one of the 2200 officers stationed in the capital. Senators, members of the House and civilians invited numbered nearly 1000. Hundreds of applications for tickets had been refused during the last few weeks and the majority were unusually cautious in scanning cards of admission.

The President and Mrs. Taft and members of the Cabinet, with their wives, stood in the receiving line for more than nine hours. The custom of allowing the guests to dance in the east room after the reception was adhered to and the President found time to watch the dancers before he retired.

NOMINATIONS ARE BLOCKED.

Republicans Admit Democrats Can Stop Confirmations and May Decide to Quit Fight.

[BY A. P. NIGHT WIRE TO THE TIMES.]

WASHINGTON, Feb. 4.—After another ineffectual effort today to force action on President Taft's nominations pending in the Senate, the Republicans decided to make no further move for the present. It is probable they will caucus before beginning the fight again. Some Republicans predicted that any action by caucus would be useless.

"It has been demonstrated that the Democrats can block all confirmations," said Senator Gallinger, "and many of us consider it a pure waste of time to make further attempts at confirmation. We are liable to decide to do nothing more."

Today's executive session was brief. The Democrats forced an adjournment by demanding a roll call to establish a quorum and then absenting themselves to insure a failure of a quorum. It is now considered probable that the next move for an executive session will be made by the Democrats and some believe it will result in confirmation of the army, navy, diplomatic and revenue cutter and public health service nominations.

Secretary of Commerce Sends Certified Copies of Official Venezuelan Records Against Exile.

[BY A. P. NIGHT WIRE TO THE TIMES.]

WASHINGTON, Feb. 4.—Secretary Nagel prepared today to defend his course in ordering the deportation of Cipriano Castro. Certified copies of some of the evidence upon which Castro was indicted in Venezuela for alleged connection with the killing of Gen. Paredes were forwarded to United States Attorney Wise at New York for use at the hearing on a writ of habeas corpus Friday.

The secretary's action was based on telegraph communication from Caracas to the State Department. The certified data received include, it is understood, copies of some of the official records of Venezuela, while Castro was President.

Ask Police to Explain.

(Continued from First Page.)

cide theory. They have insisted that the police make a searching investigation, and, acting upon their request, Captain of Detectives Mooney detailed detectives Wren and Harrison to conduct the investigation.

The friends point out that Mrs. Woodruff had no reason on earth to end her life; she was doing splendidly in business; she was well off financially, and had never complained of being ill in her life. She retired last night in the best of health and apparently in the best of spirits.

Mrs. Woodruff was a late riser, and when she did not appear at the breakfast hour this morning, neither the guests nor the attaches of the apartment-house were at all worried. Shortly before noon, R. Roberts, a janitor in the building, on passing her apartments detected the odor of gas. He reported the matter to Miss Ryan, the housekeeper, and together they forced an entrance into Mrs. Woodruff's room.

Mrs. Woodruff was lying dead in bed, with the bedclothing nearly covering her face.

At this time it was not learned that her wrists were cut with a razor, as there were no blood stains about the room, or on the bedclothing. The open burners on the kitchen gas range were detected by Miss Ryan, who shut off the gas, threw open all the windows and notified the police and the Coroner's office.

Detective William Minehan was the first to reach the scene. He found no blood stains, and made no investigation. After being advised of the open gas burners in the kitchen range, he returned to headquarters and reported the case as one of suicide by gas.

Nothing was learned of the razor slashes on the woman's wrist until Deputy Coroner Thomas Gavin appeared upon the scene and started his investigation. He found a blood-stained razor in a medicine closet in the bathroom. He found the blood-stained towel in the bathtub, also the towel saturated with blood which was tightly bound around the lacerations on Mrs. Woodruff's wrists. He is of the opinion that Mrs. Woodruff slashed her own wrists and then fearing the injuries she had inflicted would not cause death, bound her wounds and turned on the gas.

The dead woman has no relatives here as far as can be learned. Her people live in Los Angeles and the local police have asked the Los Angeles authorities to locate them.

It is said Robert McClure of Los Angeles is her father and that she has two brothers and two sisters there.

LOS ANGELES RELATIVES AMAZED BY THE TRAGEDY.

Inquiries made in Los Angeles last night failed to show any motive for suicide to explain the death in San Francisco of Mrs. Laura Woodruff, fashionable boarding-house keeper, recently night superintendent of the Glen Ellen sanatorium, daughter of Robert McClure, wealthy retired rancher of No. 1411 Reid street. She was the wife or widow of former Assistant Postmaster Woodruff of Lawrence, Kan., who disappeared after the burning of the postoffice there and his subsequent trial and acquittal on charges of shortages. The woman's body was found on her birthday, yesterday.

"Her husband is thought to be dead," said Miss Cora McClure, a sister, last night. "After the postoffice case was settled they separated, my sister going to St. Louis and her husband taking a position on the Denver and Rio Grande Railroad as a conductor. His sister and brother-in-law live in Salida, Colo. We do not know for certain that my sister's husband is dead, but she received round-about word to that effect. She was interested in no other man and cared only for business."

The victim came to Los Angeles from St. Louis about nine years ago, living with her father at No. 1411 Reid street here, until she went to San Francisco several years ago. Since that time she has sent to her brother, R. J. McClure, a rancher here, for large amounts of money which he had put out on short loans for her.

Mrs. J. E. Wilson of Santa Monica is a sister of the dead woman. George McClure of this city is a brother. Her father, 88 years of age and declining, probably will not be informed of the tragedy. Relatives last night consulted about the case and one member of the family probably will leave today for San Francisco.

FILM SERVICE NOT A UTILITY.

COURT REFUSES TO COMPEL A DISTRIBUTION.

Supreme Justice in New York Rules that the Dissemination of Motion Pictures Will Not Further Public Good and Declines to Interfere With Patents Company.

[BY A. P. NIGHT WIRE TO THE TIMES.]

NEW YORK, Feb. 4.—The distribution of motion-picture films is not a utility which might further the public good, therefore the Greater New York Film Rental Company cannot compel the Motion Picture Patents Company to supply it with films, Supreme Court Justice McCall so ruled today.

"In matters closely touching upon the public interest," reads his decision, "monopoly of trade to the exclusion of one whose service might further the public good may be regulated or restrained, but the subject of this action—the distribution of motion-picture films—is not within this class of public utilities."

TO CAPSIZE ANY AIRSHIP.

Apparatus to Eliminate the Aeroplane from Warfare.

[By Cable and A. P. to The Times.]

PARIS, Feb. 4.—An apparatus, which, it is said, will cause an aeroplane of any type to capsize in the air, is being investigated by Gen. Hirschauer of the flying corps of the French army. It is asserted that the apparatus, which is light and simple and can be carried in a soldier's knapsack, will provoke atmospheric disturbances sufficiently heavy to wreck any aeroplane flying lower than 9000 feet. It is thought the invention, if proved practicable, may have a serious bearing on the value of the aeroplane in war.

Spring Complete Surprise by Quietly Boarding Kronprinzessin Cecilie With Duke and Duchess de Talleyrand and Will Go on Continental Tour Until May.

[BY FEDERAL (WIRELESS) LINE TO THE TIMES.]

NEW YORK BUREAU OF THE TIMES, Feb. 4.—[Special Dispatch.] Springing a complete surprise on many of their friends, Mr. and Mrs. Finley J. Shepard, the latter the former Miss Helen Gould, drove up to the North German Lloyd docks in Hoboken today and boarded the Kronprinzessin Cecilie. They went at once to their suite and despite their efforts to slip away from America almost unnoticed, their rooms were literally banked with flowers.

MORE FLOWERS ARRIVE.

As the hour approached for sailing more and more flowers arrived, until by the time the Duke and Duchess de Tallyrand and their son, little Duke de Sagan, arrived, they had to fairly shove their way through the array of blossoms. The Duke and Duchess were fellow voyagers of the Shepards, who have been living quietly at Lyndhurst, the bride's estate at Tarrytown, since the wedding. Mrs. Shepard was radiant and smiling and willingly posed for photographers. Mr. Shepard was equally affable and gave brief outlines of their plans.

WILL LEAVE AT CHERBOURG.

"We shall leave the ship at Cherbourg," he said, "and go to Paris. Our plans include a leisurely journey to Egypt and up the Nile. In May we shall return to this country on the Berlinner."

Mrs. Shepard wore a plain blue cloth tailor-made suit and small black hat. Her husband was plainly dressed in dark blue and wore a black overcoat. None of their friends saw them off, but they were kept busy reading telegrams.

WILSON FAVORS PRIMARY CHANGE

Would Model Jersey Law After Wisconsin's.

Urges Prompt Passage of Trust Measures.

Col. Gorgas Invites Him to Visit Panama.

[BY A. P. NIGHT WIRE TO THE TIMES.]

PRINCETON (N. J.) Feb. 4.—President-elect Wilson declared himself today in favor of a radical change in the primary laws of New Jersey, to be applied not only to the nomination for United States Senator, but [illegible] Governorship as well. A bill is [illegible] prepared, he said, modeled after the Wisconsin system, which was [illegible] before its adoption by [illegible] La Follette. It would amend [illegible] present law to permit second-choice voting. A majority would be [illegible] to nominate rather than a plurality.

The President-elect had another invitation today to visit the Panama [illegible] before it is opened to navigation. Col. W. C. Gorgas, a member of [illegible] Isthmian Canal Commission, and [illegible] officer of the zone, called on [illegible] Wilson and urged him to see the [illegible]

Carnegie Measures the Value of the Harriman Pan-American Line to the Peace of the World—Only a Short Link Needed in the Construction Work to Guantanamo.

[BY A. P. NIGHT WIRE TO THE TIMES.]

WASHINGTON, Feb. 4.—The linking of the Americas by rail would be of great value as a peace propaganda among the different countries of North and South America in the opinion of Andrew Carnegie. This belief was expressed by Mr. Carnegie at a meeting here today of the Harriman-Pan-American Railway Committee, of which he is a member, when reports of the linking of the Americas by rail were read, indicating that progress is being made towards this project.

EX-SENATOR PRESIDES.

Chairman Henry Gassaway Davis, former Senator from West Virginia, presided at the meeting. Gen. George W. Davis and Charles M. Pepper also were present. In Central America, only eighteen miles of line remain to be constructed to make practicable a railway journey from New York to Guantanamo. Construction is well under way to San Miguel, Salvador. From this point to the Panama Canal, 600 miles away, a number of links have been constructed and plans for others are well advanced.

LINK IN SOUTH AMERICA.

In South America only 175 miles are still to be constructed between Buenos Ayres and Lake Titicaca, and the line has been completed from the latter point to Cusco, Peru, 2000 miles from Buenos Ayres. In Bolivia, Chile, Colombia, Peru and Ecuador progress has been made. The committee will make a full report to the next Pan-American conference which probably will be held in some South American capital during the coming year.

S. Behrend Retires

High Rents the Cause

Mr. S. Behrend, who has been identified with retail cloak and suit business in Los Angeles for the last seven-or-eight years, recently conducting in a very successful manner a garment shop at 719 South Broadway, was unable to renew his lease, which expired February 1st. He was unable to secure a Broadway location at anything like a reasonable figure, so decided to retire. We bought his stock at a mere fraction of its worth, and commencing today we will feature the Behrend stock in a special sale, offering the women of Los Angeles and vicinity some of the greatest values in coats, suits, dresses and waists ever given publicity by this or any other store in the south. The major portion of this stock is right up to the minute in point of style. The materials high-class, and the workmanship far above the average. Mr. Behrend catered to an exclusive trade, and carried a particularly fine line. Any garments that are out of date will be slaughtered most ruthlessly, as some of the prices quoted in this advertisement bear testimony.

Shirt Waists 50c

A few broken lines of women's waists in most all sizes. Included are lingeries and tailored waists of striped and white madras and flannelettes with soft collars. Waists well worth $1.00. While they last, 50c.

THOUSANDS HAVE KIDNEY TROUBLE AND DON'T KNOW IT

Weak and unhealthy kidneys are probably responsible for more sickness and suffering than any other disease, therefore, when through neglect or other causes, kidney trouble is permitted to continue, serious results are sure to follow.

Your other organs may need attention—but your kidneys most, because they do most and should have attention first.

If you feel that your kidneys are the cause of your sickness or run down condition commence taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy, because as soon as your kidneys begin to improve they will help all the other organs to health.

Prevalence of Kidney Disease.

Most people do not realize the alarming increase and remarkable prevalence of kidney disease. While kidney disorders are the most common diseases that prevail, they are almost the last recognized by patients or physicians, who usually content themselves with doctoring the effects, while the original disease constantly undermines the system.

A Trial Will Convince Anyone.

The mild and immediate effect of Swamp-Root, the great kidney, liver and bladder remedy, is soon realized. It stands the highest for its remarkable results in the most distressing cases.

Symptoms of Kidney Trouble.

Swamp-Root is not recommended for everything, but if you are obliged to pass your water frequently night and day, smarting or irritation in passing, brickdust or sediment in the urine, headache, backache, lame back, dizziness, poor digestion, sleeplessness, nervousness, heart disturbance due to bad kidney trouble, skin eruptions from bad blood, neuralgia, rheumatism, lumbago, bloating, irritability, worn-out feeling, lack of ambition, may be loss of flesh, sallow complexion, or Bright's disease may be stealing upon you, which is the worst form of kidney trouble.

Swamp-Root is Pleasant to Take.

If you are already convinced that Swamp-Root is what you need, you can purchase the regular fifty-cent and one-dollar size bottles at all drug stores.

Sample Bottle Sent Free.

SPECIAL NOTICE—To prove the wonderful merits of Swamp-Root you may have a sample bottle and a book of valuable information, both sent absolutely free by mail. The book contains many of the thousands of letters received from men and women who found Swamp-Root to be just the remedy they needed. The value and success of Swamp-Root is so well known that all readers are advised to send for a sample bottle. Address Dr. Kilmer & Co., Binghamton, N. Y., be sure to say you read this generous offer in the Los Angeles Daily Times. The genuineness of this offer is guaranteed.

POLICE TRY TO PROVE HE IS SOCIETY BURGLAR.

Sacramento Man Arrested in Philadelphia Back Yard Explains that He Was Calling on the Servant Girls—Charged With Looting a Dozen Homes.

[BY DIRECT WIRE TO THE TIMES.]

PHILADELPHIA, Feb. 4.—[Exclusive Dispatch.] Tall, good-looking and well-dressed, describing himself as Rock P. Valley, a man 36 years old, of Sacramento, Cal., is in the county prison today, while the police are trying to prove that he is the "society burglar" who looted a dozen houses in West Philadelphia recently and got thousands of dollars worth of jewelry.

Valley was arrested in the back yard of Dr. M. B. Wight. A heavy "jimmy" in close-fitting sections was found in a side pocket of his neat business suit. Valley was arrested by Special Policemen McDowell and Baker. The recent robberies in West Philadelphia have made the police suspicious of men hiding in dark places and alleys.

"What was it you said you were doing in that yard?" one of the detectives demanded, running his hand over Valley's form for possible weapons.

"I was calling on one of the servant girls."

The detective summoned the girls and both proved to be colored.

"I'm not saying anything," said Valley.

Magistrate Harris held Valley in $2000 bail for a further hearing next Tuesday.

NEW YORK'S BIG SUBWAY PLANS ARE TIED UP.

Advocates of Municipal Ownership Prevent Consummation of Contract Which Would Enable Operation of All Underground Lines as One and Give Free Transfers.

[BY A. P. NIGHT WIRE TO THE TIMES.]

NEW YORK, Feb. 4.—Thirty minutes before the Public Service Commission was to have met this afternoon to sign the operating contracts for New York's new $300,000,000 subway, an injunction was served, prohibiting the commission from taking action. The action was obtained by Clarence J. Shearn, counsel for William Randolph Hearst, who has been fighting for a municipal operating plant.

George S. Coleman, attorney for the Public Service Commission, later applied to the Appellate Division of the Supreme Court for an order to vacate the injunction, which was refused.

The injunction was obtained on the petition of John J. Hopper, formerly candidate for Governor of New York on the Independence League ticket. It is returnable February 24. By that time the opponents of the present plan hope that the composition of the Public Service Commission will be changed and that Supreme Court Justice McCall will have taken the place of Chairman Willcox, who they believe favors the contracts in their present form.

BENEFIT TO BROOKLYN.

Under the proposed contracts the Interborough Rapid Transit Company, the Brooklyn Rapid Transit Company and the New York Municipal Railway Company agree to divide the cost of construction with the city and to equip the new lines in return for the privilege of operating them for forty-eight years. In 1965 all subway lines are to become the property of the city.

One advantage of the plan, according to its advocates, is that it would enable all the city's subway lines to be operated as one with a 5-cent fare and free transfers.

RETURN ON INVESTMENT.

Its opponents argue that the plan fails to give the city its due share of the profits of subway transportation. In return for the investment of $80,000,000 in the new subways, the Interborough is to receive $6,335,000 a year, representing its annual profits on the lines now under operation and 6 per cent. to cover interest and sinking fund on the bonds it will have to issue for its share of the new construction and equipment. If any surplus remains, the city also is to receive interest and sinking fund on its investment. Any residue is to be divided equally between the city and the operating company.

Holladay was taken directly Emergency Hospital. Dr. W. reported she had suf lacerated wound of the scalp left eye about three inches, a lacerated wound of the the left side of the head shorter, a contusion of the shoulder and possible inter injuries." stitches were taken in her head, after which Mrs. Holladay was taken to her home in La Fayette Square.

"I am all times a careful driver," Holladay declared at his home after the accident, "and I was particularly careful today with my wife and daughter in the car.

"We had just come from the dentist, and were on our way to a private school in Pierce street, where my daughter, Miss Helen, is a pupil, to attend a programme of exercise in which she had a part.

TRAVELING SLOWLY.

"I was going north up the grade at Broderick. I was traveling no faster than I do ordinarily when, as we neared Sacramento, and before I saw it, I heard the noise of the street car coming down the hill around the corner from us.

"Then I saw the car. I don't know whether the gong was ringing or not, but that car was coming at us like an express train. I swerved as sharply as I could, turning east and going in the same direction that the car was going.

"But I could not clear the track and then, in a flash it was on us."

Mrs. Holladay is one of the most prominent figures in San Francisco society. She a is sister of H. E. Huntington, and an aunt of Mrs. J. D. Spreckels. As vice-president and a leading member of the Woman's Auxiliary of the Society of California Pioneers, Mrs. Holladay was to have taken a prominent part tonight in the reception to the auxiliary gave at Pioneers' Hall.

On the premises was found a short length of pipe, fashioned at each end just as Farrell said he made them.

A connection between the Taylor and Rosalsky cases was suspected partly through the fact that the addresses on the two packages were made apparently by the same typewriter. Commissioner Dougherty said tonight that Farrell in his confession told of buying a second-hand typewriter. Farrell made use of this machine when he sent the bombs early last year, he said.

Farrell will be arraigned before a Coroner tomorrow charged with homicide.

Put Beach on Trial.

(Continued from First Page.)

ter entered into the work that lay before him today and, seeming to gain confidence as he progressed, has brought about a decided modification, if not a complete reversal, of sentiment as to the outcome of the trial.

DRAMATIC MOMENT.

The most dramatic moment of the day was just before adjournment when Sheriff Howard who last year was Chief of the Aiken police, was asked by the prosecutor if when he examined Mr. and Mrs. Beach after the attack, Col. Henderson was not "already there and had taken charge of things." Howard replied: "Yes, after Col. Henderson was employed in the case by Beach he completely ruined everything and I simply gave up trying to find out anything because I saw it was no use."

Col. Henderson was on his feet in a moment, the fire of anger in his eyes, and turning to Mr. Gunter, he cried out: "That's impertinent and improper, sir."

"No, it's not impertinent nor improper," retorted Gunter, "it's the truth."

"You say," thundered Col. Henderson, "that I conducted the investigations to suit myself?"

"I did not say that," flashed back Gunter, "but if I had said it, I would stick to it."

MILLIONAIRE WITNESSES.

The only members of the cottage colony seen in the courtroom today were Mrs. C. Oliver Iselin, Mr. and Mrs. Joseph Harriman, Mr. and Mrs. Hardy B. Hollins, Jr., of New York; J. B. Lyons, of Allegheny, Pa.

Mrs. Beach came in smiling and Mr. Beach had a cordial greeting for those in the crowd he knew.

Mrs. Beach was calm, apparently undisturbed and certainly not ill at ease. During the day she took notes on the evidence against her husband. Beach appeared to be in good spirits. From time to time he spoke to his wife or Miss Hollins or some one behind him. Exactly twenty-two minutes were consumed in securing a jury.

HEARD SCREAMS.

Dr. Hastings Wyman, Sr., testified that after hearing the screams at the Beach cottage he ran out of his house, followed by his son, and toward the Beach home. Just in front of the house he said he heard Beach's voice asking us to come in, that his wife had been stabbed.

Dr. Wyman described the wound which he said was made with a sharp instrument, "an ordinary pocket-knife."

Mrs. Beach's clothing, he said, was very bloody. Beach was in a red smoking jacket and he noticed that there was blood on his chin and on the right side of his face.

In reply to a question, Dr. Wyman said he saw no resentment in the attitude of Beach toward his wife; that in telling of what had happened she made no charge.

"His treatment of her was what might have been expected of any man under the circumstances," he said.

SON TESTIFIES.

Dr. Wyman, Jr., after corroborating his father's testimony, said that directly after the door slammed he heard a loud banging on the door, of the Beach room and a man crying "this is Beach. Let me in." He was asked by the prosecutor, "Would a man have time in the length of time between the time you heard the screaming and the time you heard the voice demanding admission to run up stairs for his pistol, run down again out of the house and into the streets in search of the assailant?"

The defense objected and was sustained.

"Did you ask Beach why he was outside knocking on the door?"

"I didn't ask him until the next day. He said he picked up his wife and carried her indoors and then ran upstairs, got his pistol, came down again and went out to chase the negro."

Don't Say You Can't Eat

You'll Never Have Stomach Trouble After You Read This and Act on It. Stuart's Dyspepsia Tablets Are the Open Secret.

Thousands of people who hadn't really enjoyed a meal for years have given their stomach a new lease of life through the wonder-workers, Stuart's Dyspepsia Tablets. They promptly put an end to flatulency, heartburn, dizziness, sick headache, dyspepsia, burning sensation, brash, fermentation and the other ills attendant upon a disordered stomach.

The Stomach Sends a Message to the Brain the Instant There is Trouble.

In this day and age of known facts, there is absolutely no excuse for anyone to suffer with stomach trouble, indigestion, sour risings, catarrh of the stomach, gas formations, etc.

Stuart's Dyspepsia Tablets are composed of known and approved digestants that help out the gastric juices of the stomach. They are Nature's digestives, the same kind the stomach uses when it is in good health.

Stuart's Dyspepsia Tablets do not merely aid digestion—they actually digest the food themselves. All the hard work is thus taken off the stomach and it gets a chance to rest and recuperate. The undigested food which formerly produced nauseating gases in the stomach becomes thoroughly digested and as a result provides new brain and brawn and nerve cells to replace natural waste always going on.

Stuart's Dyspepsia Tablets act quickly, safely and naturally, just like Nature herself. They are a familiar and standard part of the stock of every properly equipped drug store and are sold at 50c a box.

Those who once try Stuart's Dyspepsia Tablets are never at a loss to know how to overcome any form of indigestion or stomach trouble.

MINING—

FOR SALE—

In the noted Parral mining district of Mexico are three adjoining claims which have been partially developed by some business men of this city.

These claims are between, and only a few feet distant from, the famous Palmilla mine, from which Alvarado took many millions in gold and the Refugio mine for which a Mexican city bank paid $2,500,000, and are on the same formation.

An electric power line crosses the property, which is close to the railway and near the city of Parral.

It is estimated that it will take between $10,000 and $12,000 to reach rich ore bodies similar to those in the adjacent mines.

The present owners are unable to go ahead with the work and wish to sell their property.

Ample opportunity will be given for examination and perfect titles will be furnished.

Responsible parties only dealt with and preferably such as are familiar with mines.

FOR SALE— City Lots and Lands.

FOR SALE— ARLINGTON HEIGHTS TERRACE.

The place of so many magnificent homes.
The place that's growing so fast now and will grow until completely built up.
THERE ARE REASONS WHY It's so Popular.
It's Restricted. Has commanding mountain view.
Unequaled car service now and subway project to look forward to.
Conveniences of city, gas, electricity, phones and water.
Street improvements completed and paid for.
Values advance steadily where improvements are made, continued and assured for the future.
Located between Pico street and Washington Boulevard, the two great Boulevards to Venice and but a short distance west of Crenshaw Boulevard.
16th St., Venice and Redondo Short Line cars on the north side of tract, and Washington street, "Rimpau Ave." cars furnish [illegible]-minute service direct to our tract office.

BUY NOW FOR PROFIT, AT PRESENT PRICES!

Large Lots $[illegible] and $[illegible].
A few higher in price of course.

Easy Terms If Desired.
Inducements for building.

An unusual investment opportunity that will surely double and treble in value much faster than higher priced lots, costing two to ten times our prices, don't you think? Stands to reason, that where there's hundreds of people who can buy a lot under a $[illegible], where there's ten can buy the higher priced property, you have just that much better opportunity in reselling at a profit the lower priced lot.

A small investment made right now in this tract will return big profits to you. Acreage in the vicinity has recently sold at a much higher price than our lot prices figure in acreage, not to mention our completed street work and over [illegible] homes now building or completed on this tract. Present prices will soon be a lost opportunity for you unless you get busy.

Take "Rimpau Ave." Washington St. car direct to end of line, our Tract Agent's Office is right there; or we'll be glad to have you call and see us in our new office, (on the third floor of the I. N. Van Nuys Building, entrance on 7th St.) and we will go with you and show you the property. IT'S THE ONE BEST LOT BUY TODAY. LET US SHOW YOU.

FOR SALE—
THIS IS NOT GOVERNMENT LAND, BUT IS FAR BETTER, AND YOU GET IMMEDIATE DEED AND THE LAND WILL COST YOU NOTHING IF YOU ARE THE MAN I AM LOOKING FOR.
I own [illegible] acres of rich silt bottom land on the Gila River, two miles from station, on main line of the Southern Pacific Railway, fifty miles east of Yuma, Ariz., which I propose to subdivide and sell to actual settlers in forty-acre tracts. Water for irrigation is found in abundance at a lift of fifteen to twenty feet. Now, in order to secure quick settlement I will give FORTY ACRES OF THIS LAND ABSOLUTELY FREE to each of the first four men who are real farmers and will contract to build houses, pay their portion of pumping plant and put their forties under immediate cultivation. I will render all assistance possible to these men. I want good neighbors and a few small demonstration farms to prove the value of this wonderfully fertile land. If this interests you call at once on the owner, COLE SAUNDERS, room [illegible], Hollenbeck Hotel, Los Angeles, Cal.

FOR SALE—
I CAN DELIVER 160 ACRES OF LAND IN THE WEED PATCH, KERN COUNTY, 5 MILES FROM THE RAILROAD AND ADJOINING THE TEJON RANCHO, WHICH IS TO BE SUBDIVIDED AND IMPROVED BY SOUTHERN CALIFORNIA CAPITALISTS. I CAN OFFER THIS LAND FOR A SHORT TIME AT $40 PER ACRE, ONE-HALF CASH, BALANCE TO SUIT PURCHASER. THIS LAND IS $20 UNDER THE MARKET, BUT THE OWNER IS COMPELLED TO SELL, AS HE MUST HAVE THE MONEY. THIS IS YOUR OPPORTUNITY.

PALO VERDE—

FOR SALE—
PALO VERDE VALLEY LANDS.

Richest soil in the world.

Gravity water from the Colorado River; pure underground domestic water.

Alfalfa, eight cuttings, ten to twelve tons per year.

Dairying, hogs, cattle, poultry.

Cotton, 1½ to 2 bales to the acre.

Barley, [illegible] tons of hay or 1 ton of grain per acre.

We have for sale lands in the Palo Verde Valley unsurpassed for productive richness, with water rights in a mutual water company operating gravity system from the Colorado River. Prices the lowest in California, and at the same time, the best soil and cheapest and most abundant water supply. Raw land, including permanent water stock and water delivered to land, $30 to $60 per acre, in tracts of 40 to 80 acres. Special price for larger tracts of 320 to 1000 acres.

We are subdividing about one thousand acres of improved land into small farms on easy terms, taking a proportion of the crops in payment. Look this up.

See the land in this valley before buying—at least come in and get information.

That property lying between 7th and 26th streets and Montana and Nevada avenues, Santa Monica, better known as the Palisades district, probably has no better natural conditions for homes in the world. Lying high and level, with a gentle slope toward the ocean, it commands a magnificent view of the surrounding country, the ocean, the mountains and the plains; the climate is unexcelled, being 10 degrees cooler in summer and 10 degrees warmer in winter than in Los Angeles, making ideal home conditions. I have 100 very choice residence lots within this district which I will sell on exceptional terms; I will take as partial payment any good property here or in the Eastern States. This will permit you to make some money on your investment. I will take you to the property in our auto at any time. This is a rare opportunity. Let me hear from you.

BUSINESS INVESTMENTS—

WANTED—FROM $5000 TO $20,000.

We have formed a close corporation to take title to and subdivide about 5000 acres of Southern California land, on the railroad, with an abundance of water. In fact, F. C. Finkle, the well-known engineer, says that with our present pumping plants and the water we can develop on our own land we will have about 10,000 miner's inches.

In order to combine our capital to secure this property we ask you to join us in this purchase and we will accept a few subscriptions in amounts of $2500, $5000 and $10,000.

This company is paying only $22.50 per acre, which includes the above quantity of water, and these lands when subdivided will retail at from $125 to $150 per acre, with water, or from four to six times the original cost.

This body of land is practically level, with absolutely no waste, and according to Prof. Stabler, U.S.C. chemist, the soil is excellent for alfalfa, apples, pears and other deciduous fruits.

IMPORTANT FACTS.

There are several important features to be taken into consideration for a profit-making acreage subdivision.

First. Soil. Ours is excellent, according to Prof. Stabler.

Second. Water Conditions. Mr. Finkle reports we have 10,000 inches.

Third. Location. This land is in Southern California.

Fourth. Railroad facilities. We have over 5 miles of railroad frontage and two stations on the property.

Fifth. Original Cost of Property. Only $22.50 per acre.

Sixth. Retail Values. Our land will sell readily in small tracts from $125 to $150 per acre, with water.

We have a complete report from F. C. Finkle, maps, photographs, chemical analysis by Mr. Stabler, and we would be pleased to have you call and get full details.

Our standing, ability and practical knowledge for handling such land propositions is well known, and can be ascertained by making a few inquiries.

BUSINESS INVESTMENTS—

WANTED—FROM $5000 TO $20,000.

We have formed a close corporation to take title to and subdivide about 8000 acres of Southern California land, on the railroad, with an abundance of water. In fact, F. C. Finkle, the well-known engineer, says that with our present pumping plants and the water we can develop on our own land we will have about 10,000 miner's inches.

In order to combine our capital to secure this property we ask you to join us in this purchase and we will accept a few subscriptions in amounts of $2500, $5000 and $10,000.

This company is paying only $22.50 per acre, which includes the above quantity of water, and these lands when subdivided will retail at from $125 to $250 per acre, with water, or from four to six times the original cost.

This body of land is practically level, with absolutely no waste, and according to Prof. Stabler, U.S.C. chemist, the soil is excellent for alfalfa, apples, pears and other deciduous fruits.

IMPORTANT FACTS.

There are several important features to be taken into consideration for a profit-making acreage subdivision.

First. Soil. Ours is excellent, according to Prof. Stabler.

Second. Water Conditions. Mr. Finkle reports we have 10,000 inches.

Third. Location. This land is in Southern California.

Fourth. Railroad facilities. We have over 5 miles of railroad frontage and two stations on the property.

Fifth. Original Cost of Property. Only $22.50 per acre.

Sixth. Retail Values. Our land will sell readily in small tracts from $125 to $250 per acre, with water.

We have a complete report from F. C. Finkle, maps, photographs, chemical analysis by Mr. Stabler, and we would be pleased to have you call and get full details.

Our standing, ability and practical knowledge for handling such land propositions is well known, and can be ascertained by making a few inquiries.

BUREAU OF INFORMATION.
Times Branch Office, No. 619 South Spring street.

NEWS IN BRIEF.

Talk on Money Trust.

Arthur E. Stilwell, banker, author and railroad builder, will speak on "Cannibals of Finance" at a meeting of the Knickerbocker Club tomorrow evening. He will discuss matters touched upon by the Pujo Investigating Committee.

Near Trip.

Thirty-five persons have already made reservations for the Chamber of Commerce's second excursion to Panama, leaving here March 1. It is hoped that fifty will make reservation by Saturday when the list is closed.

Farewell Dinner.

Friends of A. W. Mortensen, retiring traffic manager for the California Fruit Growers' Exchange, will give a dinner in his honor at the Los Angeles Athletic Club at 1 o'clock today. Mortensen will leave for San Francisco tonight to become director of traffic for the Panama-Pacific Exposition.

Greenhouse Construction.

The Los Angeles County Horticultural Society entered into a general discussion of greenhouse construction last night. George M. Garland of Illinois, head of a greenhouse building company, was the principal speaker. He told of the development of the plant-growing industry, under glass, from its beginning to the present day.

Commencement Exercises.

The senior class of the Manual Arts High School has completed arrangements for the first commencement exercises of that institution, which will be held at 8 o'clock tomorrow evening, in the school auditorium. Those of Polytechnic High will be held at the same time at Temple Auditorium.

Newport Harbor Lines.

A final public hearing will be held at the United States Engineer's office in the Central building, at 10:30 o'clock, next Monday morning, to consider the location of the proposed harbor lines at Newport. Maps showing tentative harbor lines have been prepared and are now on exhibition at that office.

Y.M.C.A. Entertainment.

The boys' division of the Y.M.C.A. will give the first of a series of entertainments in the Y.M.C.A. auditorium next Friday evening. The principal numbers on the programme will be contributed by Margaret McKee, "queen of the whistlers;" Josa Madelon Quinn, reader and impersonator; Claire Connors, singer, and Leah McKee, monologist.

Harbor Investigators' Meeting.

The final meeting of the Harbor Investigating Committee has been called for 1:30 o'clock Friday afternoon in the Chamber of Commerce building. At this time it is expected that Thomas Gibbon, Special Attorney Hewitt, and other well-informed harbor experts, will testify and the investigators' formal report to the Committee of One Thousand authorized. The larger committee will be convened, it is said, at an early day to consider charter revision, harbor, and other important reports which may be ready for submission.

DRAWING THE LINES.

President of Occidental College Announces a Number of Students Dropped on Account of Failure.

Occidental College opened yesterday for its second semester with an assembly. President Baer made the opening address, his subject being "Perseverance." The student enrollment will be less than last semester for several reasons. Ill health claims several, circumstances make it necessary for several others to give up, and the larger number have been dropped because of failure in scholarship. President Baer gave utterance to his regret in not permitting some to register for the new semester and made it plain that none were being dropped for other reasons than failure to maintain standard work. After chapel he said: "Occidental means to give a standard college education and has instructors competent to do it. It is not pleasant for me to drop students, but if our standard is to be safeguarded, we must rigidly ahere to it and its requirments. After all, you know, all other opinions to the contrary, a college primarily is a place where students are expected to do certain required work; failing to do it, they separate themselves from the college. Our watchword is quality first, then quantity."

AGED HEIRESS, SICK, STOLEN.

Octogenarian Is Kidnaped from Nurse and Bed.

Court Issues a Summons for Her Son-in-Law.

Probate of Daughter's Will Is Protested.

Bodily carried from a sick bed despite protests of her nurse, Mrs. Margaret Rayner, aged 82 years, one of the heiresses to the Hubbs estate, San Francisco, helpless from paralysis, is declared the victim of a remarkable abduction case.

Coincidentally, facts come to light in connection with a legal battle for $100,000, and a court summons is in the hands of officers who are seeking the aged woman's son-in-law, Charles J. Genshlea, widower, who is ordered to produce the missing woman before Acting Presiding Judge McCormick this morning.

A will purporting to have been made by the late Mrs. Helen May Genshlea, daughter of the abduction victim and wife of the sought son-in-law, will come before the court for probate today. In the document $100,000—deeded in trust to the daughter by the mother—is bequeathed to Genshlea, it is declared.

The daughter died the 7th. The will is understood to be unsigned. The victim of the kidnaping is protesting Genshlea's plea for probate. Attorney Frank Herald, counsel for the missing woman and the man who makes the statements in the case, said last night that even though the will is unsigned, Mrs. Rayner's presence in court to protest the probate is necessary.

Summons for Genshlea was issued following Mrs. J. W. Scott's petition for a writ of habeas corpus. She is the nurse.

Driving to the nurse's home at No. 153 East Avenue Twenty-one in an automobile, two men entered the Scott residence and invited the aged woman for a ride. She asked if her nurse could accompany her and was told that she could not. Mrs. Rayner demurred. One of the men lifted her bodily in her blanket and carried her from the house to the machine, despite protests of the nurse, according to Attorney Herald.

Efforts to locate either Genshlea or his attorney last night failed.

Mrs. Helen Genshlea, the only daughter of the aged woman, had been divorced from Genshlea but remarried him here six months ago after she and her mother came to Los Angeles from San Francisco.

Feeble and failing, the mother recently deeded her fortune to the daughter, but Mrs. Genshlea preceded the older woman to the grave.

AT EIGHTH AND OLIVE.

Fireproof Building of Seven or More Stories to Go Up at That Corner as Result of Lease.

The erection of a fireproof building of seven or more stories in height at the southeast corner of Eighth and Olive streets is assured as the result of a ninety-nine-year lease concluded yesterday between Frank A. Bouelle, owner and lessor, and Shirley C. Ward as lessee. The deal was negotiated through the agency of A. C. Morris, with the Wright-Callender-Andrews Company, and involves a reported total rental consideration of $1,568,000.

The site leased fronts fifty-five feet on Olive street by 169 feet on Eighth street and is at present improved with buildings of only nominal value. Under the terms of the contract entered into with the owner Ward binds himself to build on the lot a building of not less than seven stories in height and costing not less than $150,000. This improvement will be started in about a year, at the time of the expiration of the sub-leases now in force on the property.

FORTUNE IN CHEWING GUM.

That's What It Takes to Keep This New Cure for Infantile Paralysis in Good Working Order.

Avaunt, shades of massage, electricity, and other terrors, conjured up to cure the dread infantile paralysis! Here entereth the reviled pepsin gum, a shield and a buckler in time of need.

That's what Mrs. John Stevens thinks, out on West Forty-ninth street. One of her four children, 3-year-old Virginia, suffered a stroke of infantile paralysis lately, and the ailment left one side of her face a trifle flaccid.

Mrs. Stevens was advised that massage and electricity were the proper thing, but that systematic exercise would do. She hit upon the expedient of giving Virginia gum to chew, wads of it. Virginia insists that the gum shall be fresh. Her mother has learned about five packages a day will keep her satisfied with the sweety taste, and that she gets enough exercise to bring the slack muscles into tone in no time.

ENTERTAINS OLD GUARD.

Los Angeles Gas and Electric Corporation Gives Dinner to Men Over Ten Years in Service.

A cosmopolitan affair was the dinner given last night at the Los Angeles Athletic Club by the Los Angeles Gas and Electric Corporation. The guests were sixty-five men—"The Old Guard"—in the service of the corporation over ten years—a number of them much longer. President Cline presided and the toastmaster was J. B. Ginther, forman of the street main gang, who introduced as speaker of the evening, ex-Judge W. A. Cheney, chief counsel for the corporation. The principal after-dinner diversion was furnished by a motion picture show that created hilarity. As a souvenir each man was presented with a handsome gold pin, in the form of a Greek torch.

Mrs. Cressa Mitchelltree,

Pretty Los Angeles divorcee, who is now asking the court to rid her of a part of her name. She wants the "tree" chopped off.

NO "TREE" FOR HER.

Woman Doesn't Want It On End of Her Name and Asks Court to Cut It Off.

Mrs. Cressa Mitchelltree, a prepossessing divorcee, living at No. 135½ South Olive street, through her attorneys filed a petition in the Superior Court yesterday asking that her name be changed to Mitchell. The young woman secured a divorce from her husband, Scott Mitchelltree, in 1908, and during her residence of four years in Los Angeles she has been known as Mrs. Mitchell.

As Cressa May Stonehocker, the young woman, being of German extraction, took no exceptions to her maiden name. True, it was not a name she said that one would choose voluntarily, but she did not worry about it greatly until Mitchelltree put in an appearance. In due course of time she became Mrs. Cressa May Stonehocker Mitchelltree, despite the fact that many of her friends argued with her over the question of whether she was improving the name she must carry through life.

Mrs. Mitchelltree, speaking last night of the petition to have her name changed, said she desired the "tree" chopped off in order that she might not be hampered with the surplusage. Another and more serious reason, she said, was that she did not desire her ex-husband to become cognisant of her whereabouts and thought he would not recognise her as Mitchell.

EX-SENATOR CLARK SICK.

Suffering from a Heavy Cold, He Is Rushed to Son's Home on Arrival in the City.

Suffering from a heavy cold and barely able to speak above a whisper, ex-Senator Clark, mining magnate and railroad builder, stepped from his private car at the Santa Fe Station yesterday, and, after greeting his son, W. A. Clark, Jr., and brother, J. Ross Clark, hurried to the automobile which was to rush him to the home of his son, No. 2305 West Adams street.

"Absolutely nothing to say," was Clark's reply to questioners. "The Salt Lake? You'll have to ask my brother about it, for he is the railroad man of our family. Business? Business is always good and we are just as prosperous today as we ever were, and we will keep right on being prosperous. The man makes his opportunity and there are always men."

When asked point blank if the Union Pacific-Southern Pacific dissolution will affect the Salt Lake, the ex-Senator replied that the Salt Lake is a separate road and could scarcely be affected.

In spite of his years, Clark is just as spry and as bright of eye as ever and talks in the same old explosive way. His cold, however, which he contracted at Jerome, where he was looking after his mining interests, dictated his retirement early last night.

The former Senator is here for the dedication tomorrow of the Mary Andrew Clark Memorial Home built by the multi-millionaire as a memorial to his mother.

DINNER BREAKS A THUMB.

Woman Orders One of the Largest Meals Ever Served in a Local Cafeteria and it Slips.

One of the largest meals ever ordered in a local cafeteria was collected in one of the Hill-street establishments yesterday, and it broke a waiter's thumb to serve it. Mrs. Maria Thompson ordered the meal.

She was very hungry, she said; and after a long train ride, went to the Hill-street eating place for a meal. So many dishes appealed to her that she piled her tray so high she was unable to lift it. Ray Fuller, No. 507 Walnut street, Santa Ana, one of the waiters, was summoned to carry Mrs. Thompson's tray to a table.

He held it aloft on the tops of his fingers, in the best waiting style, and started for a table. Midway the tray began to slip, swayed over on his thumb, and his thumb broke. The dinner went on the floor and the waiter went to the Receiving Hospital. The manager of the cafeteria said the dinner was the largest he had ever known to be ordered.

NO MORE JOINT OFFICES.

Official notification of the abolishment of all joint Union Pacific-Southern Pacific offices in the East has been received here by Southern Pacific officials over the signatures of Freight Traffic Manager Luce and Passenger Traffic Manager Fee, countersigned by Vice-President McCormick. With the exceptions of Cincinnati, St. Louis and Kansas City, where C. M. Evans, George B. Hild and A. G. Little, respectively, are appointed general agents, the eastern office heads remain the same as before the dissolution, the Southern Pacific men simply moving from the old offices to new, the Union Pacific retaining the old quarters under leasing clauses.

DARROW BAITED IN OPEN COURT.

"Briber!" Franklin Flings at Him from Stand.

Lawyer-Defendant and His ex-Employee Clash.

Mrs. Bain All but Faints as She Tells of Deal.

The direct accusation of bribery was flung at Clarence Darrow from the witness stand yesterday by Bert H. Franklin, former confidential employee of the chief counsel for the McNamaras, who is now on trial on that charge in Judge Conley's court.

In marked contrast to the dragging out of the first Darrow trial, when Franklin was on the stand for nearly a week, the direct examination of the alleged go-between was begun and finished yesterday, and he was under cross-examination at adjournment. This was accomplished in addition to the examination of Mrs. Dora Bain, wife of the juror whom Darrow is alleged to have bribed.

Franklin indulged in several altercations with Darrow while his former employer was cross-examining him. The lawyer-defendant repeatedly asked the court to make the witness respond directly to his queries. Some of the questions asked by Darrow appeared to strengthen the prosecution's side of the case.

At one time Darrow was asking Franklin a series of questions relating to his visit to the Bains.

"What did you go there for?" finally asked the defendant.

"To bribe Robert F. Bain, at your request," came the answer of the witness.

Darrow looked exasperated and asked Judge Conley to strike the answer from the record. The motion was denied.

FRANKLIN UNSHAKEN.

Owing to the continued illness of Earl Rogers, who was depended on by the defense to do the cross-examining, Darrow and Former Judge Powers assumed this part of the defense legal work. Powers gave Mrs. Bain a comparatively short examination, but Darrow bent his best efforts to discredit his former confidential detective. In the judgment of the attorneys for the State Franklin's testimony was unshaken.

Asst. Dist.-Atty. Ford declined to say yesterday afternoon whether the prosecution would try to open the doors to testimony relating to other alleged criminal acts of the defendant or hold the evidence to circumstances surrounding the supp[illegible]ery of Robert F. Bain.

Mrs. Bain became much agitated during her testimony relating to her efforts to make her husband agree to accept bribe money in consideration of his assumed promise to stand out for an acquittal of J. B. McNamara. As she narrated the means used to undermine the honesty of her husband she appeared on the point of fainting.

The courtroom was filled, but the largest crowd stood patiently all day in the corridor, hoping in vain that some way would be opened whereby they could gain entrance to the scene of the trial.

ROGERS OUT OF IT?

The defense counsel appeared reticent about the condition of Rogers. No one connected with his office could be induced to give out any information. It was reported by court attaches that the chief counsel for Darrow has been in a sanatorium since last Friday night. He is said to be recovering, but if he appears in the courtroom it will be against his doctor's orders.

Darrow did not ask for an adjournment yesterday morning. He made a brief statement to Judge Conley, in which he said he would get along as best he could with the aid of Former Judge Powers and Attorney Geisler. The defendant intimated that if Rogers is unable to return to the case another lawyer may be secured. Overtures have been made to H. H. Appel, who was in the first trial, so one of the counsel stated. LeCompte Davis is probably disqualified from acting as an attorney, owing to the fact that he is an important witness for the defendant.

The first witness yesterday was Mrs. Dora Bain, wife of a permanent juror in the McNamara case, who has admitted he accepted $400 on account on consideration that he vote to acquit J. B. McNamara, who later pleaded guilty to a charge of murdering twenty employees of The Times by exploding a dynamite bomb in the newspaper building.

Mrs. Bain was clad in a tight-fitting gray dress and wore a handsome hat. She appeared in strong contrast to her old husband, who was on the witness stand dressed in working clothes. Mrs. Bain showed, however, that her love for her husband is deep. She referred to their many years of happy married life and exclaimed: "When Franklin talked to me about Bob getting old I replied that when he is too old to work I will wear my fingers to the bone for him."

MRS. BAIN'S TESTIMONY.

A series of preliminary questions by Former Judge Gray, special prosecutor, led up to the afternoon of October 6, 1911, when Bert H. Franklin, detective for the McNamara defense counsel, called upon Mrs. Bain.

Franklin told her he wished to see her husband on important business. Mrs. Bain said she gave the directions for reaching the place where her husband was at work. However, as Franklin insisted upon seeing her she admitted him.

"I think we first talked about a newspaper contest I was interested in," said Mrs. Bain. "I was getting subscriptions so that an unfortunate young woman could get a prize. Mr. Franklin seemed interested and offered to take a year's subscription. He opened his pocketbook. I could see it was filled with bills. He asked me if I could change a $500 or $100 bill, I forget which. I told him I hadn't seen so much money at one time since I was cashier in a store. He finally managed to count out $9 for me. I gave a receipt and thanked him."

"Mr. Franklin asked me how much

Home-Party Romance.

NEXT MONTH TOO LONG FOR LOVERS TO WAIT.

Mrs. Arthur F. Wells,

Formerly Mrs. Harriet Shaw, a probation officer under Judge Wilbur. She was married here last night to a wealthy construction engineer of Chicago, the date being set ahead as a surprise for their friends.

THEY met at a house party—Mrs. Harriett Shaw, a charming woman, filled with human sympathies, alive to all things in nature, widely read, and Arthur F. Wells, a tall upstanding man, lover of the woods and fields. These were the two concerned in the meeting, which took place last fall.

It culminated last night when Mrs. Shaw became Mrs. Wells at the St. Vincent's rectory, Dr. Glass conducting the ceremony before Miss Orfa Jean Shontz, a young woman attorney of this city who wanted to be sure that the knot was properly adjusted, and Judge Wilbur, a warm friend of the bride, who was best man.

The wedding was simple, with none of the big frills that had been intended for the original date, March 19, but which proved to be too long a time to wait. After the marriage the chosen few were whirled to the Alexandria from the Young Apartments, where Mrs. Shaw has been making her home for several months, and a wedding dinner was served. The bride and groom then managed to slip away in time to catch a train for the Grand Canyon, where they will remain a few weeks before returning to occupy a country home at Monte Vista.

Mrs. Shaw came to Los Angeles about six years ago with her husband, Frank M. Shaw, well known in mining circles, who died in 1910. Left to her own resources she took up the work of reforming young girls and women whose feet had carried them into forbidden ways. She became associated with the Juvenile Court work and was appointed probation officer under Judge Wilbur. In this capacity for nearly two years she has come in daily contact with erring girls.

Far from being a sentimentalist, but strong in human sympathy, she helped bring about the complete reformation of numbers of her charges and in this work she will continue on her return.

Wells is the eldest son of Addison E. Wells, founder of the Wells Brothers Construction Company, one of the large engineering and construction companies of Chicago, New York and other eastern cities where offices are maintained. He has acquired considerable property in Southern California since coming here with his parents when he was scarcely more than a boy.

On Fifth Street.

VIADUCT OR A SUBWAY TO CROSS THE ESPEE?

ASSERTING that the growing industrial district east of the Southern Pacific tracks, as well as all Boyle Heights, demands the opening of Fifth street from Central avenue to Alameda street by either a viaduct or subway, the Merchants' Ice and Cold Storage Company, the F. O. Engstrum Company, the Union Iron Works, the California Industrial Company, the Pioneer Boiler and Machine Works, the Union Tool Company, and other concerns and property owners in the so-called "segregated district" between Third and Sixth streets, are preparing to make a fight to have one or the other means of relief recognized as an integral part of the Southern Pacific's station project.

"Judge McKinley promised the City Council two years ago that provisions for foot passengers would be made in connection with the permanent closing of Fifth street by the Southern Pacific's new station," stated President Calkins of the Merchants' Ice and Cold Storage Company, yesterday. "We want the foot passengers provided for, but we also want some arrangements made whereby our wagons and trucks can be handled via Fifth street. At present there are seven tracks across Fourth street and six across Sixth street, and they are blocked more or less all day."

"We will form a special assessment district if necessary to carry this project through," stated the vice-president of the F. O. Engstrum Company. "We take it, however, that the city by vacating part of Fifth street is presenting the Southern Pacific with property worth as much as a foot subway would cost, say $40,000 or $50,000. We of course would rather see Fifth street permanently opened by a subway or viaduct for all classes of travel."

In connection with this project there is a growing feeling that the wiser solution of the whole matter would be for the Southern Pacific to depress its tracks into the new station and thus make it possible to throw a viaduct across the tracks on Fifth street. Engstrum, who has gone into the matter rather fully, asserts that it would cost $150,000 to construct either a subway or a viaduct with the Southern Pacific tracks on their present level.

The Southern Pacific's present station plans call for umbrella sheds with the subway system of egress. Naturally, a subway to Fifth street for foot passengers could be combined by the Southern Pacific with its present plans without much expense. The property owners east of the tracks look upon a foot subway as a mere makeshift, however, and are eager that Fifth street be finally and definitely opened.

At present the industrial concerns east of the tracks are waiting for the Council to take the initial step, saying that ex-Judge McKinley made a promise in the matter and it is up to the city government to assert definitely what this promise was, and if it is binding.

TREBLING THEIR MONEY.

Owners of Grand-avenue Frontage South of Seventh Street Sell After Having Held It Five Years.

At a reported consideration of $100,000, forty feet on the east side of Grand avenue, immediately adjoining on the south the site of the twelve-story office block now being built by John Brockman at the southeast corner of Seventh and Grand, was sold yesterday by Adolph Fleishman and L. G. Fleishman to Walter H. Fisher. The price given represents a payment of $2500 a front foot for the property and is said to establish a new record of sale valuation for Grand-avenue frontage.

Fisher plans to improve the lot with a substantial building, having bought it with that end in view. The Fleishmans bought the site about five years ago for $34,000.

OLD WIRES MENACE.

Board of Supervisors Will Have Courthouse Rewired — Ambitious Plans Are Discussed.

Because the attic of the Courthouse is full of old wires mixed with "live" ones, there is grave danger of fire, and the Board of Supervisors determined yesterday to rewire at a cost of $8506, as estimated by Purchasing Agent Plummer and Superintendent of Machinery Burton.

Burton declared the old wires, numbering hundreds, are poorly insulated. He proposes to put the new wires in pipes that will take them away from the walls, although concealed. He wishes to cover the inside of the roof and walls with asbestos board at 5 cents a square foot, which, estimating the area at 35,000 square feet, will cost $1875, counting $300 for labor.

Burton says a steel roof would be ideal, but would cost $90,000. He submitted plans also for a decorative illumination of the grounds that will receive consideration later. This cost would be $2360.

HER STRATEGY DETECTED.

Sneak Thief Chokes Into Insensibility Woman Who Plans to Secure Revolver—He Escapes.

Choked into insensibility by a sneak thief she had detected ransacking her room, the intruder taking that means of preventing the woman from awakening her sleeping daughter, was the thrilling experience early yesterday morning of Mrs. Laura Winchester of No. 421 West Twelfth street.

Before Mrs. Winchester regained consciousness and awakened her brother, W. J. Harper, who slept in an adjoining apartment with his son, the thief escaped.

Mrs. Winchester said she talked with the intruder while trying to concoct a scheme to get into an adjoining room where she had a revolver.

"I would have killed the man," she declared.

Mrs. Winchester told the thief she was sick and attempted to get out of bed. The thief grabbed her by the throat and choked her until she fell unconscious.

APPARATUS FOR BOYS.

An outdoor gymnasium and playground for the Juvenile Home was approved yesterday by the Board of Supervisors, to be installed at once in the central court of the boys' department under the direction of Supervisor Norton, chairman of the Home Committee. The apparatus will cost $250. Like provision for the girls will be made later.

How to Make Better Cough Syrup than You Can Buy

A Family Supply, Saving $2 and Fully Guaranteed.

A full pint of cough syrup—as much as you could buy for $2.50—can easily be made at home. You will find nothing that takes hold of an obstinate cough more quickly, usually ending it inside of 24 hours. Excellent, too, for croup, whooping cough, sore lungs, asthma, hoarseness and other throat troubles.

Mix one pint of granulated sugar with ½ pint of warm water, and stir for 2 minutes. Put 2½ ounces of Pinex (fifty cents' worth) in a pint bottle, then add the Sugar Syrup. It keeps perfectly. Take a teaspoonful every one, two or three hours.

This is just laxative enough to help cure a cough. Also stimulates the appetite, which is usually upset by a cough. The taste is pleasant.

The effect of pine and sugar syrup on the inflamed membranes is well known. Pinex is the most valuable concentrated compound of Norway white pine extract, rich in guaiacol and all the natural healing pine elements. Other preparations will not work in this formula.

The Pinex and Sugar Syrup recipe is now used by thousands of housewives throughout the United States and Canada. The plan has been imitated, but the old successful formula has never been equaled.

A guaranty of absolute satisfaction, or money promptly refunded, goes with this recipe. Your druggist has Pinex, or will get it for you. If not, send to The Pinex Co., Ft. Wayne, Ind.

FIVE MUGS OF MILK AND LO, TOT'S TRANSFORMED

Baby Josefa Martinez,

As she appeared yesterday after getting outside five glasses of m inside some real clothes for the first time in her life of one and years. The day before she was clotheless and starving, only h lungs preserving her from death.

BABY JOSEFA MARTINEZ sat in the Juvenile Court yesterday without a care in the world. The day before she was starving, ragged and dirty. Her mother lay in a stupor. Death was near the baby, and it wailed unceasingly. After her recovery by Humane Officer McLaughlin, she was washed, her curly hair combed and a cute white bonnet, blue coat, a white-dotted blue skirt, shoes and stockings provided for her.

The first thing that Mrs. Grace Starr, who was given temporary custody of the baby, thought of when she reached her home at No. 1454½ North Main street, was to feed Josefa. The eager hands clutched a glass of milk and drained it. A second, third, fourth and fifth glass followed with a sigh of fullness, Josefa curled up and fell asleep.

Plenty of milk and tender care transformed Josefa. Her eyes sparkled, and her hands and feet jigged time whenever Mrs. Starr or McLaughlin poked a finger at her. McLaughlin tossed Josefa and her merry laugh brought of every woman in the her like a magnet.

Meanwhile, Mrs. Martinez strapped down at the Receiving Hospital, receiving attention for she had taken. She was to the County Hospital. bur gave Josefa to Mrs. Starr for until other provision for the baby. Action in Mrs. case must wait until she attend court.

As far as McLaughlin her story, Mrs. Martinez was to this city from San Juan by a man. Mountaineers on Return from Pleasure Trip Catch Sight of Monster Gas Bag Four Miles Away.

While returning from a three days' pleasure trip to Strawberry Peak, about four and a half miles from Switzer's camp, in the Sierra Madre range, Jack Stone and Theodore Hanson of this city, reported yesterday that they beheld The Times balloon about 1 p.m., January 27, and kept it in sight for nearly half an hour, while descending the trail.

"From where we were the balloon appeared to be in the vicinity of Markham peak, behind which it finally dropped out of sight," they agreed. "We were at an elevation of about 5000 feet at the time, and the balloon seemed to be about the same height and about four miles away.

The city owes a debt of gratitude to former Mayor Fred Eaton and Mr. Mulholland for securing and perfecting this great aqueduct work, that will never be repaid.

Homely and Aged Faces Now Easily Beautified

(Aunt Sally in Woman's Realm.)

I have seen the plainest women made beautiful and the complexions of good-looking women improved—I've seen oldish faces made young and pretty, blemished and weather-beaten faces made spotless, white and satiny—in less than two weeks, by a very simple and harmless process that acts almost like a miracle. This is all there is to it: Ordinary mercolized wax, procurable at any drug store (one ounce will do,) is applied nightly like cold cream, and washed off mornings. This gradually peels off the lifeless particles of surface skin, permitting the underlying skin to show itself. The newer, fresher skin, when wholly in evidence, forms a complexion which for beauty and youthfulness is incomparable with one produced by other means. A complexion so natural, so free from artificiality, no one guesses the secret of its acquirement. You'll not regret trying this really marvelous treatment.

Equally wonderful is the famous saxolite formula for removing wrinkles. One ounce powdered saxolite is dissolved in a half pint witch hazel. Bathing the face in this immediately erases the finer lines. Gradually even the deeper furrows and crow's feet vanish completely.

President of Omaha Chamber of Commerce, Here, Says His City Will Grab California Tourists.

Omaha expects to catch thousands of tender tourists on the wing to and from the California expositions in 1915, according to George H. Kelly, president of the Omaha Chamber of Commerce, who arrived at the Lankershim yesterday, accompanied by Mrs. Kelly, to remain for a month on the business of getting acquainted with Los Angeles.

Kelly makes this boast of going after the tourists openly and brazenly. Omaha loves people, wants people and is going after people and it does not care who knows it. "We certainly have a right to expect visitors when the tide of the world sets in toward California," said Kelly yesterday. "We have one unbeatable proposition and that is our railroads. Council Bluffs is across the Missouri River from us and the only reason we cannot take it into Omaha proper is because it is on the other side of the Iowa State line. Virtually Omaha is the terminal point of the Chicago and Northwestern, the Chicago, Milwaukee and St. Paul, the Rock Island, the Illinois Central and the Chicago, Burlington and Quincy. It is also practically the beginning of the Union Pacific, which runs from Council Bluffs to Ogden. Ninety per cent. of the people who travel between California and the East go either by way of Omaha or Kansas City. We propose to have a new $1,000,000 hotel to take care of the 1915 business. We now have a population of 200,000 and, by the way, this is what Los Angeles claimed when I was through here five years ago. Personally, I have been doing business with California for twenty years. My house deals in lumber and we get most of our supply from your State."

For Dyspepsia

Orange Grove Excursion

To the FONTANA District

Friday, February 7th

$1.00 Round Trip

Our special low rate excursions to the Fontana orange groves have been so successful, both from the standpoint of attendance and number of sales, that we have decided to run a third excursion, Friday, February 7th.

All visitors have been keenly surprised at the splendid condition of Fontana groves in view of the recent cold spell. Over 200 acres of young groves have been sold during the past two weeks.

Exclusive Fontana features which have appealed to recent Fontana purchasers are—the protected location, the splendid gravity water system, the splendid condition of all young and matured groves in this district, the citrus experiment station, the excellent street improvements, the beautiful environment, the low prices, the six-year buying plan, the system of orchard maintenance established by the company for absent owners, the prospect of immediate increase in land values from the extension of the Pacific Electric trolley line through the Fontana tract.

Join our jolly party on Friday morning at 8:30.

Enjoyable tallyho trip to the matured groves and young orchards.

Interesting orange picking demonstration.

A side trip to the citrus experiment station.

All the oranges and grapefruit you can eat.

A substantial luncheon served at the old ranch house.

GRANDMOTHER USED SAGE TEA TO DARKEN HER FADED OR GRAY HAIR

Mixed With Sulphur It Makes Hair Soft, Beautiful Cures Dandruff

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She kept her hair beautifully darkened, glossy and abundant with a brew of Sage Tea and Sulphur. Whenever her hair fell out or took on that dull, faded or streaked appearance this simple mixture was applied with wonderful effect.

But the brewing at home is mussy and out-of-date. Nowadays skilled chemists do this better than ourselves. By asking at any drug store for the ready-to-use product—called "Wyeth's Sage and Sulphur Hair Remedy"—you will get a large bottle for about 50 cents. Some druggists make their own, which is usually too sticky, so insist upon getting Wyeth's, which can be depended upon to restore natural color and beauty to the hair and is splendid for dandruff, dry, feverish, itchy scalp and falling hair.

A well-known downtown druggist says his customers insist on Wyeth's Sage and Sulphur, because, they say, it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a sponge or soft brush and draw it through your hair, taking one strand at a time. Do this at night and by morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and abundant.—[Advertisement.

Much Ado About Towage Charge Causes Long Litigation and Delay to Shipping.

An interesting question in admiralty law was partly heard in the United States District Court yesterday, involving a towage charge of $320 held by Peter Cahill, a New York towing agent, against the steamer Aryan, libeled at San Diego some time ago for the bill.

In July, 1910, Cahill contracted to tow the vessel from New York to Philadelphia. It is alleged by the ship owner, Eugene P. Carver, that the bill should have been $300, and payment was delayed. An attempt was made to settle the matter by a civil suit, but Cahill did not care to take that course, and when the Aryan reached San Diego, en route to San Francisco, a libel action was brought. Delay ensued in furnishing bond, and the ship was not released for five days. The contractor who had agreed to tow the boat to San Francisco threw up his job on account of the delay, and it was necessary to get a tug to go to San Diego, at a cost of $1000.

It is alleged that when the local agent of the Aryan promised to make good the bond so that the boat might sail to San Francisco, the attorney representing Cahill phoned him his assurance was good enough and that the vessel would be released, but it was not done.

There is little difference between the litigants as to what the contract for towing the boat from New York to Philadelphia is worth, but the case has been hanging fire in the local and New York courts for nearly three years and costs amounting to about $700 have accumulated. It is the payment of this bill that is causing the controversy, and the steamship owners think they should be recouped for the unnecessary delay in holding the Aryan at San Diego pending the giving of the bond to secure the release of the ship.

The hearing will be resumed next Monday.

ORPHANAGE INSPECTION.

An increase in County Health Officer Sawyer's staff will be necessary when the proposed county ordinance for the regulation of orphanages shall become operative. Dr. Sawyer, Superintendent Whitman of the County Hospital and Deputy District Attorney Hanna were in conference yesterday at the latter's office. Whitman said inspection of orphanages, to insure sanitation and proper care, should be under the supervision of the county officer. Hanna will submit copies of the proposed ordinance to the others, who will return them with suggestions for changes, if any are deemed desirable. The work will be done this week.

SOCIETY

GLORIOUS spring blossoms in artistic profusion were banked on the tables yesterday at the California Club when Mrs. Henry W. O'Melveny presided as hostess at one of the most handsomely appointed of the season's luncheons. Miss Sarah Russell Clark, the debutante daughter of Mr. and Mrs. Wesley Clark of this city, was the honoree, and the different tables were presided over by the hostess and guest of honor and Mrs. Albert Bonsall, Mrs. James T. Murray, Miss Inez Clark, Miss Lucille Clark and Miss Evangeline Duque.

The reception-room was a bower of American Beauties. Here an orchestra played during the luncheon hours. The place cards were adorned with dainty sketches and the names of the Misses Lillian Van Dyke, Marjorie Ramsay, Alice Elliott, Aileen McCarthy, Georgie Off, Mildred Burnett, Josephine Lacy, Ruth Kays, Leta Murrietta, Katherine Johnson, Helen Jones, Daphne Drake, Alice Cline, Florence Brown, Helen Brant, Sally McFarland, Caro Stewart, Katherine Banning, Virginia Nourse, Marguerite Fleming, Louise Fleming, Angelita Phillips, Louis Hunt, Virginia Walsh, Rebecca McMillan, Anna Grant, Katherine Mullin, Cecile Hoffman, Marguerite Drake, Margaret Gaffey, Carolyn Winston, Margaret Winston, Clara Watson, Isabel Watson, Marguerite Hughes, C. The Bent-Ballinger Wedding.

A spring wedding, all sunshine and flowers—such was the ceremony at which Miss Ellen Bent, one of California's fairest native daughters, became the bride of A. Sheldon Ballinger at the Highland Park Presbyterian Church last evening.

The church was radiant with daffodils and greenery, large masses of the beautiful spring flowers enveloping the wedding party in their fragrance. The maid of honor and the bridesmaids were all in shining yellow, too, carrying shower bouquets of daffodils. Miss Minnie Clarke, in a deep rich shade of yellow charmeuse draper in hand-made lace, deftly jeweled, and Miss Susie Rosen and Miss Margaret Daniell, in a paler shade of yellow charmeuse, draped in yellow embroidered chiffon a la Watteau, and carrying the quaint Watteau baskets filled with daffodils, were the two bridesmaids, dangerously attractive with their old-fashioned coiffures, in which a seductive curl hung down on pretty necks. Little Miss Margaret Bent, a fascinating flower girl, also in yellow, like a prim little primrose.

And following these the sweet young bride, with [illegible] in soft white charm[illegible] was draped much of the [illegible] had adorned her mother's [illegible] dress in the past, [illegible] Duchesse—upon her [illegible] filmy veil of white tulle [illegible] ingly-arranged orange [illegible] in graceful folds upon the [illegible] train.

The bridegroom, A. [illegible] linger, so long known as the [illegible] tenor at Emmanuel Church, [illegible] ported by Le Roy J[illegible] Melvin George, Allen [illegible] Ingram and Curtis [illegible] ushers.

The bride-elect entered on the [illegible] of her father, and was attired [illegible] charmeuse satin trimmed [illegible] over which fell a rare [illegible] worn by her grandmother at [illegible] ding eighty years ago. A [illegible] pendant—the gift of the [illegible] was her only ornament and [illegible] ried an arm shower of lily of [illegible] ley.

Mrs. Leo Chandler was the [illegible] of honor and wore a [illegible] of pink chiffon trimmed [illegible] and carried a sheath of [illegible] tied with pink satin ribbon. [illegible] Misses Mary Norton and [illegible] Gordon of Riverside [illegible] and their gowns of deeper [illegible] pink chiffon were adorned [illegible] and lace. They also carried [illegible] lilies. Leo Chandler was [illegible] and the ushers were Dr. [illegible] den, Dr. W. H. Roberts, [illegible] and H. C. Hurd of Pasadena.

An informal reception [illegible] followed at the residence [illegible] Chandler on West Twenty-[illegible] where pink blossoms and [illegible] used exclusively. Mr. [illegible] his bride will enjoy a [illegible] and will return to [illegible] they will remain for a [illegible] fore leaving for their [illegible] sas City.

Of exceptionally fine construction, any one of these would grace a handsome living-room. The prices are extremely low, considering quality.

A Novel Suit.

A French importing house shows among its new spring suits a short-waisted cut-away coat in Nell Rose with white embroidered collar and cuffs and long skirt of cream white Bedford cord, slit up on one side to display a plaited frill of Nell Rose, this being the sole touch which serves to relate the skirt to the coat. The season's novelty suits in many instances show a decided contrast between coats and skirts in both color and material, but always a relating note in trimming proclaims the fact that they belong together.

In Fashion's Hand-book.

For early spring wraps crepe meteor and charmeuse are used. The prettiest are lined with printed chiffon.

Some of the newest veils have hexagon meshes and hand-run borders—the borders to be worn high on the hat.

A lovely boudoir robe is of a shell pink charmeuse with a half girdle of turquoise blue velvet holding it in place.

Metal woven tissues are seen with metal, combined with such dark colors as taupe, mordore or dark currant red.

The oriental note is seen in some of the new white suits. Sometimes it is in the shape of Chinese brocade trimmings.

Some of the newest linen weaves have borders of a curious openwork in crossover pattern. Ecru is a favorite color.

Gray, beige, amber and a great deal of white are among the most favored shades for day wear the coming season.

Immense satin roses—two covering the space from the girdle to the shoulder—are seen on the most recent evening gowns.

Dark evening gowns are a pleasant change from the delicate hues, though it is doubtful if they ever obtain a very great vogue.

HIS GHOULISH ERRAND.

Deputy Constable Lugs Undraped Bodies of Women About the Streets, But They're Plaster of Paris.

Two busts of plaster of Paris, "before and after taking" an obesity cure, were trundled into Constable Lyons's office yesterday by Deputy Thornburg, who served an attachment on them to obtain $95 alleged to be due Mrs. Naomi Mamaugh, who says she posed for them to benefit John A. Harriman, proprietor of the Normal Life Company.

The statuary shows how much flesh Mrs. Mamaugh took off in six weeks. The exhibit was tucked under the counter, where it would not shock the sensibilities of the City Prosecutor. Thornburg wonders why he wasn't pinched for carrying two legless bodies through the streets, an act ghoulish enough for anybody.

"LITTLE BILLY" ARRAIGNED.

Self-Made Advance Agent for Magician Must Answer for Series of Worthless Checks.

When M. Williams was arraigned yesterday before Justice Reeve on a charge of passing a bad check for $35, payable to himself and signed with "The Great Raymond's" name, he gave his own cognomen as "Little Billy," and flashed letters so addressed to prove it.

Williams was brought here from San Bernardino, where he rented a theater and announced that Raymond, the magician, would perform in it. He is believed to have planned extensive bad-check activities through this foundation. According to Justice Reeve, Raymond knew nothing of this labor on his behalf.

The check wandered about, and W. H. Hevren, No. 238 South Spring street, became complaining witness. The examination will be tomorrow, and in default of $2000 bond "Little Billy" went to the County Jail. At the Sheriff's office he gave his name as Billy Little.

SMALL HOPE FOR THOMPSON.

Attorney Convicted of Appropriating Stolen Funds, Probably Will Not Appeal Case.

News of the action of the District Court of Appeal in affirming the judgment of the United States District Court in the case of Attorney Fred H. Thompson, convicted of appropriating to his own use, stolen money, was received with relief by the local Federal officials yesterday.

The only defense that Thompson had in the upper court had to do with the legality of the indictment against him. The first indictment in his case was faulty and a second was returned by the same grand jury. It was claimed by Thompson that this was illegal and that the matter should have been presented to a new investigating body, but the Appellate Court has brushed aside that contention.

Two courses are now open to Thompson—he can apply to the District Court for a writ of review, or to the United States Supreme Court for a writ of certiorari. In either case his chances are said to be nil.

Thompson might have now served one year of his eight-year sentence if he had not appealed, but the time he has spent in the County Jail will not count.

STRAY FAR A-FIELD.

Anxious Wives Write to Police to Find Their Husbands—Pleas of Little Children.

Two cases of desertion, in which the worry of the wives is intensified by the pleadings of children for their fathers, were reported to the police yesterday.

Mrs. Martha Harris, No. 1402 Colorado avenue, Kansas City, Mo., is searching for her husband, Luther Harris, who deserted her more than a month ago. Their only son is in a hospital and pleads with the mother and nurses to bring his father to him, the letter says. Harris is 30 years old, six feet tall and weighs 180 pounds. He is thought to be in this city.

Mrs. Charles A. Moser, No. 215 Fourth street, San Rafael, writes concerning her husband:

"If Charlie only knew how his oldest boy looks for him and asks and worries for him, I am sure he would come home as fast as a train could carry him."

The wife writes that when Moser left her on November 14 last to go to Oakland to accept a foremanship job in a shipbuilding yard, he left her and their two sons destitute. Moser is 42 years old, five feet nine inches tall and weighs 150 pounds. He has been seen twice in this city recently. He is a member of Miramonte Camp, No. 389, Woodmen of the World, San Rafael.

Los Angeles, January 23,, 1913.

Mr. Charles O. Middleton,
203 Story Bldg.,
City.

Dear Sir:-

On account of the many beautiful and expensive homes that have already been erected in the West View Heights Tract, and because of the high class improvements that we have put in this tract, and the further fact that we find other properties in the same vicinity are bringing many hundred dollars per lot more than we are asking for our property, we hereby instruct you to, on February 15th, advance the two unsold corners on Washington Street to $5000 each.

Advance all inside lots in the tract $100 per lot.

Advance all 21st Street corners $150 per lot.

Advance all 23rd Street corners $100 per lot.

These prices are absolutely agreed upon, and we will not, under any condition, accept any business after February 15th at less prices than above.

Yours very truly,

QUITE VALUABLE.

The merger of the two telephone systems at San Francisco will distribute millions at Los Angeles. And yet they say that talk is cheap!

NO REDRESS.

A lady in Indianapolis wanted to marry a man and the court gave her damages in the sum of $50,000 because he disappointed her. This is enough to scare the bachelor Indians out of Indiana.

A MODERN IDEA.

The Courier has reached the exchange desk of The Times. It is published monthly by the Zellerbach Paper Company for the benefit of its employees and customers at Los Angeles, San Diego, San Francisco and Oakland, where it has large houses. It requires a circulation of 4,000 for its clientage and has for its editor Victor Hecht of Los Angeles. Its publication illustrates the spread of the advertising idea. In a clever couplet the editor says "a drop of ink makes millions think."

SHARING A PLEASURE.

It is a good thing for every automobile, which is empty except for a driver, to stop and give pedestrians a lift. Of course the automobile should exercise judgment in choosing its guests. A machine should always watch for a chance to give children a ride and should be willing to be of service to old people. An unexpected ride is both an adventure and a miracle to very little people and to those who are aged. A machine is going to burn its gasoline anyway and it should be glad to share the pleasure of the road.

AN EYE TO BUSINESS.

The president of the Chamber of Commerce of Omaha is in Los Angeles for a month, partly for rest and somewhat for business. He would like to encourage California's guests in 1915 to visit Omaha either coming or going. Nebraska is a good neighbor and we would like to see her do well. For many years California has supplied Nebraska with nearly all the lumber it uses. They also buy California fruit and vegetables, especially celery. During the last ten years an increasing number of Nebraskans who have made enough money to retire have built homes in Southern California.

SOME GOOD RULES.

A business house in Los Angeles has invented a set of commandments which are worth considering by persons employed in any line. One of them says, "Give us more than we expect and we will give you more than you expect. We can afford to increase your pay if you increase our profits." Another avers that "You owe so much to yourself that you cannot afford to owe anybody else. Keep out of debt or keep out of our employment." The tenth is perhaps best of all. It reads, "Don't kick if we kick. If you're worth correcting you're worth while keeping. We don't waste time cutting specks out of rotten apples."

A THINKER.

Harvard is lucky to secure for a time the presence of Rudolf Eucken of the University of Jena as an exchange professor. He belongs to the school of vitalists, of which Bergson is a notable exponent and which is the twentieth century balance in opposition to the materialistic and mechanistic theorists. Of course we realize that a majority of persons will never bother themselves to any scholarly extent with the deeper study of either of these branches of philosophy. We join the world of average people in a sort of blind belief that the profound and sincere men of these opposing schools of thought unconsciously work in the same direction which will bring spiritual and material law within a closer range of moral understanding and which will demonstrate that those two laws are one and the same and are simply a proof that forces operate on their own plane and that their degree belongs to a system of intellectual transposition and transmutation. The different schools of thought are God's little joke with men. They are intended to support one another by demonstrating the same truth from different angles.

THE BIRD'S NEST.

Into an iron foundry in this city a pigeon only a month old came fluttering one day and when the men fed it and brought it water it remained. When it was three months old another pigeon appeared and they began to build a nest. With consideration for their environment they built their new home under the eaves of the machine shop roof entirely from steel and cast-iron shavings. The men in the works brought them straw and wood shavings, but the birds would have none of it. Nothing less than a solid iron, concrete-filled, fireproof nest would satisfy them. When they finished it their delicate home weighed exactly six pounds, but it is not of record that the pigeon eggs in this nest had cast-iron shells that required furnace heat for hatching, nor that the fledglings had Harveyized steel constitutions. Unfortunately for science the nest was out of plumb and a recent wind brought it to the floor, where it was shattered. The intention of the shopmen was to present it to the Southwest Museum as a sort of riveting proof of the influence of a harsh environment on a tender nature. The squab output of an iron foundry would certainly have been of interest.

STRIKERS AND AMERICAN SPIRIT.

Filled with extravagant demands of extremists every day is a certain section of the American press. These advocates of State Socialism—the system regarding which former Gov. Gage said in last Sunday's Times, "No form of government now extant could be worse"—are helping to fan the flame of labor-union disorder burning in the Eastern States. These papers must bear their share of the responsibility for conditions in Pittsburgh where a strikers' riot had fatal results last week, and for troubles in New York, Chicago and elsewhere which have led to battles with the police.

The American spirit rebels against the doctrines of these extremists as much as it revolts against the scenes which have accompanied the strikes. The extremists, like the leaders of the disorderly strikers, are so one-sided that they can see only their own side of the case; they would deny rights to the individuals who figure as employers.

Strikers and their leaders should remember that the prosperity of the United States rests upon economic individualism. This has been well described by Nicholas Paine Gilman as the system of production by means of private capital, held by single persons, firms, corporations or co-operative associations. This method of production demands free labor, open competition and distribution to individuals.

There are extreme Socialists and extreme individualists. The mass of the people is extreme in neither direction. It takes the middle ground, that of "animated moderation." This means that the majority of the people is imbued with the real American spirit, which is both conservative and progressive.

The welfare of all calls for consideration. Therefore those blessed with the true American spirit freely admit that capital as well as labor has its rights which must be respected.

Certain labor leaders who are so unfortunately prominent in strikes in Eastern States just now appear to be more concerned with stirring up the poor to envy and hatred and all uncharitableness rather than with truly seeking the right method to bring about a bettering of the condition of those who so blindly obey them. These men and women are not of those who "see life steadily and see it whole." They are unable or unwilling to take the large view.

It is noteworthy that the Tveitmoes, the Ettors and their ilk are men of foreign birth, drenched in literature of foreign authorship. They fail to recognize, or do not wish to recognize, the vast difference between American conditions and those prevailing in Europe. These men have not had time, or if they have time they have not the desire, to steep themselves in the American spirit.

Of course the whole American population, outside the Indians, is descended from men and women of foreign birth. But there is a vast difference between the class of immigrants now figuring so largely in the strike troubles and those who came over generations back. We are now troubled with the dregs of Europe, where before we got the very best.

It is trite to say that labor difficulties have arisen and multiplied because of the descent upon America of vast numbers of ignorant foreigners who have not been long enough in the melting pot to acquire the American spirit. To these persons, who are obliged to labor and labor hard if they would become useful American citizens, it is advisable to repeat another trenchant expression by Mr. Gilman. It is:

"The first duty of every immigrant, Americanized or not, is to keep the peace. If he does not observe the established order of the republic the law will know how to deal with him when, for instance, he commits murder in the name of Socialism, anarchism or any other theory, good or bad."

America will welcome all who come here determined to labor steadily and peacefully to improve their lot in life, thus following the example of those who have made the American spirit what it is—those who won and subdued this great land and placed it in the forefront of the nations.

UNSCRAMBLING.

John P. Morgan does not propose to await the action which Congress may take when the report of the Pujo Committee shall be made. He is actively engaged in "unscrambling" his financial and industrial corporations. Fourteen banks and thirteen trust companies with $112,800,000 capital and $2,201,500,000 resources in New York City have interlocking directorates. Eighty-six directors, it is assumed, were named and are controlled by Morgan. The problem of readjustment would be aided but not solved by the withdrawal of the Morgan directors. It would still be necessary to take measures to restore competitive conditions.

The unraveling or "unscrambling" of interests will not be completed by confining its operations to banks and trust companies alone. Co-operating with these and with each other are many of the great railroad and industrial corporations. The New York, New Haven and Hartford Railroad, the Atlantic Coast Line, the Louisville and Nashville, the Union Pacific and the Southern Pacific were, until the recent decision of the United States Supreme Court, tied together as closely as were the Northern Pacific and the Great Northern before the decision of the Northern Securities case.

Industrials which have no necessary interests in common are said to be braceleted together by Morgan. The General Electric Company, the International Harvester Company, the Dupont Powder Company and the United States Steel Company—which is a holding corporation for many other corporations—with many other less well-known corporations, are all directed by Morgan.

It does not appear that all these banking, trust, railroad and industrial corporations have not been managed wisely and well. They are dividend-earning and dividend-paying institutions. But their domination by one man is deemed by many to be a menace in some way to the public safety, and Congress is asked to deal with it by scattering them. Wherefore Mr. Morgan—acquiescing in the inevitable—proposes to "unscramble" them himself.

Since the Bachelors' Ball the question arises, Why is a bachelor?

NEVER LOWER THE FLAG.

No man or woman has ever yet witnessed the spectacle of the hauling down of the American flag or the abandonment of American sovereignty. And, please God, no one ever will. Wherever that flag has been raised it has been raised as the banner of progress, enlightenment and humanity.

Primarily from the action of Admiral Dewey in the Bay of Manila, more effectually by the philanthropic statesmanship of the martyr McKinley, the Philippine Islands were rescued from stagnation and semi-barbarism to start on an upward career of moral and material prosperity. America has put her hand to the plow, she has shouldered this share of the white man's burden. There must be no retreat, no retracting; no relinquishing of a half awakened native population to weaker or less capable control.

Conquest, as understood by the hosts of Cyrus, the warriors of Alexander, the legions of Caesar or the English yeomanry of Henry V, has no meaning under the starry banner of America. Old Glory does not flaunt itself. It stands not for the pride of the victor or the humiliation of the vanquished. Raised above the citadel of Manila that historic first of May 1898, it proclaimed the same American citizenship in that far-away archipelago as prevails in Maine, Texas or California. The responsibility was not lightly undertaken; the American people will see that it is not lightly thrown off.

National pride demands that the flag never be lowered over the Philippine Islands. And this pride is not the pride of strength or wealth or victory. It is the pride a resolute man feels in well finishing any task he has started; it is the pride of the humanitarian who desires to increase the light everywhere; it is the good man's pride in doing good.

Commercially America has benefited—and will benefit to an even greater extent in the future, from her occupation of the Philippine Islands. As the only possible power fitted to dominate the Pacific Ocean the islands are strategically indispensable to this republic. The control of this great ocean by a white Christian race is not a sentiment; it is an essential for the complete civilizing of the globe. Yet these are really minor reasons why we should never haul down the flag. The interests of the Filipinos themselves call for an unbroken continuation of the good work already so ably started that every European nation is filled with admiration at the record. There must be no cessation of the work till the level of life in every one of these tropical possessions of ours has reached as high a standard of development as in the United States itself.

We have accepted the stewardship; for the result we are responsible to our own people first, and afterwards to the civilized world; to all who have been encouraged to devote their talents to building up material prosperity under the encouragement of a stable government. If we allow the Philippines to go back we shall be responsible to a higher tribunal.

MULHOLLAND'S DEFINITE VIEWS.

Honest Bill Mulholland does not go in for politics. Consequently what he had to say yesterday about the proposed Graham high-line bonds will have weight with the public. The people know that he is interested in only one project and that is to supply Los Angeles with water. He is finishing the aqueduct within the specified time and cost. In his opinion this city will need the aqueduct water within six months. The population is increasing and the old water supply remains the same. He therefore favors voting the bonds in the sum of $1,500,000 to bring the water to Los Angeles over the Franklin high-line, and he also believes that the city should at once vote bonds for the development of power. For the city to vote millions of dollars at this time to deliver water to other sections he thinks would be extravagance and folly. The people, he declares, should not be made to take such risks. They should have a chance to say what territory should be annexed and what localities excluded. When a community is accepted and wants water it should pay for it and the burden should not be thrown entirely upon the Los Angeles of today. There is no rule for the growth of a city. Political bosses may not dictate the sections which shall be developed nor shall they force the taxpayers to favor and impel growth in unproved directions. Mulholland predicts that if the Graham high-line bonds are voted, Los Angeles will sorely regret it within half a generation. He is opposed to the recall of water when once it is supplied, and says that the sensible thing to do is to be sure that every proposition is sound before it is indorsed. He is eminently right as regards the city's necessity. Actual need of water is the first thing to be considered and is the only question which is now before the people. Mulholland has studied the water question in Los Angeles for the twenty-two years that he has been actively in charge of this department and for the thirty-two years that he has served Los Angeles in some public capacity. As a specialist on the subject his renewed expression deserves the consideration of every voter.

OUR RAILROADS IN 1912.

One fact stands out prominently in the grouped report by the Railway Age Gazette of steam railroad conditions in 1912, namely, that the new mileage constructed was the smallest of any year of the past fifteen years.

The new mileage was 2997, against 3066 in 1911. Its construction was in forty-one States, North Dakota leading with 347 miles, followed by Texas with 336 miles. Maryland and Vermont only got one new mile each.

The new equipment record is:

	1912.	1911.
Freight cars	226,195	133,117
Increase in 1912		93,078
Passenger cars	3,623	2,623
Increase in 1912		1,000
Locomotives	4,424	2,850
Increase in 1912		1,594

In 1906 orders were given for 319,315 freight cars and 5642 locomotives.

In 1912 twelve railroads, with a total mileage of 3762, went into the hands of receivers. They had a total funded debt of $106,964,854 and outstanding to the amount of $74,493,643, a total capitalization of $181,458,497. Prominent among these were the Pere Marquette, the Denver, Northwestern and Pacific, and the Kansas City, Mexico and Orient. The last two acted outside of Wall street and appealed to private investors for capital with very indifferent results.

No important roads were sold under foreclosure in 1912, though there were twelve sales of unimportant roads whose aggregate mileage was 861, funded debt $7,995,300 and outstanding stock $17,925,690.

In an article in the Publican quoted Prof. Dixon of Dartmouth College says:

"One should refrain from too great optimism thus early in period of railroad recovery, for even though gross earnings continue to increase, an increasing proportion may be absorbed into expenses to compensate for the severe economies that many of the roads have been practicing for the past two years. Yet that the figures of net operating revenue per mile will, in the absence of unforeseen and disturbing causes [strikes and excessive wage demands, for instance—the writer] show an increase during the calendar year 1913, over those of 1912, seems more than probable."

If the railroads are saddled with too great a burden for wage increases as demanded, or for two firemen to one locomotive, as also demanded, there will not be any "net revenue increase," but the contrary—save from higher rates of freight, if authorized.

UNCLE WALT.

The Poet Philosopher.

There's trouble in store for the gent who never salts down a red cent, who looks upon cash as the veriest trash, for foolish extravagance meant. Since money comes easy today, he thinks 'twill be always that way, and he burns up the scads with the rollicking lads and warbles a madrigal gay. His dollars are drawn when they're due; and rather than salt down a few, he throws them, with jests, at the robin red breasts, with riotous hullabaloo. I look down the scurrying years—for I'm the descendant of seers, and the spendthrift descry when his youth is gone by, an object of pity and tears. I see him parading the street, on weary and ring-boney feet, a begging for dimes, for the sake of old times, to buy him some sauerkraut to eat. I see him abandoned and sick, his pillow a dornick or brick; and the peeler comes by with a vulcanized eye and swats him for luck with a stick. I see him when dying; he groans, but his anguish for nothing atones! And they cart him away in the dawn cold and gray, to the place where they bury cheap bones. Don't burn up your money, my friend; don't squander or foolishly lend; though you say it is dross and regret not its loss, it's a comfort and staff in the end.

THE TEN COMMANDMENTS OF ABDUL BAHA, NEW PERSIAN PROPHET.

"1. The unity of the human race. God is the Creator of all, the Provider for all, and kind to all. If He is not kind we cannot have creation. Therefore we must all associate with a spirit of fellowship and love. All religions and nations must love each other from the hearts and souls.

"2. The declaration of a universal peace among all religions, races, nations and fatherlands. With regard to these lofty principles he wrote many epistles to the reigning kings and queens of the world, including one to Queen Victoria (to which her late Majesty did not reply.)

"3. Religions must be the cause of amity and love. If religion is to be the means of hatred and rancor it is better to be an irreligious man—an atheist.

"4. Religion must ever conform with science and reason. If religion does not do so it is a heap of superstitions, because when we study the bases of Christianity, the Mosaic law, Confucianism, Mahometanism, and Brahmanism, we find that they all conform, in their origins, to science and reason.

"5. Religious prejudice, racial bias, national prejudice, patriotic prejudice, political prejudice are the destroyers of the foundation of the human race. As long as these prejudices exist humanity will not attain to universal peace. The human kind are one family.

"6. Men and women are equal. We must give the highest education to women, and cause them to enter the university of learning, so that they may acquire science and art and craft equal to the level of men. Equality obtained by force is not to be commended. In Nature the fact that there is no difference between the sexes is manifest.

"7. Universal spread of education. All children everywhere are to be educated; none is to remain ignorant. If the parents are unable to supply education the government must give it and make it compulsory.

"8. The establishment of a readjustment in the economic conditions of society; justice and fairness for all, but the classes not to be disturbed.

"9. The organization of an international court of arbitration. The laws of this court to be binding on all humanity.

"10. The inauguration of an auxiliary universal language that must become part of the curriculum of all primary schools of the world. This will dispel long misunderstandings. No one will be obliged to study a large number of languages. Two will be enough."

QUAKER REFLECTIONS.

[Philadelphia Record:] Some girls are passing fair, and others are already past.

Some people seem to think that everything is for the best, and they are the best.

A marriage for money proves that love is blind when it has gold dust thrown in its eyes.

What a place of silence this world would be if people would only think twice before they speak.

Don't judge by appearances. Many a man with one foot in the grave puts up a mighty stiff kick with the other one.

The Cynical Bachelor rises to remark that it's about ten thousand times easier to get married than to stay married.

No, Maude, dear, just because chorus girls are called broilers is no reason why you should refer to chorus men as friars.

Wigg: Oh, I'm tired of life. Have you a pistol you can lend me? Wagg: No, but I can let you have a chafing dish.

Raising Stingless Bees.

[Christian Herald:] Science is able to take the thorn from the blackberry bush, and now it has learned to take the sting out of the bee. Mr. Burrows of Essex, England, after two years of experiments, claims to have obtained a species of bee which can be handled by a child in perfect safety. He mated the Cyprian drones and the Italian queens, the result being the production of harmless insects. They are splendid workers and are said to be less liable to disease than the ordinary honey gatherer.

It appears that the new product has a sting, but it does not hurt, and is useless as a weapon of offense. Yet the bees die when they lose it. As civilization advances the sting will be taken out of men's disposition and lives, and many of the pains that come to men by the stings of misfortune will have been prevented.

This young artist has been very probably trained either in Germany or by German teachers. He possesses a voice of much sweetness of tonality, well cultivated and sympathetic in quality.

Maybe because he is a Slav and one is prepared for mercurial and virile outbursts, the gentleness, somewhat monotonous, of this delivery, is not convincing. If he had the impetuous fire and spirited temperament of many Muscovites, Albert Janpolski would not only be delightful but really a great and impressive baritone, for he has the equipment.

Empress.

The headliner honors are pretty evenly divided this week at the Empress Theater, between the Mozarts and the Weber and Fields players.

"Fun on the Ocean" is the title of the W. and F. musical comedy in miniature, in which the fun is much more in evidence than the music. Of course, there is a whole bevy of pretty girls—passengers whose pulchritude will make your head swim if the boisterous canvas waves don't. The principal comedians are Jules Bennett and Fred DeSilva, the one a German, the other a Jew. Both deliver the goods right over the rail—the funny goods, I mean. Nell McCune, as the stewardess, sings a merry ditty, and Marguerite Foresdale, as the captain, sings a number of them. And the natty sailor girls dance a hornpipe in a natty (almost naughty) way.

"Snowed In" is the novelty of the Mozarts, Fred and Eva. The first scene is the interior of a mountain cabin in a blizzard, the second is the snow-clad mountains—realistic, artistic and effective. In this scene the Mozarts do some exceedingly clever dancing on snowshoes. Both sing acceptably, and Fred's yodling has the true Alpine ring.

The Bimbos, a man and an Amazonian maid, are athletes extraordinary. The man is one of the funniest tumblers going, the maid one of the handsomest and strongest ladies on the stage.

The Quaker Maids, Elza Corrano and Rae Ward, do some pretty singing and dancing; John Neff produces furious fun with the help of various musical instruments which he can't play; Ed and Minnie Foster offer an uproarious musical oddity, "Who's Right?" taking a pleased audience into their confidence.

On the whole, there's something doing at the Empress.

Wagner Concert.

Signor de la Cruz, the basse chantante, and Mlle. Vera Doria, lyric soprano, will give the second of their series of Wagnerian concerts this afternoon at the Morosco Theater.

At this afternoon's concert Signor de la Cruz will sing Sach's second monologue from the Mastersingers of Nuremburg, Landgraf's first and second scenes from Tannhauser and a brilliant number from "The Twilight of the Gods."

Mlle. Doria's contribution to the programme will include arias from Tosca and "Herodiade," and a group of English songs, while both artists will be heard in the popular barcarolle from Offenbach's "Love Tales of Hoffman."

The third of the Wagnerian concerts will be given at the Morosco Friday afternoon, February 14.

ALAMITOS EXTENSION.

A proposed extension of the Pacific Electric's Alamitos line from the present terminus on the spit between Alamitos Bay and the ocean, across the bay and along Ocean avenue to Main street, thence to a junction with the main line, was reported yesterday at a meeting of the South Coast Improvement Association. The Pacific Electric has applied to the Board of Supervisors of Orange county for a franchise and expects to have the extension in operation next summer.

THE INVESTMENT FOR

SAFETY--PROFIT--PERMANENCY

THE FIRST ESSENTIAL THE SECOND ESSENTIAL THE THIRD ESSENTIAL

THE CITRUS FARMS COMPANY offers ALL THREE (each one equally important) in the

SOIL, WATER, CLIMATE

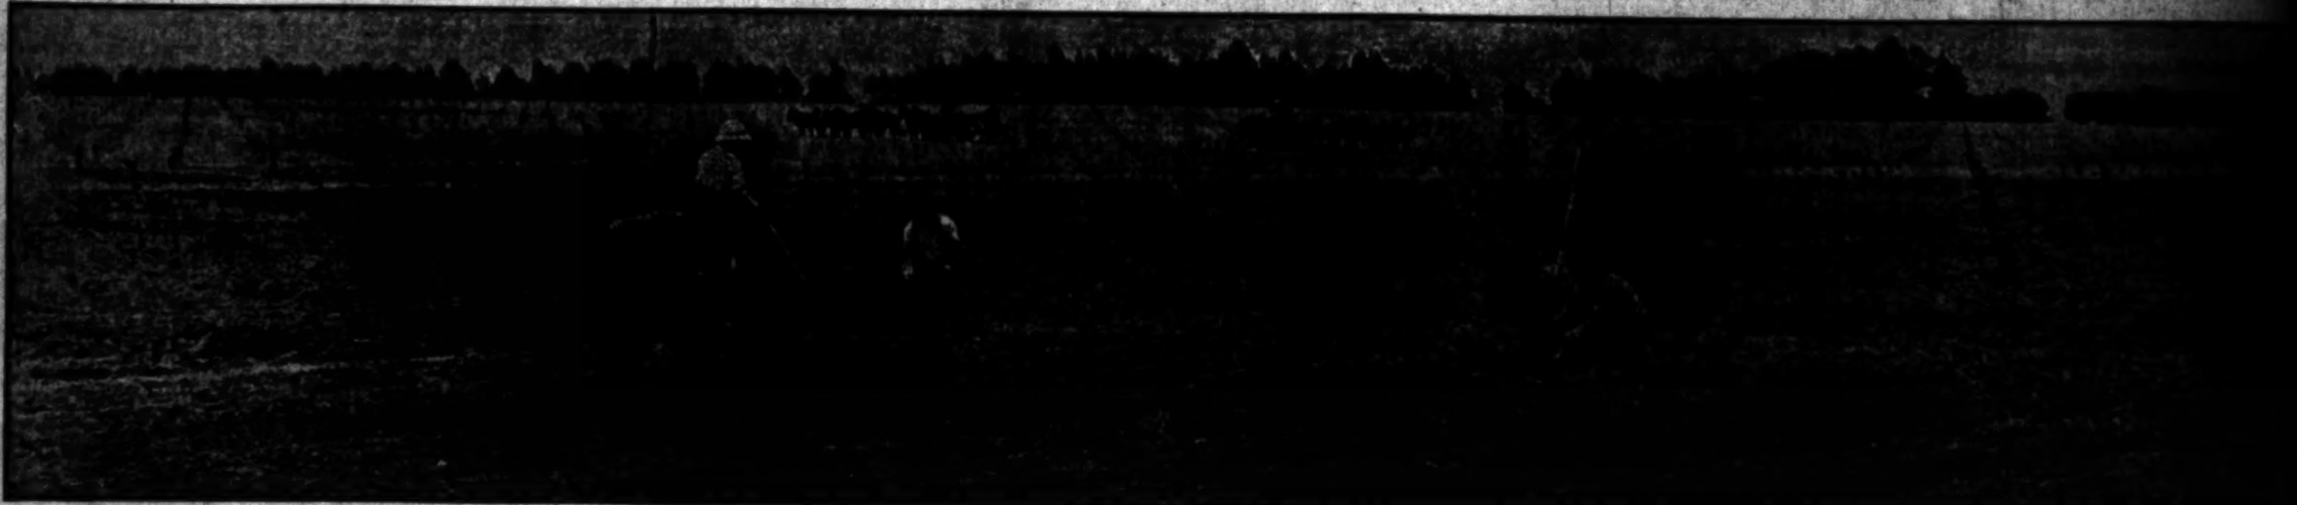
OF WHAT IS TO BE THE

Largest Lemon Grove in the World

For a limited time only, you have an opportunity of joining your savings or surplus money with those of others in becoming *Part Owner* in the 1080 acres of finest lemon land contained in Rancho La Chispa. Seldom does such an investment as this present itself, for should the company at any time decide to subdivide, you would *Become a Subdivider and Take Subdivider's Profits*, which, as is well known, are tremendous.

This is emphatically *Your* Company—a stockholders' Company—where people of limited means may actively participate in the phenomenal profits of California's citrus industry. Big, brainy, competent men, experts in the citrus business, stand back of the management of the Company and development of the property.

Eighty-five acres are already planted to 2-year-old trees—the value of this 85 acres has already increased to $750 to $1000 an acre. The balance of the rancho will be planted as fast as the work can properly be done this spring. Think of the tremendous increased valuation of your holdings as this is done. A similar lemon company which commenced business under no more favorable circumstances sold its stock at $8 a share—*and Today It Is Worth Over $200 a Share*



SETTING OUT TWO-YEAR-OLD LEMON TREES ON RANCHO LA CHISPA

CITRUS CROPS

One of the greatest agricultural organizations in the world, and one which has done the farmer most good, is the California Fruit Growers' Exchange, which was organized in 1904. It is a union of many smaller citrus associations located all over the State and which represent over 95 per cent. of all the citrus fruits grown in the State. Through this organization 58,995,940 boxes of citrus fruits have been shipped to Eastern markets from Southern California during eight years and have given as a net return to the fruit growers the enormous sum of $107,473,980.16. Thus the citrus growers in our State have received on an average $1.82 a box for their oranges, lemons and grapefruit.

Ask any citrus grower how many boxes of oranges or lemons he can produce to an acre and figure at the above rate his profit for yourself. Perhaps, then you will understand better why some men pay $3000, and even $4000, an acre for established orange groves. Perhaps, too, you will understand why speculators in stocks laugh at the chances they take all unnecessarily, and Congressmen and Senators, mining men and big business men everywhere are investing in Southern California orange and lemon groves.

Still, some men suggest the industry might be "overdone!" Back comes the cry from the producer: "We can't supply the demand. The prices are going up."

During the season of 1911 and 1912, the California Fruit Growers' Exchange shipped 9,191,142 boxes of citrus fruits and the net return to the grower was 2 cents higher than the average for the last eight years, the price being $1.84 per box.—L. A. Times, Jan. 1st, 1913.

OPTIMISTIC OUTLOOK

Over 150,000 people in this State are supported directly by the raising of oranges and lemons. The State is producing a crop greater than the output of all the other citrus producing States in the Union. The reason for this is simply that California has unparalleled advantages over other States.

Profitable as are the present conditions, the future holds for us still greater possibilities. While economic factors are being discovered almost daily to lessen the cost of production for the farmers in the citrus business, powerful projects are taking their shape which are destined to reduce those expenses of the growers over which they have no direct control.

The greatest expense item of the orange grower, over which he has had no direct control, has been the transportation of his crop to the Eastern markets. It cost $20,000,000 last year to move the 50,000 carloads of citrus products from California to all points over the country. What will the opening of the Panama Canal mean as an economic factor in this regard?

It has been determined by the Los Angeles Chamber of Commerce that a refrigerator ship, speeding sixteen knots an hour, could transport a citrus crop equal to what was shipped last year in sixteen days from Los Angeles to New York. This could be done at a cost not to exceed 50 per cent. of the present steam road tariff and possibly as low as 25 per cent. In other words, a saving of from $10,000,000 to $15,000,000 would be made by this service annually. Every penny of this saving will go directly into the pocket of the grower.—L. A. Times, Jan. 1st, 1913.

OVERPRODUCTION? NO!

Another point must be emphasized—over-production. Is there any fear of over-production? The question is often asked by the newcomer. Supposing the many available and at present non-productive spots scattered among our foothills in the frostless belt were brought under a water system and turned into bearing citrus groves, would not the markets be glutted and a big tumble in prices ensue?

When the writer of this article fifteen years ago owned a small orange grove the question of over-production was agitating the citrus growers to a far greater extent than it is today. The owner of a full bearing grove looked with apprehension at every fresh acreage property set out to citrus trees and shook his head with sage forbodings. At that time a dollar a box was the maximum anticipated by the lucky owner of a full-bearing orange orchard. The lemon market was still demoralized and the proper curing and packing of lemons hardly beyond the experimental stage. A dollar a box for oranges meant opulence, but could it be maintained with the ever-increasing acreage of young citrus groves? Could lemon-growing ever be made a certain source of income?

Contrary to these doubts and fears, an increase in the acreage of orange groves kept continually bringing about an increase in the price of the fruit. As soon as the science of curing and handling lemons was thoroughly mastered the price of this necessity went up by leaps and bounds. There is not enough lemon land in California to ever bring about an over-production of this indispensable product. On good markets, during a hot spell in the East, lemons have gone as high as $10 to $13 a box. Fancy navels have often netted the grower between $4 and $5 and Valencia lates sometimes reach $10 a box.

Of course, the co-operative system of selling, including a scientific routing of cars and a constant reaching out for new markets, has had a great deal to do with the increase of prices. But experience has demonstrated besides that when any special locality becomes the recognized center for any industry that locality has always been able to command a higher price for its commodities. Southern California has earned a reputation as the most famous citrus fruit country in the world. As the size of the crop increases and becomes distributed over wider fields so that reputation increases and with increased reputation always comes higher prices.

Even in Europe, in competition with the cheaply-raised fruit of the near-by Mediterranean countries, the Californian navel has established a high class of restricted market among the favored few who can afford to pay for quality in preference to quantity.

THE PANAMA CANAL

But the greatest factor in determining the future profits of the orange and lemon grower will be the Panama Canal. At present the railroad companies are getting almost as much out of the Californian citrus industry as the owners of the citrus groves. Transportation experts have figured that the cost of shipping oranges and lemons from the Pacific to the Atlantic Coast will be reduced from an average railroad charge of 90 cents a box to about 20 when the all-water route is complete. Moreover, the smoother motion of a vessel at sea will cause less damaged fruit than the banging and jolting of a freight car.

What do we see confronting us? Not the cry of "Insure us $1 a box and we will be happy." This was the old slogan of twenty years ago, when the terror of over-production haunted many doubting Thomases. Today, with ten times the acreage in citrus fruits, we are looking for a net average of $2 or $3 a box as soon as the great waterway free to American ships shall be carrying our produce cheaply into all the markets of the world.

The future opportunities for citrus growers? Why, with everything coming the way of California as it is at present, even a conservative estimate of what is ahead of us will sound exaggerated—just as our present success would have sounded impossible to our first-class citrus growers a quarter of a century ago. A first-class bearing orange grove at a low estimate will produce 400 boxes of marketable fruit to the acre. At an equally low estimate of $2 a box this means a gross income of $800 an acre. Many orange and lemon groves can show better figures than this. What will they do when the cost of transportation is almost eliminated by the opening of the Panama Canal? In the face of these facts $2000 or $3000 an acre for a good bearing citrus grove cannot be considered an extravagant price.

What other business will pay as large an interest on the same amount of capital? Certainly none, with the same conditions of health, climate, pleasure and environment.—L. A. Times, Jan. 1, 1913.

AT SANTA PAULA

Santa Paula lemon groves that have been under active cultivation and favorable conditions PAID A PROFIT OF MORE THAN $1000 TO THE ACRE. The lemon crop of thirty-nine of the most successful growers of this immediate section, shipped through the Santa Paula Citrus Fruit Association, for the year September 1, 1911, to September 1, 1912, shows a total of 38,646 packed boxes, WHICH NETTED THE GROWERS $3.21 PER BOX F.O.B. SANTA PAULA, or a total of $124,067.76. A splendid testimonial of this magnificent product is its value to the progressive ranch owner who believes in the citrus industry.—Santa Paula Chronicle.

Think of the income, then, from the immense groves of the Citrus Farms Company. AND WE ASK BUT ONE DOLLAR PER BOX PROFIT.

HORTICULTURIST'S REPORT

Mr. J. H. Norton, prominent horticulturist and soil expert, says: "After examining your 1080-acre ranch I have the following statements to make relative to the fitness of this ranch for fruit growing. The topography of this ranch is so slightly diversified as to render it cheap for grading. The crescent range of hills on the north gives it protection from the freezing atmosphere coming from the north, as well as protecting it from the north winds in general that prove so harmful in some other fruit sections. There is no rock in this soil to give trouble. There is no hardpan either. The samples represent a large part of the ranch as surface soil, as well as sub-soil. This shows an excellent composition for fruit soil and shows that the capillary movement of soil water will be good in all directions. The soil is porous enough to admit of good aeration and the taking of water by gravity, yet at the same time it is close enough grained to have a good capillary force so as to insure a good lateral percolation of sub-soil water, thereby reducing the necessity of so many furrows for irrigation as is commonly used. The [illegible] is also great enough to insure the return of [illegible] soil water from at least five feet deep, so that [illegible] frequent irrigations are required than is [illegible] most soils. In short, the physical composition [illegible] soil is everything that could be desired. Under [illegible] microscope the soil grains show a very decided [illegible] ing of microscopic soil fertility, and it is this [illegible] ing that any soil depends on for its fertility [illegible] next few decades, at least. The coating [illegible] marked, and taken with the growth of the [illegible] on the ranch, indicates that there is a good [illegible] of chemical fertility of all elements.

"The good points I would emphasize [illegible] are: (a) It is free from rocks; (b) it is [illegible] hardpan; (c) it has the best of physical [illegible] and indications that its chemical composition [illegible] If it has any undesirable features I failed [illegible] them."

WHAT OTHERS EARN IN LEMONS

The Stewart Fruit Company of Porterville [illegible] the grower, during 1911, $1.30 per box [illegible] $1.90 per box for Valencias and $2.[illegible] per [illegible] lemons.

The San Fernando Fruit Growers' Association [illegible] eraged the grower 3 cents per pound [illegible] 1911. This amount would be about [illegible] net a box.

A. D. Shamel of Riverside is deeply [illegible] the subject of breeding citrus trees. At the [illegible] tion of the California State Fruit Growers [illegible] at Santa Barbara last June, Mr. Shamel [illegible] he has succeeded in breeding a class of [illegible] will bear as high as 768 pounds of fruit [illegible] which at ordinary market prices have [illegible] high as $15.36 per tree. He believes that it is [illegible] practical possibility to develop a whole [illegible] this standard.

In 1906 F. M. Fawcett of Whittier [illegible] acres of lemons for $11,000, and the [illegible] for the property. The second year he [illegible] larger amount, due to his care and [illegible] the grove. That year he took $[illegible] for the crop.

G. W. Sargeant of Whittier in 1900 [illegible] acre orchard of fourteen-year-old trees [illegible] trict. From September 1, 1906, to September [illegible] he gathered 500,000 pounds of lemons [illegible] or about a car and a half to the acre.

Citrus Farms Company,

Dear Sirs: I wish to say that I have investigated the Citrus lands and water of the Citrus Farms Company and consider it as an investment a good proposition for anyone that wishes to launch in that business, and as a Lemon proposition I think it as good as anything I have ever seen.

Respectfully,

(Signed) W. E. STANTON.

SANTA PAULA, Cal., May 24, 1912.

To Whom It May Concern:

This is to certify that I am fully conversant with the Citrus Farms Company and have personally inspected their citrus property, consisting of one thousand acres in "Pleasant Valley."

I consider it one of the best Lemon propositions in the State and have purchased six hundred and twenty-five shares of the stock. I do not hesitate to recommend it to anyone. Very truly yours,

(Signed) JOHN IRWIN.

SANTA BARBARA, Cal., July 19, 1912.

Mr. Thomas B. Leddy,
Manager of Citrus Farms Co.,
Santa Paula, Cal.

Dear Sir: I wish to express my satisfaction at having become a stockholder in your company and that I have become identified in an enterprise which has such great promises and which starts with all the essential elements to secure great success. Since my visit to the land and investigation of your enterprise I feel convinced you possess a wonderful combination of all the necessary factors. The location of the land is unsurpassed, the topography of the hills back of it being such that your orchards will be protected from the prevailing northwest winds. This, together with its elevation from the floor of the valley, insures its protection from cold currents of air and, therefore, from frost. I find the soil is of that quality best suited to lemons. The valuable and abundant water rights you have secured, coupled with all the other essential factors, together with the scientific management you are planning to adopt, in my opinion insure great success to the enterprise and I shall take great interest in its development.

Yours very truly,

(Signed) CHARLES FREDERICK EATON.

To Whom It May Concern:

This is to certify that I have personally inspected the property of the Citrus Farms Company, located in Pleasant Valley, County of Ventura, California, consisting of 1080 acres and nine flowing wells of water. I consider this an ideal location and soil for the culture of lemons and especially well located for irrigating. The soil is a sandy loam, has southern exposure, well protected from the winds, and, I am informed, frostless. I consider it one of the best propositions that has been placed before me for my consideration and cheerfully recommend same to anyone interested in Citrus fruit land, and as a business proposition worthy of careful consideration.

Dear Sir: Asked as to my opinion of the Citrus Farms Company as an investment, I will say that I know their 1080 acres in Pleasant Valley are especially adapted to growing lemons, and my taking a substantial amount of stock in the company is evidence that I consider it a good investment and can recommend it as such. Yours truly,

A PORTION OF THE CROWD THAT VIEWED GIBRALTAR ACRES AT BLOOMINGTON ON SUNDAY.

The assets that are every day earning profits for the dollar that is invested in Gibraltar are steadily growing. There is now a vast chain of nurseries located in several counties growing the greatest supply of olive trees in the world, and they will be able to furnish a greater number of trees to plant the fertile, undeveloped acres of California than the combined output of all the olive nurseries of the world.

THERE IS A GREAT DEMAND FOR THE OLIVE TREE AND GIBRALTAR HAS THE GREATEST NUMBER

We are propagating and growing 11,000,000 olive trees, besides hundreds of thousands of orange trees and other nursery stock, and the investor in Gibraltar will realize profits from the sale of these trees at market prices that are steadily advancing. There are additional profits in the selling of the planted Gibraltar Acres. The California investor should not forget that there are 8,000,000 acres in this State and Arizona suitable for the growing of the olive, and that it will take 200,000,000 trees to plant them.

we paid for our house," resumed the witness. "At first I thought it was none of his affair, but he assured me he meant his remark as a friend. I then said we paid $1800, part down and the rest $15 a month. He then said it was too bad that Bob was obliged to work so hard at his time of life.

"Mr. Franklin then said: 'Mrs. Bain, I am in a position to help you. But you must first promise not to say a word to the District Attorney.' I promised, though I thought it strange. He then asked if my husband was not drawn on the McNamara jury. I replied that a subpoena was left at a neighbor's house for him.

"Mr. Franklin told me that the 'McNamara boys' were innocent; that they were being 'railroaded to jail,' and that the prosecution was bribing witnesses and jurors so the defense was forced to do the same. I told him I believed the McNamaras were innocent. He then said he wanted Bob to get on the jury," said the witness.

BRIBE OFFERED HER.

"'If he does there is $500 in it for you,' he said. He asked me if I thought he could speak to my husband. I said 'no.' He then asked me to speak to him, and at last I consented."

Mrs. Bain declared that Franklin told her $500 would be paid in advance whether Bain qualified or not and that if he held out for an acquittal in the case of the People against J. B. McNamara he was to receive $3500 additional at the end of the trial.

According to the witness, Franklin then arranged to see Bain after his wife had opened the subject to him. "If anyone can persuade Bob, I can," testified Mrs. Bain, quoting herself, with anguish marked on her face.

The little woman struggled with her emotion as she told in broken sentences of her successful attempt to corrupt her husband, a veteran of the Civil War and a member of the famous Fife and Drum Corps of this city. She told her story graphically. She said her husband at first rebelled at her suggestions and declared that Franklin "should have been kicked out of the house."

MUCH AFFECTED.

As the story proceeded Mrs. Bain became obviously unstrung. Asst. Dist.-Atty. Ford suggested that a recess be taken. The jurymen were plainly affected.

After recess Mrs. Bain proceeded with her story, but she still trembled from head to foot and suffered extreme nervousness. Finally she said Bain yielded. When she returned home that same evening from lodge meeting her husband told her $400 was on the bureau. In the morning they talked over the situation.

Franklin came to see them the following Sunday, said the witness. He told Bain that he must not feel ruffled if Darrow handled him roughly in the examination. Mrs. Bain recalled that Franklin forgot to bring out the other $100 of the $500 he promised as advance payment. He said he would pay $1000 [illegible] of the trial.

Mrs. Bain said she [illegible] lin after her husband [illegible] as one of the permanent [illegible] said some woman [illegible] called at the door and [illegible] address. She looked it up [illegible] it was Franklin's residence.

"Did you talk with your [illegible] after he was on the jury?" [illegible] Gray.

"No, except in the [illegible] bailiff."

The direct examination was [illegible] closed.

FRANKLIN ON STAND.

There was a perceptible [illegible] courtroom when Franklin [illegible] stand. He was examined by [illegible] Dist.-Atty. Ford. He told of [illegible] versation with Darrow on [illegible] 1911, which occurred, [illegible] Spring street near Second.

"Darrow told me [illegible] get busy with the jurors [illegible] Franklin in substance. [illegible] that $4000 would go to [illegible] who would hold out for the [illegible] of J. B. McNamara and [illegible] for each juror I secured. I [illegible] about Robert F. Bain, an old [illegible] of mine. Darrow said to go and see him. He gave me a [illegible] for $1000."

"What were you doing [illegible] to August 4, 1911?" inquired [illegible]

"I was investigating the [illegible] tions of prospective jurors."

"When did you get the [illegible] first venire?"

"About October 1."

"When did you discuss [illegible] the defendant?"

Franklin proceeded to tell [illegible] secured the check and [illegible] at the First National Bank [illegible] out $500 at the same time. [illegible] he was not positive about [illegible] nomination of the bills.

Franklin's testimony as to [illegible] versation between him and [illegible] substantially followed her [illegible] evidence. He said, however, [illegible] under the impression that he [illegible] a $20 bill in payment for [illegible] subscription to a newspaper [illegible] ceived $11 in change. [illegible] from Mrs. Bain on that point.

Franklin told of returning [illegible] evening of October 4 and [illegible] Bain. He stated he thinks [illegible] the $400 on the table and [illegible] to give Bain $3000 more at [illegible] of the trial.

One of the jurors noted [illegible] crepancy between the amount [illegible] tioned by Franklin and that [illegible] by the Bains. Franklin [illegible] that on the second visit to [illegible] residence, he believed he [illegible] the final payment was to [illegible]

The witness said he did [illegible] Bain again until after the [illegible] case terminated with the [illegible] of J. B. and J. J. McNamara.

"REPORTED IT TO DARROW."

"Did you report to Darrow?" [illegible] Ford.

"Yes I did, on the following [illegible] I think I told Darrow at [illegible] that Bain accepted the [illegible]

Franklin added that Darrow [illegible] him if he believed Bain [illegible] "stick" and that he (Franklin) [illegible] plied that the juror would [illegible] word.

Darrow began cross-examination [illegible] questioning Franklin about the [illegible] ous kinds of work he was engaged [illegible] The witness replied in detail.

Darrow then turned to [illegible] mencement of Franklin's [illegible] ment as detective for the [illegible] defense. From that time to [illegible] close of the session, Franklin [illegible] peared to misunderstand many [illegible] questions. Darrow became [illegible] perated. Time after time he [illegible] the court to make the witness [illegible] in positive terms.

Franklin's bank book was produced. As he read the [illegible] tries, Darrow chalked them on a blackboard. The deposits [illegible] the following checks given by Darrow to Franklin: September [illegible] September 11, $250; [illegible] $250; September [illegible] 20, $500; October 6, $1000; [illegible] 16, $500; October 24, $[illegible]

Make Your Fortune With Us

in this World-Important Project

THERE is a fortune to be made—of that there can be no doubt. Anyone familiar with the earnings of a stockyards knows that they exceed those of most of the industrial institutions of any great city. And there is less capital tied up in plant and equipment than in any other industrial project of equal importance.

All that is required are barns, pens and exchange building—no high cost machinery—no great expensive factory building—our whole plant and equipment can be put up for a very meager sum and operated at comparatively no cost except for the wages for necessary labor.

Of all the millions in yearly revenue that promise to be pouring into the treasury of this company, once the stockyards are running full blast, practically every dollar will go into dividends for stockholders.

It is seldom the general public has the chance to secure a share in such a project—the stock is generally gobbled up by a small clique of financial leaders who form a closed corporation and keep the enormous profits to themselves.

But it is the policy of this company to get as many shareholders as possible—we want the public's good will and active co-operation — especially of the stockmen upon whose support we must rely—as much as we want the money to operate the industry. So a limited number of shares, now almost entirely subscribed, has been placed for sale.

Your Last Chance to Buy Shares at $1.00 Ends February 8th at Midnight When Shares Go to $1.25

Opportunity has sounded a clarion call to you. The warning is unmistakable. Act before it is too late—before another chance to become independent has been lost through blind disbelief. Do not act rashly—do not rush into this matter—that is folly equal to complete disregard—but *do*, by all means, *find out about it!* Go into it with your eyes open and ready to learn and be convinced

The world is full of people who *could* have been *rich* today instead of poor if they had seized some of the same opportunities that made their neighbors rich. But they just "looked wise"—and *acted foolish*. They couldn't be shown until they couldn't get a show"—until the chance became one of the talked-of things of the past—a shining example to the tardy.

You can buy this exceptional security now at $1.00 a share. This is *rock-bottom*—it is getting in on the very ground floor of one of the biggest projects ever launched in Southern California. In just a few hours—Saturday at midnight—the price of shares goes to $1.25—and it is going to keep on going up—up!—up!—until in a very short time the price of these shares will place them as far beyond the reach of the small investor as are the shares of the big stockyards of eastern cities today.

Reserve Shares Now by Phone; Pay Later; 25% Down

You haven't one minute to lose in seizing this rare opportunity. At any time—today—this minute perhaps—every share may be subscribed for. The only way to be sure of getting your share of this very promising stock is to call up by phone now and have us reserve a block of this stock for you. Then we will hold it for you a reasonable length of time, until you can make any investigation you desire. If, after investigation you wish to cancel the order, you may do so without question. Stock will be sold in 25% monthly payments, if desired. Thus, a few dollars down will start you paying for a good block of stock, and the payments will not be heavy.

Remember that every dollar you put into this stock is just as safe as if you put it into the choicest Los Angeles real estate, for every share is backed and protected by our large, valuable tract of land at Boyle ave. and San Antonio St., junction of Santa Fe and Salt Lake Railroads, where preparations are now being completed to start building our mammoth plant. Now Get Us On the Phone and Reserve Your Stock at Once.

For the Public

New Formula Cures Coughs, Colds, Bronchitis and Hoarseness in Five Hours.

Much is being done in these days to stop the ravages of consumption, but probably nothing has been so effective as teaching the public how to break up a cold and cure coughs, bronchitis, tonsilitis, etc., with simple home-mixed medicine. A laxative cough syrup, free from whiskey is the prime need. A cough indicates inflammation and congestion, and these in turn are due to an excess of waste and poison in the system. A tonic laxative cough syrup rids the system of congestion, while relieving the painful coughing. Get the following and mix at home: One-half ounce fluid wild cherry bark, one ounce compound essence cardiol and three ounces syrup white pine compound. Shake the bottle and take twenty drops every half hour for four hours. Then one-half to one teaspoonful three or four times daily. Give children less, according to age. Cut this out and save it for some friend.—[Advertisement.]

For Sprains

Sloan's Liniment is the best remedy for sprains and bruises. It quiets the pain, relieves congestion and reduces the swelling very quickly.

HERE'S PROOF

Mr. Henry A. Vogel, 84 Somerset St., Plainfield, N.J., writes: "A friend sprained his ankle so badly that it went black. He laughed when I told him I would have him out in a week, but I rubbed his foot and then applied Sloan's Liniment, and in four days he was working, and said that was a right good liniment."

Mr. Jas. Hancock, of Salem, N.C., R.F.D. No. 4, writes: "My daughter sprained her wrist and she applied Sloan's Liniment and it has not hurt her since."

SLOAN'S LINIMENT

is unequalled as an antiseptic—heals cuts, wounds and burns, and will draw the poison from sting of poisonous insects.

At all dealers. Price 25c., 50c. and $1.00.

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

Pasadena.

PROPRIETOR IS INDIGNANT.

Councilmen Enjoined from Revoking License.

Hotels Green and Maryland Are Issued Permits.

House Looted by Daring Daylight Thieves.

PASADENA, Feb. 5.—The Hotel Maryland and the Hotel Green yesterday secured the advantages provided by recent charter amendment No. 10 by receiving permits from the City Council to serve liquor with meals. Applications for the permits were made several days ago and at yesterday's session all of the Councilmen voted for their issuance, with the exception of Councilman Barnes, who, declaring that he is opposed to the use of liquor, in any way, voted against it. The privileges became operative with the granting of the permits.

The Councilmen were given a surprise yesterday when W. H. Stevens, attorney for William Morse, proprietor of the Palm Cafe on North Fair Oks avenue, the rescinding of whose liquor license has been recommended by Chief of Police Wood, appeared in the Council Chamber and served a writ of prohibition on each of the Councilmen. The writ was secured in the Superior Court the afternoon previous and it prevents the city from revoking the permit at the present time unless it is shown that the law has been violated.

The matter was referred to the City Attorney. Members of the Council are to appear before Judge Willis in the Superior Court next Monday morning to explain their side in the controversy.

Chief of Police Wood yesterday also recommended the revocation of the liquor permit held by W. H. Stepp, proprietor of the Perkin Cafe, at No. 165 South Fair Oaks avenue. His recommendation was referred to the City Temperance Commission.

DAYLIGHT BURGLARY.

The home of Mrs. Anna Richards, at No. 290 South Michigan avenue, was burglarized between 2 and 2:30 o'clock yesterday and a number of articles of jewelry taken, including a gold watch, a gold bracelet, five gold rings and a gold locket. The house was entered with a pass key.

Mrs. Richards had just stepped out for a short time and on returning found that some one had been through the house.

CITY BRIEFS.

The Pasadena Country Club has elected the following board of directors to serve for the ensuing year: E. H. Robbins, Lloyd R. Macy, E. H. Groenendyke, Harry Gray, Freeman Ford and W. A. Brackenridge.

The City Council yesterday passed, on first reading, a new ordinance governing the accumulation and collecting of garbage. The penalty for violation of the terms of the ordinance is a fine not to exceed $500, or imprisonment in the City Jail not to exceed six months.

Former Councilman Fred E. Twombly yesterday announced his candidacy for City Commissioner and City Clerk Herman Dyer will probably also run.

S. T. Davidson has been elected president of the Pasadena Tourist Club, to serve for the ensuing year. T. B. Lewis is the new vice-president and John A. Gemmill secretary and treasurer. If the taxpayers of the city at next spring's election vote to purchase Carmelita the club, which now has its grounds where horseshoes are pitched and checkers played, at the corner of West Colorado and Delacy streets, will probably petition the city for a place on the playgrounds.

TROPICO.

TROPICO, Feb. 4.—The Tropico branch of the Parent-Teacher Association will hold the February meeting in the Tropico school auditorium Friday evening, when the fathers and male guardians of the children of Tropico, as well as the mothers, will be entertained. Mrs. W. H. Berteaux, president of the Tropico branch of the association, assisted by Mrs. Martha McClure, principal of the Tropico grammar school, has arranged a special musical programme, which will be supplemented by an address by Prof. J. H. Francis of the Los Angeles city schools. Prof. Karl Becker, graduate of the Royal Conservatory at Leipsic, Germany, a student of Prof. Hans Fitt, and later a student of Henry Holmes, the famous English violinist, and for two years, previous to the death of Prof. Holmes, was a member of the Holmes string quartette. At present Prof. Becker is assistant to Prof. Ignace Haroldi of Los Angeles. Prof. Becker will be accompanied Friday evening by Prof. Leo Oehmler, a well-known composer of Pasadena. Karl Becker will render several of Prof. Oehmler's compositions.

The Tropico Thursday Afternoon Club will be entertained by Mrs. W. A. Hough at her home on Central avenue Thursday.

ANNEXATION PROBLEMS.

South Pasadena Is Divided Into Three Camps and the Outcome Is Impossible to Foresee.

SOUTH PASADENA, Feb. 4.—Plans are afoot to hold a series of mass meetings to feel the local pulse as to annexation to Los Angeles. The movement is started by citizens who are in favor of annexation, but these express the desire to let the majority rule. To that end they have been circulating petitions for signatures throughout the city to gain the sentiment of the residents before holding any public meetings, and they now feel that the majority favor Los Angeles, but the city is divided into three parts, those who want to be in Los Angeles, those who yearn to be in the Pasadena fold, and those who are content with things as they are. The contingent inclined to Los Angeles is said to be making plans to canvass the territory, dividing the city into precincts with workers in each.

A neighborhood meeting which was attended by twenty-five was held at the residence of W. W. Hinstinton of Huntington drive last evening, and the benefits to be derived by belonging to the larger city were discussed, prominently among which were sewers, fire protection, Owens River water, police service, better streets, etc. It is stated these meetings will be held semi-weekly as an educational feature to the citizens at large.

S. W. Westmeyer of Globe Gives Wife a Thousand Dollars and Ends Life With Revolver.

REDONDO BEACH, Feb. 4.—S. W. Westmeyer of Globe, Ariz., believed to be a wealthy mining man, shot himself in the head, dying almost instantly, in front of the Hotel Redondo at 5 o'clock this evening. A note found on his person dated Redondo, February 4, asked that his wife, residing at the Hotel Trenton, No. [illegible] South Olive street, Los Angeles, be notified; also Rescue Lodge, No. [illegible] I.O.O.F., Globe, Ariz., and expressed the desire that he be buried by the Odd Fellows and that his wife have his effects. No cause was given in the note for the act. Westmeyer was carrying a suit case and, supposedly, had just got off a car. He was well dressed and evidently prosperous. Deputy Coroner Cape took charge of the body and removed it to the [illegible] undertaking establishment. A stub in a check-book found on the body indicated he had given his wife $1000 the day before his death.

Inquiry at the Hotel Trenton developed the fact that Mrs. Westmeyer had been stopping there, but it was stated that she had left in the afternoon. Though the facts of the suicide were known at the Trenton, it was positively stated that no one there knew anything of the couple, nor where Mrs. Westmeyer had gone.

One of the Foremost Citizens of Lordsburg Offers Help to His City When Bond Buyers Fail.

LORDSBURG, Feb. 4.—Henry L. Kuns, Lordsburg's foremost citizen, has come forward with an offer to buy the $26,000 worth of street improvement bonds authorized several months ago, but which have not been sold, owing to a blunder of the City Attorney, which delayed the sale until the bottom went out of the bond market. The Council will hold a meeting Thursday evening to consult with Mr. Kuns in regard to the matter. The people of the town are delighted over the generous offer, as the work will be given to home people, and will come in at just the time it is most needed.

An injunction suit, which threatened to rupture the amicable relations between Lordsburg and San Dimas, was settled satisfactory to both parties at a meeting of the City Trustees last evening. The trouble grew out of the effort of the city to restrain the San Dimas Water Company, which owns several wells in this city, from crossing certain streets with its pipe lines. In consideration of the granting of the privilege the company allows the city to connect its mains with their system for emergency use.

W. M. McCollister, head of the Pacific Coast agency of the Continental Casualty Company, is registered at the Van Nuys from San Francisco, accompanied by W. W. McIntosh of the same city and C. R. Daly of Memphis. Mr. and Mrs. H. F. [illegible] are passing a few days at the same hotel. Stoll is head of the [illegible] Italian Colony Company. Among the Canadian people who arrived at the hotel yesterday are D. I. McDonald of Prince Rupert, Mr. and Mrs. [illegible] Jones of Victoria and Mr. and Mrs. J. W. Corcoran of Toronto.

The largest party of foreign travelers that has arrived in Los Angeles in some time registered at the Alexandria yesterday from Germany. Its members are merchants, manufacturers and some professional men with their wives. There are about forty in the party, which is chaperoned by Edward Gaulke, an official of the Hamburg-American Company. Among the other guests at the same hotel are Lieut. B. K. Johnson, U.S.N., of San Francisco; Mrs. R. G. Guillemin, cousin by marriage of the famous French artist of that name, and Mrs. Susan Keen of Portland and Theodore Gary, a Kansas City capitalist, and his wife.

M. Bamberger, a Salt Lake capitalist, who has large interests in Southern California, arrived at the Hayward yesterday from San Francisco, where he visited friends. Mr. and Mrs. John T. White are among Salt Lake City people registered at the same hotel. John Gordon, who has mining interests at Oroville, and L. Hill, an official of the Tonopah and Tidewater at Goldfield, and Mrs. Hill are among the other guests at the hotel.

Dr. C. A. Publors and wife are spending a few days at the Lankershim, registered from Picton, Ont. Mr. and Mrs. T. B. Watson are registered at the same hotel. Will Look Berger Over if Sox Pass Him Up.

BY HARRY WILLIAMS.

[illegible] Chance, the Californian on [illegible] broad shoulders has been saddled the task of lifting the New York [illegible] into the first division, will [illegible] tomorrow for the scene of [illegible] accompanied by Mrs. Chance. He will go direct to Chicago. [illegible] will linger amid old scenes [illegible] a few hours, as he has an [illegible] appointment to keep with [illegible] Frank Farrell in New York. Chance was in Los Angeles yesterday, but he had but little time to [illegible] among his friends. First, [illegible] Dr. Jud Smith hammer some [illegible] a couple of aching molars. [illegible] the railroad offices and the [illegible] occupied most of his time. [illegible] is essentially a business man [illegible] of season.

[illegible] was caught in the act of [illegible] a first baseman's glove.

"[illegible] like you are going to get [illegible] the game," I remarked.

[illegible] admitted the indictment.

MAY PLAY FIRST.

"[illegible] don't play first base it will [illegible] the hot weather back there [illegible] for me," said he. "Last [illegible] it took only about five minutes [illegible] to drive me back to cov[illegible] [illegible] I have felt better since the [illegible] Out on my ranch I have [illegible] around with my hat off [illegible] hottest days and experienced [illegible] This has led me to [illegible] that I will be able to stay on [illegible] all season."

"[illegible] about Chase?"

[illegible] said that he would like to [illegible] to second base, and [illegible] every reason to believe that [illegible] a star in that position. He [illegible] a high-class outfielder. In [illegible] there are but few positions [illegible] cannot play. No trouble to [illegible] for him."

[illegible] reiterated his intention to [illegible] Berger under the spec[illegible] consenting to let him get [illegible] the league.

"[illegible] heard so much of Berger that I will insist on having a look at him, providing Chicago can't use him," said Frank. "They tell me that Derrick, who was secured from Baltimore through Connie Mack, is a crack shortstop. And then I have a number of young infielders. Should any of these look better than Berger, then, of course, Chicago can dispose of him as it sees fit."

Chance is desirous of landing a good third baseman, but further than that he had nothing to give out regarding any deals that may be pending. He is to attend the annual meeting of the American League in New York on February 11, and it is more than likely that he will endeavor to make a swap or two during that session.

He will remain in New York until March 1, when the team will sail for Bermuda. During this time he will be outlining the 1913 campaign with Farrell.

Chance has been handed a team that was a rank failure last season. In view of this, it will not be necessary for him to land one-two-three in order to maintain his managerial prestige. If he can hoist the New Yorkers into hailing distance of the first division against such clubs as Boston, Philadelphia, Detroit, Chicago, Washington and Cleveland he will have done the Atlas act to the satisfaction of all concerned.

In going from Chicago to New York Chance is keeping within the zone of the bitterest baseball hostility. The rivalry between the two towns dates from 1874, when in a game between the New York Mutuals and Chicago, the Mutuals won by a score of 38 to 1. Since that day there has been no baseball love lost between the big burgs.

California is thickly populated with Chance admirers, and the fortunes of his club will be followed almost as closely here as in New York.

Chance denies there has been any foundation for the reports that he figured on getting Overall. He believes that it will be impossible to get Orvie out of the National League, even if he is reinstated.

KLING NOT TO PLAY BALL AGAIN.

[A. P. NIGHT WIRE TO THE TIMES.]

CINCINNATI, Feb. 4.—In a letter to President August Herrmann of the Cincinnati National League Baseball Club yesterday Manager Joe Tinker announced that he had abandoned all efforts to obtain the services of Johnny Kling as the catcher for the Cincinnati team.

Fiat Team Wanted at Savannah, Ultimatum.

BY [illegible] C. SMITH.

Teddy Tetzlaff will drive a Fiat in the Grand Prix race in Paris this year, and possibly in the Vanderbilt at Savannah. His disqualification by the A.A.A. will not interfere with his racing abroad. Attorney E. E. Hewlett, owner of the Fiat racing cars, received word yesterday from Harvey Granger, president of the Savannah Auto Club, asking for the entry of the Fiat team in the Vanderbilt and Grand Prize races to be run at Savannah this year.

"Of course you understand that the A.A.A. has nothing to do with the Savannah Grand Prize," says Granger in his dispatch to Hewlett. "We will send you entry blanks for both the Grand Prize and the Vanderbilt races. We are anxious to have you and your cars with us and we are certain you will not regret your trip."

On receipt of this message Attorney Hewlett at once announced that he will send Tetzlaff to Paris, if the champion makes good in the meet at Ascot Sunday. He also stated that George Hill and Caley Bragg will be the other two drivers on the big Fiat races. Hill will also appear in the Ascot meet, and it will be possible to get a line on his work there.

TRACK BEING DRESSED.

Ascot Park is being worked into shape for a fast meet Sunday afternoon. The course is being rolled and soaked with water and should be as speedy as when Bob Burman made his sensational mile at the [illegible] hold on the track.

Teddy Tetzlaff will be out tomorrow with the Fiat "Cyclone," in preparation for the time trials which are to feature the opening of the meet. Tetzlaff is confident of breaking a world record.

KILBANE HAS VERY EASY TIME WITH KID DRISCOLL.

Feather Champion Outpoints Young Brooklyn Boy in Tame Fight Very Much One Way—Johnny Was in Good Condition and Might Have Won by a Knockout Had He Tried Hard.

[BY FEDERAL (WIRELESS) LINE TO THE TIMES.]

NEW YORK BUREAU OF THE TIMES, Feb. 4.—[Special Dispatch.] Young Driscoll, a Brooklyn featherweight made a splendid punching bag for Champion Johnny Kilbane, in a ten round bout at the Irving Athletic club tonight. For the entire ten rounds the Cleveland title-holder punched his opponent at will and his failure to land a knockout blow was probably due to his desire to refrain from seriously injuring the youngster.

Driscoll appeared to be suffering from a severe attack of stage fright and for the opening five rounds failed to land even the semblance of a glove on the champion. He was subjected to a terrific mauling, but was not so badly hurt as he might have been. The champion's punches did not carry the steam necessary to send his man to the mat and while on several occasions he had Driscoll in a bad way, he could not get over the telling punch.

KILBANE HEAVY.

Johnny had two pounds and a half advantage in the weight, entering the ring, according to the official weights at 126½ pounds, while the local boxer tipped the beam at only 124. A fair sized crowd saw the bout, but the attendance fell far below expectations of the management.

Kilbane had things all his own for the first five rounds and easily evaded the few punches attempted by his opponent, while his own blows never failed to reach their mark. Driscoll's peculiar style of boxing somewhat baffled the champion, but as soon as he solved his rival's method Kilbane began to deal out some real punishment.

In the seventh round he had Driscoll in a fair way of going down for the count, staggering him with a terrific left to the jaw, but he failed to follow up his advantage and Driscoll was still trying to fight when the bell sounded.

HUDDY PREPARES FOR TWENTY BOUTS.

William Huddy, president of the Columbia Athletic Club, will stage the most extensive boxing card ever given here at Jack Doyle's camp in Vernon, Thursday night, February 13.

He will put on a total of twenty three-round bouts.

Huddy is now engaged in the rather formidable task of selecting the material for this card from his big class. Last night the Columbia club was busier than a bee hive, when he had a total of seventy-five boxers working out.

Jimmy Lastro, a 118-pounder, and A. Masuch, 122 pounds, made an especially good showing. Huddy will send these boys into the inter-club matches with the L.A.A.C. champions on February 25.

MANY GAMES BY WHITE SOX TEAM.

COMISKEY'S CLUB TO EXHIBIT HERE TWENTY DAYS.

Sixteen Contests Scheduled With Hen Berry's Angels and Four With the Venice Tigers—Chicago Players to Practice at Pasadena. Work Started Yesterday at Venice.

The Chicago White Sox will play from eighteen to twenty games in Los Angeles and vicinity in March.

Tip O'Neill tipped off the schedule to this extent in the course of a flying visit to Los Angeles yesterday. The Sox will play a total of sixteen games with the two local Coast League clubs—twelve with Los Angeles and four with the Venice Tigers—one of the latter being the formal opening of the Tigers' seaside home.

All of these games, with the exception of the "house-warmer" at Venice, will be played at Washington Park.

There are already applications in for games from San Bernardino and Occidental College and other teams are likely to make a bid.

Chicago has a total of twenty-two playing dates in these parts. At least two of these will be unoccupied, as continuous baseball does not appeal to athletes in spring training.

The Comiskey cohorts are due to arrive at Paso Robles on February 24. Having been boiled out to the required degree of tenderness, the squad will be divided into two parts. That part known as team No. 2 will come south and open here with the Angels at Washington Park on Thursday, March 6, in the first of a four-game series. The following week it is to play the Angels four games, starting on Thursday.

It will then give way to the No. 1 team, which will open a four-game series with the Angels on the following Thursday. The first team will then be turned over to the tender mercies of the Tigers, who will face it in four games, the first of which, as partly divulged a few lines astern, will signalize the formal opening of the Venice grounds.

SOX FOR PASADENA.

The White Sox are to make their headquarters in Pasadena. O'Neill yesterday approved of the arrangements already made by Henry Berry for spring quarters there. Berry immediately took O'Neill in tow, piloted him to the Crown City and introduced him to D. M. Linnard, members of the City Council and several civic organizations.

Charles Comiskey, president of the club, his personal friends and the Chicago "war correspondents" will stay at the Hotel Maryland, while the

MANY BOUTS FOR VENICE ON FRIDAY.

Bert Fagin with either Bud Daley or Claud Mitchell, will probably be the wind-up fight bill for Venice on Friday night.

Matchmaker Harry Gilmore had announced Phil Donovan of Redondo to meet the winner of the Mitchell-Daley match a week ago but Donovan has a bad cold and was compelled to cancel the match. Gilmore had selected Daley for Donovan, as a result of his hard fought draw with Mitchell. Inasmuch as Donovan has withdrawn Bert Fagin may be used in his place and give Mitchell the choice against Fagin, thus holding the proposed Daley-Donovan match a week later.

Harry Atwood will probably be used with some good opponent.

Among other contestants will be Curley Flynn and George Dempsey, at 133, Red Dwyer and Battling King at 130 pounds and George Kilbore and Charley Kirby, 145 pounds. Other matches will be completed Wednesday.

MEETING NEXT MONDAY.

CHICAGO, Feb. 4.—[By A. P. Night Wire.] President Ban Johnson of the American League made the announcement last night that the schedule meeting of the league, which had been set for next Tuesday in New York, had been advanced to Monday. Manager Frank Chance of the New York team is expected to accompany President Johnson to New York next Sunday for the meeting.

NO BOXING FOR NORTHERN BUGS.

OLYMPIA, Feb. 4.—The bill to legalize boxing in Washington was defeated by the State Senate today.

Notice of reconsideration was given and if this fails the bill cannot be brought up again at this session.

MANY BATTLES ON ATHLETIC CLUB CARD.

Nearly fifty amateur boxers responded last night to the call issued by Cliff Rouman, chairman of the Boxing Committee of the Los Angeles Athletic Club, with the result that ten matches were slated for the big inter-club boxing tourney, which will take place in the club gymnasium on Tuesday evening, February 25.

Four or five more matches will be arranged, so that club members will be assured at least fifteen fast bouts. The affair will be for members only and no championships will be involved.

The matches made last night include the following: George Lamerson (St. Joseph' Young Men's Club) and Joe Rosenblum, at 125 pounds; Ernie Clarke (L.A.A.C.) and A. V. Mauch (St. J.Y.M.C.) at 145 pounds; Joe Neito (L.A.A.C.) and Heinie Brand (L.A.A.C.) at 120 pounds; Pete Towne (L.A.A.C.) and Tom Othmer (Western A.C.) at 158 pounds; Fred Hawtrey (Columbia A. C.) and B. Livermore (St. J.Y.M.C.) at 158 pounds; Brock Miller (St. J.Y.M.C.) and Paul Trujillo, at 125 pounds; Buzz Hughes (L.A.A.C.) and Lex Crooks, at 135 pounds; Edwards and Bob Mechenhaupt (St. J.Y.M.C.) at 145 pounds; Chancellor and Claude Felis (W.A.C.) heavyweight.

TENNIS AT SAN DIEGO ON FRIDAY.

[BY A. P. NIGHT WIRE TO THE TIMES.]

SAN DIEGO, Feb. 4.—Crack tennis players of the coast will arrive in a day or two for the Coronado tournament which begins Friday and will continue four days. From San Francisco will come William Johnson, California champion; Ella Fottrell, Clarence Griffin and John Strachan.

Players from Oakland are also expected. From Los Angeles will come T. C. Bundy and Mrs. May Sutton Bundy, Nat C. Browne, Claude A. Wayne, Simpson Sinsabaugh, H. R. Baley, A. C. Way, Jr., Miss Florence Sutton and Mrs. Ethel S. Bruce. Local players will also compete.

BUSINESS SHOW ALL THE RAGE.

Coliseum Calls Big Army of Gasoline Fans.

Mulford and De Palma Shine at Great Exhibit.

BY WARREN VANCE.

[BY FEDERAL (WIRELESS) LINE TO THE TIMES.]

CHICAGO BUREAU OF THE TIMES, Feb. 4.—[Special Dispatch.] The army of exhibitors at the big automobile show, now being held in Chicago under the auspices of the National Association of Automobile Manufacturers, is participating in a harvest of orders. No previous show held in Chicago has achieved the success of the one now in progress in the Coliseum and the First Regiment Armory, according to exhibitors. By the end of the week it is predicted that a new attendance record will have been established.

MANY DEALERS PRESENT.

Retail sales are large and there are many more dealers here than ever attended a previous show and they have come for the express purpose of buying. The exhibition is called the "business show" of the country. So crowded are some of the stands that several of the manufacturers have taken advantage of local representation by providing special shows down the automobile row in Michigan avenue.

Manager Miles is most optimistic as to the outcome of the show. While he never gives out attendance figures, he said today that if the latter part of the week is as good as the first, a new record will be established.

While Saturday's attendance was about ordinary, that of yesterday was far in excess of any Monday in the thirteen years the show has been held here. This was particularly true as applied to the agents, more out of town dealers having registered already than in four days last year.

RACES TALKED OF.

Not all trade talk at the show, either. Builders interested in contests are making plans for the summer and considerable race talk is heard. One of the stories is to the effect that Ralph Mulford, winner of the 1911 Vanderbilt and 1912 Elgin National, will drive a Mercedes this year, the same make which won so much fame for Ralph De Palma last year.

It is stated authoritatively that Mulford is about to go to Germany, where he will stop at the Mercedes factory and superintend the construction of a four-cylinder motor which will be small enough to get inside the 450 cubic inch piston displacement limit that will prevail in the most of the big races this year.

Mulford will drive in the 500-mile race at Indianapolis. De Palma, who used to drive a Mercedes, will pilot a Mercer. He will drive this car in the 500-mile race and his team mates will be Caleb Bragg, the winner of the 1912 American Grand Prix, and Spencer Wishart, one of the best American racing drivers.

New Schedule.

EARLIER BALL FOR CHICAGO.

Murphy Says Games Are to Begin at Two O'clock.

McGill of Denver Wants One Cub Catcher.

Ed Walsh to Be Shown Some Mercy This Year.

[BY FEDERAL (WIRELESS) LINE TO THE TIMES.]

CHICAGO BUREAU OF THE TIMES, Feb. 4.—[Special Dispatch.] All games at Cub Park hereafter will star at 2 o'clock, one hour earlier than usual, to attract more business men and to win favor with the housewife—also to insure the fan a warm dinner instead of a cold meal.

President Charles W. Murphy of the Chicago National League Club made this announcement today, after due consideration and thorough investigation. When the Cub owner two years ago moved up the starting time from 3:30 to 3 o'clock, a wave of reform spread over the country. Murphy has come to the conclusion that the earlier the games are started the better a majority of the fans are pleased.

"I want to give the business men a chance to go to the ball game after lunch and then go back to their offices to sign for their mail," Murphy explained. "Then, again, it will give many women a chance to get out to see the games and then go home in plenty of time for dinner. So many fans live in the suburbs that I feel that it is to their advantage to have the games started early. It is the regular matinee hour and besides, anyone who can go to the ball park at 3 o'clock can go there at 2 o'clock."

If, however, the 2 o'clock starting time proves a failure, Murphy will start at the 3:30 opening time.

M'GILL GETS BUSY.

James C. McGill of the Denver Western League champions, was a caller at Cub headquarters today. He is stopping off a day or two with Manager Jack Hendricks before he goes East to take in the big league meetings in New York, where he expects to find one or two players that the majors won't let go. The call on President Charles W. Murphy today was made in regard to Catcher Mike Hechinger of the Cubs.

In some way the officials of the National Commission have become mixed up over the new rule regarding the release of the youngster. President McGill has received word from Secretary Farrell of the National Association to send on his check for $750 for Hechinger and the money has been forwarded, although the Chicago club has not made known its intention to release the backstop without a trial.

Murphy wrote to Secretary Farrell asking him what has caused him to think that the Cubs were willing to relinquish their hold upon the young catcher.

Apparently the new rule covering the return of major league players to minor leagues has every one guessing.

Kid Gleason, as assistant to Manager Jimmy Callahan of the White Sox writes that he is preparing for the long trip from his home in Philadelphia across the continent to Pasadena, Cal., with the team.

WILL REST WALSH.

Gleason thinks big Ed Walsh is one of the pitching wonders of all time. Callahan and Gleason plan to give Walsh more rest the coming season and believe he will win a larger per cent. of his games as a result. Walsh has claimed Pitcher Joe Benz as a protege and is going to assist in training the butcher boy.

President Charles W. Murphy of the Cubs in another signed article predicts that Roger Patrick Bresnahan will be one of the big fellows in baseball in 1913, even if fate has played against him.

"Disappointed critics," writes the Cub boss, referring to Pittsburgh and Cincinnati writers, "have tried to create the impression that Roger is about the same age as Andrew Carnegie or John D. Rockefeller, and that he has a long white beard down to his knees."

He predicts Bresnahan will be one of the star major league catchers for the next five years.

NEW COACHES POSSIBLE.

NEW HAVEN (Ct.) Feb. 4.—[By A. P. Night Wire.] At a meeting of Yale crew candidates tonight, Capt. Snowden announced that he was hopeful of securing the services of Messrs. Kirby and Gold, two Oxford oarsmen, to assist in coaching the Yale crews in the spring. Snowden, who had just returned from England, where he studied the English rowing methods, also said that Yale will not change its style of rowing from that used last year.

Season Mapped.

BIG MARATHON RACE IN APRIL.

Many Entries Assured for Y.M.C.A. Event.

Seven Hundred Boys to Take Mayor's Message.

Course to Be from Redlands to Santa Barbara.

Some boy, carrying a message from the Mayor of Redlands, will dart away from the Y.M.C.A. building in that city in April with a silver tube clutched in his fist. Along a path black with human beings he will speed for half a mile to a waiting figure, which in turn will run forward with the sealed message.

This other boy and another and another—700 in the aggregate—relayed along a 296-mile road, will carry their tiny burden across the orange belt, through cities, foothills and valleys, along the ocean shore, and more than twenty-four hours from the time that letter starts it will reach the intended recipient, the Mayor of Santa Barbara.

MUCH LONGER COURSE.

This day-and-night dash against time is the third of its kind to be scheduled in Southern California. It will be longer and somewhat more difficult than the others were, and in point of obstacles to be overcome will be the hardest event of the kind ever attempted in the United States.

Boys from thirteen Y.M.C.A.'s will be chosen to carry the message. The two previous races of the kind were run from Santa Barbara to Redlands May 27-28, 1910, and May 12-13, 1911, at the suggestion of Harry D. Cross, boys' secretary of the Los Angeles association. Similar races previously had been conducted by the eastern associations from New York to Chicago.

At the conference of Y.M.C.A. secretaries held this week at the Los Angeles association a committee consisting of Mr. Cross, E. J. Russell, secretary for Los Angeles county work; Clyde Doyle, assistant superintendent of the George Junior Republic at Chino, and W. A. Stilwell, boys' physical director at the Los Angeles Y.M.C.A., was appointed to conduct the 1913 race. None was held last year because of the illness of Mr. Cross.

START AT REDLANDS.

Though this committee has not yet mapped out the details of the event, it has been decided to run the race from the Redlands end instead of from Santa Barbara as before. The date has been set for April 25 and 26, a Friday and Saturday, when the moon is full.

The choice of the boys who will represent the thirteen associations will be made in the meantime, the coveted places on the teams to be given to those who are most faithful in attendance at gymnasium classes, who exhibit the greatest athletic prowess and whose physical condition may be found equal to the strain.

As in the previous races, the average distance to be run by the boys will be half a mile, with one mile as the maximum, the length assigned depending on the grade, condition of the road and other circumstances.

The distance in the other races was 241 miles and 582 boys helped carry the message. The inclusion of San Bernardino and a number of other cities this year has made the route far more circuitous and the mileage will be 296, with the number of runners correspondingly increased.

ROUTE SELECTED.

If the committee's plans are not modified the cities on the elongated Marathon will include the following in the order named: Redlands, San Bernardino, Colton, Riverside, Etiwanda, Cucamonga, Upland, Ontario, Chino, Claremont, Pomona, Lordsburg, Covina, Azusa, Monrovia, Lamanda Park, Pasadena, Alhambra, Whittier, Fullerton, Anaheim, Orange, Santa Ana, Long Beach, Compton, Watts, Los Angeles, Tropico, Burbank, San Fernando, Saugus, Fillmore, Santa Paula, Ventura and Santa Barbara.

One of the detours not on the line of the previous races is that which includes Chino. This was done chiefly in order to give the George Junior Republic boys a chance to see and take part in the event. Instead of following El Camino Real northward from the city the Tropico-Burbank road has been adopted. From Ventura the race will follow the new Rincon Causeway, instead of climbing the difficult Casitas Pass.

M'INTYRE A HOLDOUT.

SAN FRANCISCO, Feb. 4.—[By A. P. Night Wire.] Matty McIntyre, heaviest hitter of the Pacific Coast League last season, will not play with the San Francisco team this year.

J. Cal Ewing received a letter from McIntyre today in which the ball player declares he will remain in Detroit and play independent ball. Failure to reach an agreement as to terms is the cause of his refusal to sign.

WINS ALL HONORS.

BOSTON, Feb. 4.—[By A. P. Night Wire.] "Bobby" McLean of Chicago outskated all opponents in the national indoor skating championship races here tonight. McLean won the titles in the mile and half-mile event and outdistanced the field in a one-mile handicap race, in which he started at scratch.

Prize for Tetzlaff.

chance to skim around the curves close to the edge. The turns are wide and will allow faster work than ever before. Barney Oldfield is a past master at track work on Ascot. Tetzlaff will drive much the same as Oldfield did when he smashed so many world records. The Fiat is tuned to do better than 100 miles an hour.

VERBECK-HUFF MATCH.

The match race between Frank Verbeck on the Napier and another driver to be named later, with the Fiat, promises to be one of the spectacular events of the day. Felix Magone will drive the 130-horse-power Fiat and these three should make a race that will keep the crowd interested every second the cars are on the course.

The smaller cars are to be entered in the twenty-five-mile event. This is to be for the largest purse of the day and in this race a new world record for the 300 cubic inches and under class should be hung up. The entries for this event will not close until Friday night and by that time it is expected that at least ten fast cars will be lined up for the quarter-century dash.

W. J. La Casse, manager of the local Studebaker branch, is taking a keen interest in the meet. He has entered two Studebaker cars, and is confident of winning. The thirty-horse-power speedsters are stripped for action and have shown their class on several tracks. At Ascot the Studebaker is the favorite, though there are several other particularly fast cars in this event.

George B. Kirkwood of the Eastern Motor Car Company has made a special effort to get a Cutting racer here in time for the meet, but it is not likely the car will arrive soon enough to permit of the right amount of practice. Walter Brown of the Brown-Symonds Company, agents for the Stutz, is also anxious to secure a Stutz racer with Earle Cooper at the helm.

Those who are interested in the meet are anxious that Earle Cooper should be drawn into the contest. A match between Tetzlaff and Cooper, they argue, would be a great drawing card. Cooper is at Fresno and could be brought here in time to appear against the classy bunch of drivers already entered and if Manager Hempel has his way, Cooper will be one of the attractions.

ST. LOUIS WANTS HONOR.

ST. LOUIS, Feb. 4.—[By A. P. Night Wire.] It was decided today that efforts will be made by the Aero Club of St. Louis to obtain for St. Louis the annual American elimination race for balloons. The races will be held in June to determine the three American bags to be entered in the Gordon Bennett cup race to be sailed in France in October.

REAL CONTESTS ASSURED IN OXY RELAY CARNIVAL.

BY OWEN R. BIRD.

ONE week from Saturday the opening gun of the local track and field season will be fired on Baer Field, when the Occidental Relay Carnival is scheduled to produce the first actual competition of the season. This is almost like starting a dinner with the cake instead of soup, as relay races are always the final events of the track meets and then the spectators have to be content with just one race. Now there are to be seven races, covering all the distances and all the classes, which should produce thrills from the first to the last.

THREE CLASSES.

The meet has been divided into three classes. The first class is open to the Los Angeles City High Schools, Pasadena and Long Beach. The events to be run are the one-mile for eight men, each man running a 220; one mile for four men, each man running a 440 and the two mile, for four men, each man running 880 yards.

Class two is open to all High Schools not in class one and will have the following events: Half mile for four men, each man running 220 yards; one mile for four men, each man running 440 yards.

The third class is to be made up of the colleges and there are two events for the rah! rahs! The first is the two mile for four men, each man running 880 yards and the final is to be the mile relay for four men, each running 440 yards. It will be this race that will go to show who is who in the South in regard to 440 men, as here the pick of the three varsities is due to clash.

SPECIAL EVENTS.

Besides the relay events, there are three special events. The first is a High School 100-yard dash, open to all High School athletes. Second is the high jump, open to all High School entries, and last comes the pole vault, which is to be open to all, from college men to prep.

In this last named event there should be some pretty work, as Cliff Barnes of Pomona has been entered and will have to beat "Bo" Wilson, Oxy's new freshman star, who one week ago today cleared twelve feet three inches in a practice jump and in climbing the dizzy altitude, broke his vaulting pole. Borstrome of U.S.C. is not in form yet and probably will not be entered.

TWO POMONA TEAMS.

Pomona has entered two relay teams and the Trojans are going to have a 440 team in the field and may also have four men for the 880 racket. Oxy is to be in both events and the coach is trying out his men every night for the places. He expects to have the final trials next Saturday, at which time the teams are to be selected for the meet.

L.A. High, Poly, Manual, Long Beach and Pasadena are all counting on entering a team in each of the first class events, while nearly all the suburban High Schools of the South have entered at least one team in the class two programme.

HAWAIIAN POLO PLAYERS NOW ON AMERICAN SO

[BY DIRECT WIRE TO THE TIMES.]

SAN FRANCISCO, Feb. 4.—[Exclusive Dispatch.] Four members of the Hawaii polo team, which is to compete in the polo tournament to be held at Coronado, arrived yesterday on the liner Mongolia. The quartette of players included F. F. Baldwin, Sam A. Baldwin, A. H. Rice and Harold Castle. The wives of the two Baldwins accompanied them.

The party was met by Walter Dillingham, captain of the team, who came to the Coast several weeks ago to arrange for the participation of the island players in the coming matches.

The All-Hawaiian team will get into the game on February 9 in one of the preliminaries for which it has been entered. The men are also entered in all other games, and thus expect to have enough work on hand to put them in proper form for the championship games, which will continue from March 1 to [illegible] when the various [illegible] for the Shreve cup. MANY HORSEMEN TO VISI CHICAGO NEXT WE

[BY FEDERAL (WIRELESS) LINE TO THE TIMES.]

CHICAGO BUREAU OF THE TIMES, Feb. 4.—[Special Dispatch.] Stewards of the Great Western Harness Circuit will meet in Chicago February 17 to arrange dates, according to an announcement made today by W. H. Smollinger, secretary of that organization.

With the annual meeting of the American Trotting Association February 18 and the five-day sale of harness horses at the Stock Yards, Chicago will have many harness-world visitors during the week of Washington's Birthday anniversary. A banquet also is scheduled by the West Chicago Driving Club in honor of the visiting horsemen.

Mr. Smollinger, who is proprietor of the Iron Mountain Stock farm, an extensive handler of the harness horse, is the newest member of the board and represents the progressive element. [illegible] at Pomona.

[illegible] year it is even harder than [illegible] to draw any kind of a line on Pomona's track and field prospects. Any time Coach Stanton sends one [illegible] "hopes" through a race or out [illegible] the shot or hammer, the record [illegible] is a matter of mystery and we [illegible] all to figure for ourselves what [illegible] will do in actual competition.

[illegible] it would be nice to know [illegible] were doing, but the [illegible] the public is to be left in [illegible] only loads east to the coming [illegible] when these warriors are to [illegible] with the fighters from the [illegible].

[illegible] Gibson, Cliff Barnes, Harry [illegible], Freshman Sturgis, "Speed" [illegible] "Bud" Heath and Youngman [illegible] of known class, but [illegible] others will do is problematical. The youngsters mentioned are all [illegible] to score points in any of [illegible] this year, but will they [illegible] enough? That is the question [illegible] troubling all the Oxy and [illegible].

[illegible] Break Record.

[illegible] Jackson of U.S.C. will [illegible] himself this season, there [illegible] a new 440-yard record at [illegible] of the campaign. Jackson [illegible] the natural speed in the world [illegible] the present time could run any [illegible] quarter-milers on the Coast [illegible], but he will never run faster [illegible].

[illegible] to beat Larry Gillette of [illegible] the 440 in the A.A.U. meet, [illegible] will have to travel, as Larry is [illegible] in the West at the distance.

[illegible] for Oxy Start.

[illegible] is a slight cloud settling over [illegible] track and field prospects at the present time, due to the [illegible] spring baseball practice has [illegible] started and many of the track [illegible] like to give up the hard [illegible] and take up the diamond [illegible], so it is real fun at all times. [illegible] Coach Pipal and Capt. Seay [illegible] put the ban on all the point [illegible] of the track team and none [illegible] will be seen in a baseball [illegible] for three weeks at least.

[illegible] is a hard thing to have to pass [illegible] baseball for track, but the young [illegible] must remember that no college [illegible] is supposed to figure his own [illegible] or discomfort first. "The [illegible] thing for the college" is the iron rule and it must stick to make winning teams.

Tiger Baseball Team Out.

The Tiger baseball squad was out yesterday for its preliminary limbering up and after a hard batting practice the infield was shaken together and put through a few easy paces. Not all the promising ones were out yesterday, but McClung looks very good for either third or short and he also carries a good wallop in his bat. Seay, Wieman and McLain, of the old guard, appear to be a little faster this season, though it is early to make any predictions.

"Duke" Walk is the one best bet at Oxy, when it comes to the pitchers. This lively young left-hander is the boy that Hap Hogan tried to sign last year and again this season, but he wants the college life and hung out the "nothing doing" sign.

Bill Allen Goes Out.

There was one old "vet" missing when the baseball squad came on the field, and that was the easy-going "wing" of Bill Allen. Bill proved himself some little heaver last year and was counted one of the best "port-siders" in the south at the end of the season. Now the doctor says that Bill's heart is muscle-bound or something else is the matter. Anyway, he cannot put on a uniform this season.

This will throw all the slab work on Sid Foster and "Duke" Walk, but they are a lively pair and will probably breeze through without much trouble.

Trojans After Basket Title.

There are only two intercollegiate basketball teams in the south this season, the one at U.S.C. and the one at Whittier. The Trojans have taken the measure of the Quakers in the first game of the three-game series, at Whittier, to the painful surprise of the Quakers, who have been holding the Southern California basketball title for years.

The next game is to be played on the U.S.C. court and the chances are that the Trojans will take the flag then, as the team plays a great game on the home boards and after defeating the Quakers on their own court, the odds are even more in favor of the Methodists.

[illegible] By White Sox.

(Continued from First Page.)

[illegible] will be quartered in a building [illegible] that hostelry, [illegible] has been leased for the purpose. This building, which was originally erected for a training school, [illegible] equipped for the housing [illegible] athletes.

DIAMOND NOT ACCEPTED.

[illegible] grounds—Tournament Park, [illegible] Park and the Carmelita [illegible] were inspected. The [illegible] while a bit small, will probably [illegible]. It is there that the Sox [illegible] their morning practice. [illegible] details had previously [illegible] by Berry, all that re[illegible] O'Neill will be to give them [illegible] and he did this, with the [illegible] of closing the deal for the [illegible]. It is believed that he will [illegible], as Pasadena has offered [illegible] the place with a grass diamond.

[illegible] White Sox special will be one [illegible] and by far the [illegible] baseball train ever sent West. [illegible] and Callahan will have [illegible] playing on their roster. Several of them will be accompanied by [illegible]. Comiskey, as usual, will [illegible] big bunch of personal friends [illegible] men, and nearly twenty [illegible] league players will come [illegible] special, bringing the total [illegible] century mark.

[illegible] yesterday started in the [illegible] of the Tigers at Venice, and [illegible] is given by the contractor [illegible] park will be completed in [illegible] formal opening the last [illegible] in March. President Maier [illegible] were present yesterday [illegible] the ground-breaking.

[illegible] were yesterday lifted [illegible] of Happy Berry when [illegible] signed contracts of Charley Moore and Ty [illegible] are all in [illegible] of a winter of roughing it, and Berry is expecting great things of them.

Hari Maggert is satisfied to play in Los Angeles. This much is made clear in two letters received by Berry from Mr. and Mrs. Maggert. Hari was dissatisfied when he was with Oakland, but playing under those conditions loomed up as one of the best outfielders in the league. With him in a satisfied frame of mind, he should singe the clover the coming season.

Jack Atkin will leave today for Sacramento, where he is scheduled to have his first heart-to-heart talk tomorrow with Harry Wolverton, his new manager.

Atkin has given Wolverton carte blanche in the purchase of players, and they will now proceed to take an inventory. Wolverton is credited with recognizing a real ball player when he sees one, and the results thus far have been satisfactory to Atkin.

Jack has received a telegram from Bob Brown, president of the Vancouver club, asking him to set a price on Kreitz and Heister. Both of these men are on the market.

Swain also was slated for the block but Atkin, after looking the big fellow over in San Francisco recently, has almost softened to the extent of giving him another trial. Swain no longer looks like a monument erected to the memory of the beef trust. He has shed fully twenty pounds since last November, and is in everyway a paragon of behavior.

FOOTBALL GATHERING.

NEW YORK, Feb. 4.—[By A. P. Night Wire.] That never-settled subject—football rules—comes up again with the announcement today that a meeting of the Intercollegiate Football Rules Committee will be held in New York on Friday and Saturday, February 14 and 15. The committee consists of two separate bodies, which will sit jointly. The first session, which will be held on Friday evening, will decide the provisions which are to be adopted for the 1913 season.

Something Doing.

FIGHTERS MAY FINALLY MEET.

Hogan and Lore to Clash in New York Thursday.

French Bantams to Appear in the Preleminaries.

Knockout Brown on His Way to Fight Rivers.

BY W. B. "BAT" MASTERSON.

[BY FEDERAL (WIRELESS) LINE TO THE TIMES.]

NEW YORK BUREAU OF THE TIMES, Feb. 4.—[Special Dispatch.] The Forty-fourth Street Sporting Club will make one more attempt to stage the battle between One-Round Hogan and Johnny Lore, Thursday night. This match was scheduled to take place at this club three weeks ago, but fell through for some reason or other, but it looks now as if there would be no mistake made this time.

It seems like a good match, too. The principals are very evenly matched and as neither can afford to lose, the crowd should get a fight for its money. A defeat at the hands of Johnny Lore will put One-Round Hogan so far down the toboggan that he will hardly ever appear again as a principal in a star bout.

The situation is precisely the same in Lore's case. Were he to be whipped by Hogan, he would have to start all over again and it would take him some time to get back to where he is now.

As a feature of the night's entertainment the two bantamweight La Savate boxers of Paris are to appear in two of the preliminaries. Louis Ducasse and Georges Jeanniot are the boxers referred to. Each will take on a local opponent for six rounds, according to Queensberry rules. Both are said to be clever boxers and hard hitters. It was originally intended to have them to do their La Savate act, but after thinking the matter over it was decided to stage them in a boxing tournament.

Danny Morgan, with the old reliable Knockout Brown, left today for Los Angeles, where the Dutchman is booked for a twenty-round battle with Joe Rivers on Washington's Birthday. Knockout is very confident that he will take the Mexican into camp before the limit is reached. But there's nothing strange about that, for the Dutchman can never see how anyone is going to whip him.

Knockout wasn't in town when Rivers fought Leach Cross and therefore didn't witness the battle. Had he seen the Mexican in that scrap it is just possible that he might conclude that he had a pretty tough job on his hands. Rivers finished with Cross by giving the impression that in a twenty-round battle he would be a hard proposition. But whether Brown wins or loses, the Los Angeles sports are going to see a fight, if Rivers can keep up his end.

KNOCKOUT IS TOUGH.

The Californians will doubtless say when the battle is over that Knockout Brown was about the toughest lightweight they had seen in a long time. They will probably note, too, that reputation doesn't scare Knockout a little bit. He has often said that this championship business was all the bunk. "I go right at them just the same as if I never heard of them," is Brown's favorite way of expressing himself and where Knockout makes good he goes ahead and does what he says he will.

Morgan and his stable will return to New York as soon as the fight is over. Jack Britton and Packey McFarland are due to box at the Garden on March 7 and Morgan will have to be here to look after things for Britton. All arrangements for this match are said to have been completed and also that there is no hole through which Packey can escape.

If that happens to be true, the New York sports will finally have a chance to see a fight between two men over which there is a great diversity of opinion.

Y. M. C. A. WATER POLO TEAMS WIN AGAIN.

The Y.M.C.A. had its first water polo game of the season with Polytechnic last night. A crowd of about sixty persons witnessed the contest.

The Y.M.C.A. team showed superior knowledge of the game in both passing and tackling and won by the score of 3 to 1. The line-up was as follows:

Y. M. C. A.—McDermott, guard; Thurston, guard; F. Lee, forward; Fred Davies, forward; Bob Howard, sprint; F. Splane, goal.

Polytechnic—Bryant, guard; Gray, guard; Green, forward; Wagner, forward; Tilton, sprint; McKay, goal.

SHAFER ARRESTED FOR SPEEDING AUTO.

Art Shafer, the doughty little Giant shortstop, who has shown such ability to run fast between the third sack and the home plate in the National League, failed to score in the Police Court yesterday.

Motorcycle Officers Blakslee and Kronenable caught him napping between bases while making a run along Sunset boulevard in an auto, and Justice Chambers, assuming the role of umpire, called the player out, and fined him $35 or thirty-five days in jail.

"You must have been in a hurry," mused the justice after the officers had testified that Shafer was making thirty-two miles an hour.

"Did look a little as though I was trying to make a homer," laughingly replied the player.

"Speed is all right on the diamond," interpolated the justice, "and is probably a necessary requisite to a proper playing of the great American game, but it is not in conformity with the laws of the city."

"I'll pay the fine and take a seat on the bench if you won't rule me out of the game by sending me to jail," pleaded Shafer. "Hereafter I'll confine my speeding to the diamond."

After Shafer had paid his fine, he walked hurriedly from the court room, followed by the admiring glances of the fans and the other spectators.

VERY POOR BATTLE.

NEW YORK BUREAU OF THE TIMES, Feb. 4.—[Special Dispatch to The Times by Federal Wireless Line.] Vic McLoughlin and Art Nelson, heavyweights were scheduled to fight ten rounds at Brown's Gym tonight but there was so much holding on and other violations of the rules that Referee Brown stopped it in the fourth round.

Coliseum Calls Big Army of Gasoline Fans.

Mulford and De Palma Shine at Great Exhibit.

BY WARREN VANCE.

[BY FEDERAL (WIRELESS) LINE TO THE TIMES.]

CHICAGO BUREAU OF THE TIMES, Feb. 4.—[Special Dispatch.] The army of exhibitors at the big automobile show, now being held in Chicago under the auspices of the National Association of Automobile Manufacturers, is participating in a harvest of orders. No previous show held in Chicago has achieved the success of the one now in progress in the Coliseum and the First Regiment Armory, according to exhibitors. By the end of the week it is predicted that a new attendance record will have been established.

MANY DEALERS PRESENT.

Retail sales are large and there are many more dealers here than ever attended a previous show and they have come for the express purpose of buying. The exhibition is called the "business show" of the country. So crowded are some of the stands that several of the manufacturers have taken advantage of local representation by providing special shows down the automobile row in Michigan avenue.

Manager Miles is most optimistic as to the outcome of the show. While he never gives out attendance figures, he said today that if the latter part of the week is as good as the first, a new record will be established.

While Saturday's attendance was about ordinary, that of yesterday was far in excess of any Monday in the thirteen years the show has been held here. This was particularly true as applied to the agents, more out of town dealers having registered already than in four days last year.

RACES TALKED OF.

Not all trade talk at the show, either. Builders interested in contests are making plans for the summer and considerable race talk is heard. One of the stories is to the effect that Ralph Mulford, winner of the 1911 Vanderbilt and 1912 Elgin National, will drive a Mercedes this year, the same make which won so much fame for Ralph De Palma last year.

It is stated authoritatively that Mulford is about to go to Germany, where he will stop at the Mercedes factory and superintend the construction of a four-cylinder motor which will be small enough to get inside the 450 cubic inch piston displacement limit that will prevail in the most of the big races this year.

Mulford will drive in the 500-mile race at Indianapolis. De Palma, who used to drive a Mercedes, will pilot a Mercer. He will drive this car in the 500-mile race and his team mates will be Caleb Bragg, the winner of the 1912 American Grand Prix, and Spencer Wishart, one of the best American racing drivers.

New Schedule.

EARLIER BALL FOR CHICAGO.

Murphy Says Games Are to Begin at Two O'clock.

McGill of Denver Wants One Cub Catcher.

Ed Walsh to Be Shown Some Mercy This Year.

[BY FEDERAL (WIRELESS) LINE TO THE TIMES.]

CHICAGO BUREAU OF THE TIMES, Feb. 4.—[Special Dispatch.] All games at Cub Park hereafter will start at 2 o'clock, one hour earlier than usual, to attract more business men and to win favor with the housewife—also to insure the fan a warm dinner instead of a cold meal.

President Charles W. Murphy of the Chicago National League Club made this announcement today, after due consideration and thorough investigation. When the Cub owner two years ago moved up the starting time from 3:30 to 3 o'clock, a wave of reform spread over the country. Murphy has come to the conclusion that the earlier the games are started the better a majority of the fans are pleased.

"I want to give the business men a chance to go to the ball game after lunch and then go back to their offices to sign for their mail," Murphy explained. "Then, again, it will give many women a chance to get out to see the games and then go home in plenty of time for dinner. So many fans live in the suburbs that I feel that it is to their advantage to have the games started early. It is the regular matinée hour and besides, anyone who can go to the ball park at 3 o'clock can go there at 2 o'clock."

If, however, the 2 o'clock starting time proves a failure, Murphy will start at the 2:30 opening time.

M'GILL GETS BUSY.

James C. McGill of the Denver Western League champions, was a caller at Cub headquarters today. He is stopping off a day or two with Manager Jack Hendricks before he goes East to take in the big league meetings in New York, where he expects to find one or two players that the majors won't let go. The call on President Charles W. Murphy today was made in regard to Catcher Mike Hechinger of the Cubs.

In some way the officials of the National Commission have become mixed up over the new rule regarding the release of the youngster. President McGill has received word from Secretary Farrell of the National Association to send on his check for $750 for Hechinger and the money has been forwarded, although the Chicago club has not made known its intention to release the backstop without a trial.

Murphy wrote to Secretary Farrell asking him what has caused him to think that the Cubs were willing to relinquish their hold upon the young catcher.

Apparently the new rule covering the return of major league players to minor leagues has every one guessing.

Kid Gleason, as assistant to Manager Jimmy Callahan of the White Sox, writes that he is preparing for the long trip from his home in Philadelphia across the continent to Pasadena, Cal., with the team.

WILL REST WALSH.

Gleason thinks big Ed Walsh is one of the pitching wonders of all time. Callahan and Gleason plan to give Walsh more rest the coming season and believe he will win a larger per cent. of his games as a result. Walsh has claimed Pitcher Joe Benz as a protege and is going to assist in training the butcher boy.

President Charles W. Murphy of the Cubs in another signed article predicts that Roger Patrick Bresnahan will be one of the big fellows in baseball in 1913, even if fate has played against him.

"Disappointed critics," writes the Cub boss, referring to Pittsburgh and Cincinnati writers, "have tried to create the impression that Roger is about the same age as Andrew Carnegie or John D. Rockefeller, and that he has a long white beard down to his knees."

He predicts Bresnahan will be one of the star major league catchers for the next five years.

NEW COACHES POSSIBLE.

NEW HAVEN (Ct.) Feb. 4.—[By A. P. Night Wire.] At a meeting of Yale crew candidates tonight, Capt. Snowden announced that he was hopeful of securing the services of Messrs. Kirby and Gold, two Oxford oarsmen, to assist in coaching the Yale crews in the spring. Snowden, who has just returned from England, where he studied the English rowing methods, also said that Yale will not change its style of rowing from that used last year.

BIG MARATHON RACE IN APRIL.

Many Entries Assured for Y.M.C.A. Event.

Seven Hundred Boys to Take Mayor's Message.

Course to Be from Redlands to Santa Barbara.

Some boy, carrying a message from the Mayor of Redlands, will dart away from the Y.M.C.A. building in that city in April with a silver tube clutched in his fist. Along a path black with human beings he will speed for half a mile to a waiting figure, which in turn will run forward with the sealed message.

This other boy and another and another—700 in the aggregate—relayed along a 390-mile road, will carry their tiny burden across the orange belt, through cities, foothills and valleys, along the ocean shore, and more than twenty-four hours from the time that letter starts it will reach the intended recipient, the Mayor of Santa Barbara.

MUCH LONGER COURSE.

This day-and-night dash against time is the third of its kind to be scheduled in Southern California. It will be longer and somewhat more difficult than the others were, and in point of obstacles to be overcome will be the hardest event of the kind ever attempted in the United States.

Boys from thirteen Y.M.C.A.'s will be chosen to carry the message. The two previous races of the kind were run from Santa Barbara to Redlands May 27-28, 1910, and May 12-13, 1911, at the suggestion of Harry D. Cross, boys' secretary of the Los Angeles Association. Similar races previously had been conducted by the eastern associations from New York to Chicago.

At the conference of Y.M.C.A. secretaries held this week at the Los Angeles association a committee consisting of Mr. Cross, E. J. Reddin, secretary for Los Angeles county work; Clyde Davis, assistant superintendent of the George Junior Republic at Chino, and W. A. Stilwell, boys' physical director at the Los Angeles Y.M.C.A., was appointed to conduct the 1913 race. None was held last year because of the illness of Mr. Cross.

START AT REDLANDS.

Though this committee has not yet mapped out the details of the event, it has been decided to run the race from the Redlands end instead of from Santa Barbara as before. The date has been set for April 25 and 26, a Friday and Saturday, when the moon is full.

The choice of the boys who will represent the thirteen associations will be made in the meantime, the coveted places on the teams to be given to those who are most faithful in attendance at gymnasium classes, who exhibit the greatest athletic prowess and whose physical condition may be found equal to the strain.

As in the previous races the average distance to be run by the boys will be half a mile, with one mile as the maximum, the length assigned depending on the grade, condition of the road and other circumstances.

The distance in the other races was 341 miles and 332 boys helped carry the message. The inclusion of San Bernardino and a number of other cities this year has made the route far more circuitous and the mileage will be 390, with the number of runners correspondingly increased.

ROUTE SELECTED.

If the committee's plans are not modified the cities on the elongated Marathon will include the following in the order named: Redlands, San Bernardino, Colton, Riverside, Etiwanda, Cucamonga, Upland, Ontario, Chino, Claremont, Pomona, Lordsburg, Covina, Azusa, Monrovia, Lamanda Park, Pasadena, Alhambra, Whittier, Fullerton, Anaheim, Orange, Santa Ana, Long Beach, Compton, Watts, Los Angeles, Tropico, Burbank, San Fernando, Saugus, Fillmore, Santa Paula, Ventura and Santa Barbara.

One of the detours not on the line of the previous races is that which includes Chino. This was done chiefly in order to give the George Junior Republic boys a chance to see and take part in the event. Instead of following El Camino Real northward from the city the Tropico-Burbank road has been adopted. From Ventura the race will follow the new Rincon Causeway, instead of climbing the difficult Casitas Pass.

M'INTYRE A HOLDOUT.

SAN FRANCISCO, Feb. 4.—[By A. P. Night Wire.] Matty McIntyre, heaviest hitter of the Pacific Coast League last season, will not play with the San Francisco team this year.

J. Cal Ewing received a letter from McIntyre today in which the ball player declares he will remain in Detroit and play independent ball. Failure to reach an agreement as to terms is the cause of his refusal to sign.

WINS ALL HONORS.

BOSTON, Feb. 4.—[By A. P. Night Wire.] "Bobby" McLean of Chicago outskated all opponents in the national indoor skating championship races here tonight. McLean won the titles in the mile and half-mile event and outdistanced the field in a one-mile handicap race, in which he started at scratch.

chance to skim around the curves close to the edge. The turns are wide and will allow faster work than ever before. Barney Oldfield is a past master at track work on Ascot. Tetzlaff will drive much the same as Oldfield did when he smashed so many world records. The Fiat is tuned to do better than 100 miles an hour.

VERBECK-ZUST MATCH.

The match race between Frank Verbeck on the Napier and another driver to be named today, with the Zust, promises to be one of the spectacular events of the day. Felix Magone will drive the 110-horse-power Fiat and these three should make a race that will keep the crowd interested every second the cars are on the course.

The smaller cars are to be entered in the twenty-five-mile event. This is to be for the largest purse of the day and in this race a new world record for the 300 cubic inches and under class should be hung up. The entries for this event will not close until Friday night, and by that time it is expected that at least ten fast cars will be lined up for the quarter-century dash.

W. J. La Casse, manager of the local Studebaker branch, is taking a keen interest in the meet. He has entered two Studebaker cars and is confident of winning. The thirty-horse-power speedsters are stripped for action and have shown their class on several tracks. At Ascot the Studebaker is the favorite, though there are several other particularly fast cars in this event.

George R. Kirkwood of the Eastern Motor Car Company has made a special effort to get a Cutting racer here in time for the meet, but it is not likely the car will arrive soon enough to permit of the right amount of practice. Walter Brown of the Brown-Symonds Company, agents for the Stutz, is also anxious to secure a Stutz racer with Earle Cooper at the helm.

Those who are interested in the meet are anxious that Earle Cooper should be drawn into the contest. A match between Tetzlaff and Cooper, they argue, would be a great drawing card. Cooper is at Fresno and could be brought here in time to appear against the classy bunch of drivers already entered and if Manager [illegible] has his way, Cooper will be one of the attractions.

ST. LOUIS WANTS HONOR.

ST. LOUIS, Feb. 4.—[By A. P. Night Wire.] It was decided today that efforts will be made by the Aero Club of St. Louis to obtain for St. Louis the annual American elimination race for balloons. The races will be held in June to determine the three American bags to be entered in the Gordon Bennett cup race to be sailed in France in October.

Relay Promises.

REAL CONTESTS ASSURED IN OXY RELAY CARNIVAL.

BY OWEN R. BIRD.

ONE week from Saturday the opening gun of the local track and field season will be fired on Baer Field, when the Occidental Relay Carnival is scheduled to produce the first actual competition of the season. This is almost like starting a dinner with the cake instead of soup, as relay races are always the final events of the track meets and then the spectators have to be content with just one race. Now there are to be seven races, covering all the distances and all the classes, which should produce thrills from the first to the last.

THREE CLASSES.

The meet has been divided into three classes. The first class is open to the Los Angeles City High Schools, Pasadena and Long Beach. The events to be run are the one-mile for eight men, each man running a 220; one mile for four men, each man running a 440 and the two mile, for four men, each man running 880 yards.

Class two is open to all High Schools not in class one and will have the following events: Half mile for four men, each man running 110 yards; one mile for four men, each man running 440 yards.

The third class is to be made up of the colleges and there are two events for the rah! rahs! The first is the two mile for four men, each man running 880 yards, and the final is to be the mile relay for four men, each running 440 yards. It will be this race that will go to show who is who in the South in regard to 440 men, as here the pick of the three varsities is due to clash.

SPECIAL EVENTS.

Besides the relay events there are three special events. The first is a High School 100-yard dash, open to all High School athletes, second is the high jump, open to all High School entries, and last comes the pole vault, which is to be open to all, from college men to prep.

In this last named event there should be some pretty work, as Cliff Barnes of Pomona has been entered and will have to beat "Bo" Wilson, Oxy's new freshman star, who one week ago today cleared twelve feet three inches in a practice jump and in climbing the dizzy altitude, broke his vaulting pole. [illegible] of U.S.C. is not in form yet and probably will not be entered.

TWO POMONA TEAMS.

Pomona has entered two relay teams and the Trojans are going to have a 440 team in the field and may also have four men for the 880 racket. Oxy is to be in both events and the coach is trying out his men every night for the places. He expects to have the final trials next Saturday, at which time the teams are to be selected for the meet.

L.A. High, Poly, Manual, Long Beach and Pasadena are all counting on entering a team in each of the first class events, while nearly all the suburban High Schools of the South have entered at least one team in the class two programme.

HAWAIIAN POLO PLAYERS NOW ON AMERICAN SO

[BY DIRECT WIRE TO THE TIMES.]

SAN FRANCISCO, Feb. 4.—[Exclusive Dispatch.] Four members of the Hawaii polo team, which is to compete in the polo tournament to be held at Coronado, arrived yesterday on the liner Mongolia. The quartette of players included F. F. Baldwin, Sam A. Baldwin, A. H. Rice and Harold Castle. The wives of the two Baldwins accompanied them.

The party was met by Walter Dillingham, captain of the team, who came to the Coast several weeks ago to arrange for the participation of the island players in the coming matches.

The All-Hawaiian team will get into the game on February 9 in one of the preliminaries for which it has been entered. The men are also entered in all other games, and thus expect to have enough work on hand to put them in proper form for the championship games, which will continue from March 1 [illegible] when the various teams [illegible] for the Shreve cup. CHICAGO BUREAU OF THE TIMES, Feb. 4.—[Special Dispatch.] Stewards of the Great Western Harness Circuit will meet in Chicago February 17 to arrange dates, according to an announcement made today by W. H. Smollinger, secretary of that organization.

With the annual meeting of the American Trotting Association February 13 and the five-day sale of harness horses at the Stock Yards, Chicago will have many harness-world visitors during the week of Washington's Birthday anniversary. A banquet also is scheduled by the West Chicago Driving Club in honor of the visiting horsemen.

Mr. Smollinger, who is proprietor of the Iron Mountain Stock farm, an extensive handler of the harness horse, is the newest member of the board and represents the progressive element. Tiger Baseball Team Out.

The Tiger baseball squad was out yesterday for its preliminary limbering up and after a hard batting practice the infield was shaken together and put through a few easy paces. Not all the promising ones were out yesterday, but McClung looks very good for either third or short and he also carries a good wallop in his bat. Seay, Wisman and McLain, of the old guard, appear to be a little faster this season, though it is early to make any predictions.

"Duke" Walk is the one best bet at Oxy, when it comes to the pitchers. This lively young left-hander is the boy that Hap Hogan tried to sign last year and again this season, but he wants the college life and hung out the "nothing doing" sign.

• •

Bill Allen Goes Out.

There was one old "vet" missing when the baseball squad came on the field, and that was the easy-going "wag" of Bill Allen. Bill proved himself some little heaver last year and was counted one of the best "port-siders" in the south at the end of the season. Now the doctor says that Bill's heart is muscle-bound or something else is the matter. Anyway, he cannot put on a uniform this season.

This will throw all the slab work on Ed Foster and "Duke" Walk, but they are a lively pair and will probably breeze through without much trouble.

• •

Trojans After Basket Title.

There are only two intercollegiate basketball teams in the south this season, the one at U.S.C. and the one at Whittier. The Trojans have taken the measure of the Quakers in the first game of the three-game series, at Whittier, to the painful surprise of the Quakers, who have been holding the Southern California basketball title for years.

The next game is to be played on the U.S.C. court and the chances are that the Trojans will take the flag then, as the team plays a great game on the home boards and after defeating the Quakers on their own court, the odds are even more in favor of the Methodists.

Harl Maggert is satisfied to play in Los Angeles. This much is made clear in two letters received by Berry from Mr. and Mrs. Maggert. Harl was dissatisfied when he was with Oakland, but playing under those conditions loomed up as one of the best outfielders in the league. With him in a satisfied frame of mind, he should singe the clover the coming season.

Jack Atkin will leave today for Sacramento, where he is scheduled to have his first heart-to-heart talk tomorrow with Harry Wolverton, his new manager.

Atkin has given Wolverton carte blanche in the purchase of players, and they will now proceed to take an inventory. Wolverton is credited with recognizing a real ball player when he sees one, and the results thus far have been satisfactory to Atkin.

Jack has received a telegram from Bob Brown, president of the Vancouver club, asking him to set a price on Krelitz and Heister. Both of these men are on the market.

Swain also was slated for the block but Atkin, after looking the big fellow over in San Francisco recently, has almost softened to the extent of giving him another trial. Swain no longer looks like a monument erected to the memory of the beef trust. He has shed fully twenty pounds since last November, and is in everyway a paragon of behavior.

FOOTBALL GATHERING.

NEW YORK, Feb. 4.—[By A. P. Night Wire.] That never-settled subject—football rules—comes up again with the announcement today that a meeting of the Intercollegiate Football Rules Committee will be held in New York on Friday and Saturday, February 14 and 15. The committee consists of two separate bodies, which will sit jointly. The first session, which will be held on Friday evening, will decide the provisions which are to be adopted for the 1913 season.

FIGHTERS MAY FINALLY MEET.

Hogan and Lore to Clash in New York Thursday.

French Bantams to Appear in the Preliminaries.

Knockout Brown on His Way to Fight Rivers.

BY W. B. "BAT" MASTERSON.

[BY FEDERAL (WIRELESS) LINE TO THE TIMES.]

NEW YORK BUREAU OF THE TIMES, Feb. 4.—[Special Dispatch.] The Forty-fourth Street Sporting Club will make one more attempt to stage the battle between One-Round Hogan and Johnny Lore, Thursday night. This match was scheduled to take place at this club three weeks ago, but fell through for some reason or other, but it looks now as if there would be no mistake made this time.

It seems like a good match, too. The principals are very evenly matched and as neither can afford to lose, the crowd should get a fight for its money. A defeat at the hands of Johnny Lore will put One-Round Hogan so far down the toboggan that he will hardly ever appear again as a principal in a star bout.

The situation is precisely the same in Lore's case. Were he to be whipped by Hogan, he would have to start all over again and it would take him some time to get back to where he is now.

As a feature of the night's entertainment the two bantamweight La Savate boxers of Paris are to appear in two of the preliminaries. Louis Ducasse and Georges Jeanniot are the boxers referred to. Each will take on a local opponent for six rounds, according to Queensberry rules. Both are said to be clever boxers and hard hitters. It was originally intended to have them to do their La Savate act, but after thinking the matter over it was decided to stage them in a boxing tournament.

Danny Morgan, with the old reliable Knockout Brown, left today for Los Angeles, where the Dutchman is booked for a twenty-round battle with Joe Rivers on Washington's Birthday. Knockout is very confident that he will take the Mexican into camp before the limit is reached. But there's nothing strange about that, for the Dutchman can never see how anyone is going to whip him.

Knockout wasn't in town when Rivers fought Leach Cross and therefore didn't witness the battle. Had he seen the Mexican in that scrap it is just possible that he might conclude that he had a pretty tough job on his hands. Rivers finished with Cross by giving the impression that in a twenty-round battle he would be a hard proposition. But whether Brown wins or loses, the Los Angeles sports are going to see a fight, if Rivers can keep up his end.

KNOCKOUT IS TOUGH.

The Californians will doubtless say when the battle is over that Knockout Brown was about the toughest lightweight they had seen in a long time. They will probably note, too, that reputation doesn't scare Knockout a little bit. He has often said that this championship business was all the bunk. "I go right at them just the same as if I never heard of them," is Brown's favorite way of expressing himself and where Knockout makes good he goes ahead and does what he says he will.

Morgan and his stable will return to New York as soon as the fight is over. Jack Britton and Packey McFarland are due to box at the Garden on March 7 and Morgan will have to be here to look after things for Britton. All arrangements for this match are said to have been completed and also that there is no hole through which Packey can escape.

If that happens to be true, the New York sports will finally have a chance to see a fight between two men over which there is a great diversity of opinion.

Y. M. C. A. WATER POLO TEAMS WIN AGAIN.

The Y.M.C.A. had its first water polo game of the season with Polytechnic last night. A crowd of about sixty persons witnessed the contest.

The Y.M.C.A. team showed superior knowledge of the game in both passing and tackling and won by the score of 3 to 1. The line-up was as follows:

Y. M. C. A. — McDermott, guard; Thurston, guard; F. Lee, forward; Fred Davies, forward; Bob Howard, sprint; F. Splane, goal.

Polytechnic—Bryant, guard; Gray, guard; Green, forward; Wagner, forward; Tilton, sprint; McKay, goal.

SHAFER ARRESTED FOR SPEEDING AUTO.

Art Shafer, the doughty little Giant shortstop, who has shown such ability to run fast between the third sack and the home plate in the National League, failed to score in the Police Court yesterday.

Motorcycle Officers Blaisdell and Kronnable caught him napping between bases while making a run along Sunset boulevard in an auto, and Justice Chambers, essaying the role of umpire, called the player out, and fined him $16 or thirty-five days in jail.

"You must have been in a hurry," mused the Justice after the officers had testified that Shafer was making thirty-two miles an hour.

"Did look a little as though I was trying to make a homer," laughingly replied the player.

"Speed is all right on the diamond," interpolated the Justice, "and is probably a necessary requisite to a proper playing of the great American game, but it is not in conformity with the laws of the city."

"I'll pay the fine and take a seat on the bench if you won't rule me out of the game by sending me to jail," pleaded Shafer. "Hereafter I'll confine my speeding to the diamond."

After Shafer had paid his fine, he walked hurriedly from the court room, followed by the admiring glances of the fans and the other spectators.

VERY POOR BATTLE.

NEW YORK BUREAU OF THE TIMES, Feb. 4.—[Special Dispatch to The Times by Federal Wireless Line.] Vic McLoughlin and Art Nelson, heavyweights were scheduled to fight ten rounds at Brown's Gym tonight but there was so much holding on and other violations of the rules that Referee Brown stopped it in the fourth round.

IMPERIAL VALLEY HOGS (18)

YOU CAN RAISE HOGS FOR PROFIT AT MELOLAND in Imperial Valley. "Back to the land" is heard in all sections. Here, there, and everywhere this movement is being taken up.

Nowhere are the chances for the poor man better, or the opportunities for the man of moderate means greater than in Imperial Valley. By raising hogs and alfalfa, a five-acre tract will bring a good income.

Hog raising brings quick returns. Hogs are among the biggest money makers for farmers in the West. They can be raised at Meloland for 2c and 3c a lb. The market price today is 7.77.

The California Land & Hog Co. has a five-acre tract ready for you. It will be equipped with all necessary wiring, fencing, cement troughs, pens and registered stock necessary to make a start.

Anyone can meet the terms; simply a small payment down, and then $25.00 a month.

Decide NOW to look into the hog raising business. Our hog expert will give you any information you may wish. Come in and talk the matter over.

If you can't come, we'll be glad to send the information.

We are now selling stock in our Company to equip our own ranch with registered hogs. 12c a share is the price NOW. It will go to 15c Feb. 20th. Better look into the matter before the next advance.

UP AND DOWN BROADWAY.

By "ZIP."

TO SETTLE an argument that started Monday night, I may say that, in her gypsy dress, Phyllis Partington, the star of "Gypsy Love," at the Mason, does not wear 'em.

"'Em," in this case, refers to coverings for her nether limbs.

Some said she wore stockings. Some declared they were tights. Some—and they were right—said her underpinning was good enough to be shown in the calcium's glare with only the covering that nature provided. They win.

The role, in the original score, calls for bare legs. Miss Partington is devoted to her art, and follows it in minutest particulars. Hence, and accordingly, she doesn't "wear 'em." That settles it.

William H. Crane, who comes to the Mason next week, is celebrating his fiftieth year on the stage.

Think back and reckon what that means. A half a century behind the footlights.

When Crane went on the stage, the Civil War was in progress. The entire Middle West, from Colorado almost to the Coast, was a wilderness of territories, a desert, a waste. Queen Victoria was reigning in England, and there was no German Empire. Electricity had been harnessed only for the telegraph, and it was almost a novelty. Trolleys, telephones, motion pictures, aeroplanes, were dreams!

They hadn't fought around Richmond and Grant was only then making good. Keene, Booth, Jefferson—all were youngsters.

Truly, Crane is today the "grand old man" of the legitimate stage, and it is fitting, in his honor, that every lover of real comedy should be with him when "The Senator Keeps House" next week.

Here's a bit of news—Carroll McComas, daughter of Los Angeles, and a prime favorite here, is coming to the Mason shortly as a real prima donna in "The Siren," with Donald Brian, who made "The Merry Widow" waltz famous. Miss McComas was a whistler when she left here. She went East, got into musical comedy, was shifted to drama and begged with tears in her eyes to get back into musical shows. They questioned her ability, but she showed 'em, and—soon she will be here to show her own town. Judge McComas and his lovely wife have real cause to be proud of their dainty daughter.

The chandelier in "The Eternal Waltz" at the Orpheum seems to have been the one stage decoration of that sumptuous show to attract more than passing comment—and this because it looks so real. It IS real—every bit of it. It is one of the heaviest "props" ever carried, weighs upward of 500 pounds and is packed in cotton and excelsior after every engagement, in a large crate, and is shipped with the greatest care. One man has charge of it, and it is insured for $2350, its actual cost. That's going some, for a mere incidental, isn't it? But Martin Beck does things that way.

Alma's benefit performance at the Burbank Theater netted the little sick girl over $2300—and everybody in the house was happy that they were there for several very excellent reasons.

In the first place, no benefit performance ever given in this city—or any other city to my knowledge—was so emphatic a success as this one.

The performance ran as though it had been rehearsed for ten weeks and there were STARS enough on the bill to make New York sit up and take notice.

About the funniest thing on the programme was a famous quartette that was "shoved on" every time there was a possible chance for a wait.

Charles Murray of Murray & Mack fame, Gus Pixley of "Babes in Toyland" fame, Fred Mace, the musical-comedy wizard, and Dave Hartford of "Lion and Mouse" fame, composed the quartette, and they appeared three different times on the bill, each time announced as a different quartette.

And they were a scream. The big audience that filled the Burbank Theater did not know, however, that they rehearsed all their songs, marches and gags while the show was in progress, and up to that time had not seen each other for two weeks.

Their last "turn" happened about 8 o'clock, and while they were singing their loudest two ladies, noting the time, left their seats and started up the aisle.

The quartette stopped as if shot. Murray got down on his knees and begged them to come back. Hartford, Mace and Pixley followed suit and entreated the ladies to resume their seats. Finally, when they realized their pleadings were of no avail, Murray rose and said, dejectedly: "That's what you get for not having a fireless cooker."

The applause that greeted Nat C. Goodwin's performance in Paul Armstrong's "Blaze of Glory" at the benefit performance yesterday was positively tremendous and many calls for "Speech, speech," were heard.

Mr. Goodwin finally walked in front of the curtain, thanked the audience for their kind appreciation; told how grateful he was for the opportunity to appear before them, and said he hoped to be able to appear again in the new Morosco one week from Monday, and gracefully withdrew.

Whereupon Paul Armstrong burst out into the lobby, grabbed Charles Eyton's arm and said, "Did you hear that man close 'A Love Story of the Ages.'"

And now the question again arises was that little skirmish about Mr. Goodwin's playing Mr. Armstrong's "Blaze of Glory" for publicity purposes or really on the level.

Kinemacolor Players in Scenes from "Steam."

"The Birth of the Locomotive," above, in which George Stephenson shows the tiny model to his little son, Robert, and a London capitalist. Below, Marshal Mackaye as James Watts, makes his wonderful discovery in the scene entitled, "The Birth of the Steam Engine."

Beatrice Nichols,

Of the Nestor company.

WITH THE PHOTOPLAYERS.

BY AL G. WADDELL.

DAVID MILES, chief director for the Kinemacolor Company of America, has just completed one of the most wonderful pictures ever produced. The title of this great color production is "Steam." The scenes show the development of the steam engine and the locomotive, from the dreamy boyhood days of James Watts to the time of the successful trial trip of George Stephenson's locomotive; and at the end of the last reel, the largest locomotive owned by the Southern Pacific is shown, pulling a fast train into Los Angeles.

Historically and scientifically, this picture is absolutely correct, according to the producer. Mrs. David Miles spent several weeks studying the biographies of Watts and Stephenson.

Incidents of the lives of these men are cleverly worked into the story. The love tales of the two inventors are told on the screen. The models of the engines and locomotives used in the picture were made from descriptions and designs found by Mrs. Miles during her research work, under the personal supervision of the director.

As the picture covers a long period, from 1746 to 1912, the costumes worn by the players change; and special attention has been given to this part of the production.

Two weeks were required by the Kinemacolor company to make this film. The work was done all over Southern California. It was very difficult to get the effect of the English scenery. Some places were found where conditions were almost perfect; but a palm tree, an orange grove, a string of telegraph poles or a train of freight cars would be in the way.

An artificial mine was made for one scene. A locomotive which followed closely the lines of the Stephenson affair was built at the plant. This model actually ran at a low rate of speed, and carried the inventor and his little son. The company also put down 500 feet of track, using wooden rails, for this model to run over.

One of the features of the picture is Stephenson's son, Robert, who later became the greatest bridge builder of his time.

Director Francis Ford of the 101 Bison Company is producing a two-reel Civil War story. "Brother Against Brother" is the title of the picture. The scene starts with a set of toy soldiers on a table. These gradually grow and leave the old place for the battlefield.

A fight on the stairway of an old Southern mansion, where one man checks the advance of a band of guerrillas, is one of the striking scenes.

The stars appearing in this drama are, William Clifford, Ray Myers, E. H. Philbrook and Grace Cunard.

Wilfred Lucas of the Rex company, is making a one-reel drama in which Miss Meredith, Harry Fisher, Ethel Grandin and the director himself all appear to advantage. The story is of a young man who marries an actress and after judging her falsely, deserts her and goes West.

A very dramatic story of the North woods, bearing the title of "Falcon the Trapper," is now being put on for a one-reel picture by the Nestor company under the direction of Thomas Ricketts. Edna Maison, Josephine Ricketts, Alexander Gaden, George Holt and Harry Von Meter are appearing in the leading roles.

Abram Mondon, chief trumpeter of the Seventh Regiment, is now playing military character parts with the Bison company under Francis Ford.

The Nestor company is producing an unusual outlaw picture under the direction of Milton H. Fahrney. Belle Bennett, Larry Peyton, Howard Davis and Jefferson Osbourne are playing the leading characters.

Director Al E. Christie of the Nestor company has just finished a scream picture called, "The Squashville Ladies Fire Brigade." Louise Glaum, Dolly Larkin, Eddie Lyons, Donald MacDonald and Lee Moran are the stars of the comedy.

James Dayton, head of the scenario department of the Universal Film Manufacturing company, has just turned out 14,000 feet of film in the last fourteen days.

Early and Mattie, the juvenile stars of the Powers company, have just finished the three-reel picture "Snow-white" under the direction of H. Mathews, with Miss Elsie Albert playing the title role.

J. J. Allen, head of the Canadian Film Exchange and incidentally the heaviest film purchaser in the Dominion, is in Los Angeles on a brief business and pleasure visit. Mr Allen is accompanied by his wife.

Richard Willis of the Universal, says that from sixty to seventy scenarios come in to his office every day. Many of the plots which are accepted come from in and around Los Angeles; but it is a case of "Many are called but few are chosen."

Jefferson Osbourne of the Nestor company has fully recovered from the injuries received in the St. George Hotel fire and is again playing under Milton H. Fahrney. Although his arms and body are badly scarred his face was not marked by the flames.

The Prima Donna.

THE HORSE COMES WITH THE LADY.

"GYPSY LOVE" GIRL RIDES AS SHE PLAYS.

Miss Partington Has a Plan of Going on Horseback to the Scenes Described in Novels that She Reads—Her Ambition Is to Play in "Carmen."

BY GRACE KINGSLEY.

"Oh, I couldn't possibly be separated from him!" exclaimed Phyllis Partington, just as if the "him" were italics, and she meant an affinity.

But she didn't. She meant her beautiful horse, Nabob.

Incidentally, one must spend some money to carry one's horse about with one—but what wots that to a leading lady whose veritable Gypsy rags cost "between $200!"

Nabob was born out here, anyway—on her father's ranch over in Mills Valley—and in the seven years since she left California Nabob has been with her, most of the time having been spent in New York.

Being a California girl, Miss Partington loves horseback riding. Also she loves books. And here is the extraordinary thing which she does.

Whenever, traveling through the country, she comes to a place famous in some favorite book, she goes over the whole course on horseback, imagining and living over again the beloved scenes.

"'The Virginian' is one of my favorite books," she says, "and as we came through Wyoming—we rested there for a week—I took the trip through the mountains where the scenes of the book are laid. Out here in California, I have followed the footsteps of Ramona and Alessandro, through the Ojai Valley. They were hard trips, yes, but perfectly delightful."

In England, Miss Partington went out of her way to engage a coach and four, and visited all the places throughout the country made famous by Mr. Pickwick, Mr. Snodgrass, Tracy Tupman and Mr. Winkle in their festive progress. The actress is enthusiastic over the "Mission Play," and is planning next summer to ride the length of El Camino Real.

Lily Langtry is Miss Partington's cousin. But she says she herself was never seized with the stage microbe until she saw the glorious Collamarini play "Carmen"—since which time it is the ambition of her soul to play that temperamental Spanish lady. And any one who has seen her in "Gypsy Love" feels sure that she could do it right now.

BARNEY MAY ENTER BOX SPRINGS RACE.

[Special Correspondence of The Times.]

RIVERSIDE, Feb. 4.—Word was received from Barney Oldfield today to the effect that if the Box Springs Grade course will take his big "Christy," that Tetzlaff will not be the sole entrant for the $200 purse the committee has hung up as one of the prizes.

Oldfield will be in the city Sunday or Monday, and size up the hill road. In case he decides to enter the contest scheduled to take place on Saturday, March 1, he will bring Jim Jeffries along to act as one of the officials, this being the expressed desire of the committee.

MARSHALL CLOSE TO CAPABLANCA.

[BY A. P. NIGHT WIRE TO THE TIMES.]

NEW YORK, Feb. 4.—The contest between Jose R. Capablanca and Frank J. Marshall tomorrow in the thirteenth and final round of the international chess masters' tournament will decide the winner of first place.

Capablanca with a score of 10½ games won, had a half game lead over the United States champion at the conclusion of the twelfth round today, in which the Cuban titleholder drew with Chajes, and Marshall defeated Rubinstein.

NEW STUNTS ON FOR AVIATORS.

[BY A. P. NIGHT WIRE TO THE TIMES.]

NEW YORK, Feb. 4.—Master pilots of the air will hereafter have to cut figure eights around turns in close quarters by the terms of new requirements adopted by the Aero Club of America, announced today, for the issuing of certificates to expert aviators.

Candidates must fly in a figure eight around two marks 500 meters apart, keeping the machine at all times within a fifty-foot radius at each turning mark.

MATCH FOR CAPONI.

NEW YORK BUREAU OF THE TIMES, Feb. 4.—[Special Dispatch to The Times by Federal (Wireless) Line.] After hurling numerous challenges, Tony Caponi has landed a match with Eddie McGoorty. They are to battle for fifteen rounds at Winnipeg inside of three weeks. Caponi is a dangerous customer when you come to figure him out. None but champions really ever beat him. Among his conquerors were such good ones as the late Stanley Ketchell, Billy Papke, Sam Langford, Jim Flynn and Hugo Kelly.

CHANCE FOR GUNBOAT.

SAN FRANCISCO, Feb. 4.—[By A. P. Night Wire.] "Gunboat" Smith of San Francisco and Jack Lester of Cle Elum, Wash., were matched here today to fight twenty rounds in San Francisco February 28.

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

San Bernardino.

GRADING WORK TO BE PUSHED.

Pacific Electric to Hurry Upland Trolley Line.

Purchasing Agent Wanted by San Bernardino County.

New County Charter Provides for New Official.

[BY DIRECT WIRE TO THE TIMES.] SAN BERNARDINO, Feb. 4.—[Exclusive Dispatch.] President [illegible], and Chief Engineer Pillsbury of the Pacific Electric this afternoon in this city announced that bids have been asked for grading the Pacific Electric line from San Bernardino to Upland, the building of which will close the gap between Los Angeles and San Bernardino. The bids are to be in by February 20 and the work of grading is to be commenced immediately after that date. The city is now collecting the right of way and deeds to the needed land are being taken up rapidly.

ANOTHER ROBBERY.

Another robbery has occurred in one of the grading camps in the [illegible], which has been the scene of half-dozen affairs of a similar nature and two murders in the past weeks. This time one of the tents was entered in broad daylight, and clothes, jewelry and other articles, including a pistol, were taken. [illegible] watch is being kept on the grading camps scattered [illegible] the pass but as yet the guilty party or parties seem to have defied every attempt to land them.

PURCHASING AGENT.

The Supervisors are working out a plan for the appointment of a county purchasing agent, the plan being to [illegible] H. Mack, clerk of the board, the position and give him the authority to make all county purchases [illegible].

Under the county charter which will probably become effective January [illegible], the county will have a purchasing agent, the chairman of the board acting in that capacity ex officio. By getting to operating under the plan at once, so far as the law permits, the change will be [illegible] when the charter does become effective.

The plan of immediately naming a purchasing agent is said to be arousing some opposition among some of the county officials, but it is not expected there will be any serious attempt to block the plan. The plan is tried in some other counties of the State and is said to have [illegible] a considerable saving in [illegible].

NEWS BRIEFS.

[illegible] new school districts have been created by the Supervisors. Fair[illegible] is carved out of a part of [illegible] while Midway is made of [illegible] several districts to the south [illegible] in the Mojave River [illegible]. The rapid settlement of lands in the Mojave Valley has resulted in the creation of several new districts in the past year.

During his pastorate the handsome church edifice was [illegible] and 300 new members have been added to the membership, and the church is one of the strongest in the [illegible].

The work of rebuilding the Byrne [illegible] at a cost of nearly $10,000, has been [illegible] by Contractor W. H. [illegible]. It is one of the oldest [illegible] in the business district and will be entirely modernized, making it an attractive and up-to-date [illegible].

THEATERS MADE SAFE.

Santa Ana Officials Have Started a Campaign to Safeguard Lives in Case of Fires.

SANTA ANA, Feb. 4.—Another step in the campaign of the City Trustees [illegible] every show-house and theater in Santa Ana to have adequate [illegible] was taken last night. The Mirror moving-picture house was instructed to move its ticket office to [illegible] and widen the entrance to [illegible] and have its rear exit open outward. Action in regard to the [illegible] Theater was postponed, [illegible] to remain closed until it is put in such condition that the [illegible] no longer consider it a fire [illegible]. The [illegible] moving-picture house [illegible] make immediate changes to its entrance.

SEWER CONTRACT.

Bids were received for constructing [illegible] throughout the southern [illegible] of the city, and the contract for the work was let to S. M. [illegible] of Los Angeles for $12,900.

REVISES ASSESSMENTS.

County Assessor James [illegible] started out regrading all the [illegible] of the Fullerton, Placentia and Olive districts, and [illegible] Anaheim. By personal inspection he will familiarize himself [illegible] property in preparation for [illegible] to be done by deputies [illegible] coming months beginning [illegible]. WANT CHEAPER GAS.

Ontario Trustees Will Seek to Have Cost of Commodity Lowered—Factory Will Build an Addition.

ONTARIO, Feb. 4.—Dollar gas is the ambition of the Ontario Trustees. A resolution providing for the lowering of the rate here was introduced at the meeting last night by Trustee J. V. Caldwell, and the matter was placed in the hands of the Light Committee with instructions to report at the next meeting.

The present rate is $1.50 per thousand feet. Several previous efforts to lower the rates have failed. Caldwell started an agitation last spring, with the result that City Auditor W. F. G. Blaikie went over the books of the Ontario-Upland Gas Company to learn if they were making an undue profit. The company at that time was carrying on an extensive campaign of expansion and was making a slight amount over costs. Caldwell now believes the time is ripe for a reduction, and it is said that the board will push the matter through.

NEWS BRIEFS.

The Hotpoint Electric Heating Company of Ontario, the largest concern in the world devoted strictly to the manufacture of household electrical appliances and one of the largest manufacturing enterprises in California, is planning to still further increase the capacity of its plant, and today took out a permit for an addition to its machine shop, which is to cost $4000. Although this is the dull time of the year for the Hotpoint people, they are now employing 350 hands, and when the addition is completed they will have a force of more than 500. The Hotpoint factory is one of the diversified resources of Ontario that goes to make it one of the most uniformly-prosperous cities in Southern California. Although Ontario holds a prominent place in the orange and lemon industry of California, it is by no means dependent upon the citrus crop.

As the result of a raid on the Mexican restaurant, No. 319 West Park street, by local officers last night, Angel Velarde, Jesus Chavez, Antonio Regalado and Felipe Regalado each paid a fine of $5 when taken before Judge J. R. Pollock this morning on a charge of playing poker for money, and Santiago Duarte, proprietor of the establishment where the men were arrested, was sentenced to fifty-five days in the County Jail. Duarte was convicted last summer of conducting a "blind pig" and fined $300. He paid $150 and promised to pay the remainder within a limited time. This he failed to do, and when taken to court this morning was forthwith sent to jail.

THREATENS DAMAGE SUIT.

Ventura Man, Whose Home Was Undermined by Storm Waters, Wants City to Make Repairs.

VENTURA, Feb. 4.—The city is threatened with a lawsuit by a citizen whose property was damaged in the late rush of flood waters from the hills by the failure of the Ash-street storm sewer to carry the same to the sea.

Melvin Clover appeared before the Trustees last night and informed the board that his home had been greatly damaged and that he had retained a lawyer to enter suit, but that he was willing to stop the proceedings if the city would repair the property. In the building of the storm sewer the waters from the hills were diverted from their natural channel.

Clover's home is built right over what was the original channel. The waters found their way through his place at the time of the last rain, and it is said now that the house will have to have new foundations and will have to be replastered throughout. The board named a committee to investigate the matter.

ABDUCTION CASE.

The final disposition of the Saunders children of Galveston, Tex., who, their father, Judge Saunders, alleges were stolen by the mother in the face of a court order giving them to the father, will come up in the Superior Court here tomorrow.

The mother, Mrs. Frank Mottino, is still in custody, and is awaiting the arrival of a Texas officer to take her back to that State. She says in a statement to the press that she did not steal them, but that they sought her and asked her to take them. The children themselves, bright and intelligent girls, verify the statement of the mother, and add that the father did not take proper care of them and that they desired to be out of his charge.

BEAN GROWERS ORGANIZE.

Articles of reincorporation of the Lima Bean Growers' Association of this county have been filed with the Clerk of the county. The association was disbanded some time ago. The incorporation papers state that the association has no capital stock, as its business is not carried on for profit, but that all profits or losses realized or suffered are distributed to or borne by the persons delivering their beans to the association for marketing.

The principal place of business is to be at Oxnard, as heretofore. The eleven directors to serve for the first year are: Charles Donlon and J. D. McGrath of Oxnard, T. G. Gabbert and D. F. Sheldon of Ventura, F. A. Snyder of Somis, George C. Power and Roger G. Edwards of Saticoy, A. Camarillo and J. F. Lew of Camarillo and Jerome O'Neill of Oceanside, San Diego county.

TUSTIN.

TUSTIN, Feb. 4.—A live publicity campaign is being organized by citizens of this place under the leadership of E. J. Cranston, E. R. Mauzy, P. R. Rice, Sherman Stevens and C. E. Utt. These men believe that Tustin, lying in the midst of one of the finest agricultural and horticultural sections of Southern California, has never been adequately brought to the attention of tourists. Ways and means are to be devised to exploit this section systematically. A united effort is to be made to get an electric line extension from Santa Ana.

Riverside.

PERFECT PLAN OF MANAGEMENT

Riverside and Water Company Will Be Partners.

Two Men Walk in the Valley's Shadows.

Claus Burfiend Arrested for Taking Friend's Money.

RIVERSIDE, Feb. 4.—Full details covering the arrangement under which the Riverside Water Company will operate its domestic system for the benefit of the city, under an agreement drawn up July last, and which became effective with the carrying of the water works bond election, were submitted to the Council today by Mayor Peters.

The Mayor on behalf of the city and President Cuttle on behalf of the directors of the company, had signed a contract providing for the payment of the net profit to the city from January 31, minus 5½ per cent. on the purchase price, $575,000. This contract today was ratified by the unanimous vote of the Council.

The city will have access to the company's books, and the company agrees not to make any extensions costing over $100, without the consent of the city. J. H. D. Cox, an expert accountant, has been engaged by the city to look over the company's methods of book-keeping, with a view to securing any suggestions which he might have to offer in the matter of removing any possible cause of misunderstanding between the city and company.

The profit to the city under this arrangement has been estimated at about $100 per day. The complete transfer cannot be effected until the city sells its bonds, bids for which are now being advertised.

TWO NARROW ESCAPES.

John Schuster, a tailor, was thrown out of his buggy and against a freight car when his horse was struck by a Pacific Electric freight train this morning. Schuster was not seriously hurt, but the horse was so badly injured that it had to be shot.

Freeman Dorsey, young son of J. E. Dorsey of No. 1385 Chicago avenue, suffered a fractured leg and was otherwise injured while playing in the street last night. He was struck by a motorcycle ridden by a man named Langley of San Bernardino. After an investigation, Chief of Police Corrington came to the conclusion that the driver was not altogether to blame for the accident.

MAKING MONEY EASY.

Claus Burfiend was today made defendant in a suit charging him with misappropriation of funds, the action being brought by E. A. and Hannah J. Sizelove. It is alleged that Sizelove's mother, Mrs. Amanda Burfind, had $376.96 on deposit in the First National Bank, that Sizelove had been made a present of the amount.

It is further alleged that the defendant made representations to the effect that he was going to Riverside and would draw out the money and turn it over to Sizelove, who then resided in Butte county. The bank book and a check for the amount, according to the complaint, was handed defendant, who converted the money to his own use and has since failed to turn over any portion of it to the plaintiffs.

Santa Barbara.

LOS ANGELES JURIST IN A FACETIOUS MOOD.

[BY DIRECT WIRE TO THE TIMES.]

SANTA BARBARA, Feb. 4.—[Exclusive Dispatch.] Humor flashed in the grim William Wilson murder case in which William Wilson is charged with slaying his aged brother, Thomas. It is a reproduction of the Cain and Abel story of Biblical history. Judge Frank R. Willis of Los Angeles, who is occupying the bench for Judge Crow, applied a new procedure in selecting jurors by first having the venire polled and then swearing the whole venire in a body, following this with an examination as to their qualifications.

Usually this is left for the District Attorney, who examines each juror individually as the jury box is filled, but the new procedure proved more speedy and greatly curtailed the tedious process of securing a jury, at the same time serving to prove the able jurist possessed a fund of humor.

"Any juror who has physical excuses to offer why he should be excused from jury duty will now be heard," said the judge at the conclusion of a pointed statement as to the duties of citizenship and jury service.

"I don't feel very good, I'm sort of weak and nervous," responded the first talesman to raise an excuse.

"Have you been to a doctor?" inquired the court, and when the juror replied in the negative, Judge Willis exclaimed:

"Keep away from the doctors or you may get worse."

Another witness protested that he is under a doctor's care and may break down any minute.

To him the court advised:

"You ought to get a new doctor."

Adam Ott, the local plumber, asked to be excused for business reasons, and later when John DePonce, another local plumber, tried to plead off, Judge Willis exclaimed:

"I believe the juror thinks this other plumber will be excused and corner all the business."

Judge Willis excused those who had stated their objections to serving except one who tried to get off on the grounds of being deaf and the court assured him that the lawyers would make him hear.

WOMAN ESCAPES OPERATION

By Timely Use of Lydia E. Pinkham's Vegetable Compound.

Here is her own statement.

Cary, Maine.—"I feel it a duty I owe to all suffering women to tell what Lydia E. Pinkham's Vegetable Compound did for me. One year ago I found myself a terrible sufferer. I had pains in both sides and such a soreness I could scarcely straighten up at times. My back ached, I had no appetite and was so nervous I could not sleep, then I would be so tired mornings that I could scarcely get around. It seemed almost impossible to move or do a bit of work and I thought I never would be any better until I submitted to an operation. I commenced taking Lydia E. Pinkham's Vegetable Compound and soon felt like a new woman. I had no pains, slept well, had good appetite and was fat and could do almost all my own work for a family of four. I shall always feel that I owe my good health to your medicine."—Mrs. HAYWARD SOWERS, Cary, Maine.

If you are ill do not drag along until an operation is necessary, but at once take Lydia E. Pinkham's Vegetable Compound.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

CORONA.

LOS ANGELES VISITORS.

CORONA, Feb. 4.—Some of the citrus fruit growers report that their crops and orchards are turning out much better than was expected. Many lemons are going out and bringing splendid prices.

Among the visitors in the city today were Mrs. Hortense Fisher of Los Angeles and her daughter, Miss Pearl Fisher, who are heavily interested in one of the great lemon plantations in Corona. They were delighted to find that their property was not damaged by the freeze and the ranch is shipping a carload of lemons a day.

ORANGE.

ORANGE, Feb. 4.—The school trustees propose to build a new $4000 building to accommodate the manual training and domestic science departments of the lower grades.

WARRANT FOR ADVERTISER.

Alleged Victim Tells District Attorney He Bought a Managership That Never Materialized.

A complaint charging D. W. Kinney with obtaining $250 under false pretenses by selling agencies in a corporation alleged to be fictitious was issued last night by Deputy District Attorney Blair at the request of J. H. West, who believes himself to be only one of several victims.

West told Blair that Kinney claimed to have applied at Sacramento to incorporate the Kinney System Outdoor Advertisers, but that he had not received the papers. These would arrive January 27 last, he said. But Kinney needed money, and West, by paying $250 down, would be made San Francisco manager for the corporation, according to the latter's story.

Advices to Blair from the Secretary of State say that Kinney never tried to incorporate. The other alleged victims were given a promissory note, in each case, to cover the initial payment, Blair says, which would make a complaint difficult to substantiate. Kinney is supposed to be traveling in the North.

FAINTS WHILE SEARCHING.

Woman Goes to City Jail to Look for Husband and Is Overcome While Inspecting Prisoners.

Mrs. Clara McDaniels, about 38 years old, fainted several times yesterday while searching among the prisoners at the City Jail for her missing husband. When she failed to find him, she declared the police were concealing him.

Mrs. McDaniels, who refused to give her name to the jail officials, questioned Detective Davis concerning her husband. She said he has been missing two days from their home, No. 1113 Kingsley drive.

"It is possible he may be in jail here," continued the wife. "If he is not here, I'm afraid he has met a violent death."

Accompanied by Davis, Mrs. McDaniels and her mother-in-law entered the jail, and all the prisoners passed in review. The inspection was interrupted several times by Mrs. McDaniels swooning. When she had peered anxiously into the face of the last prisoner without having recognized her husband, the woman became hysterical.

DEATH WINS RACE.

George Kusick, 39 years old, No. 304 North Fourth street, San Pedro, was ground to a pulp under a San Pedro flyer on the Pacific Electric shortly before noon yesterday a short distance from Graham Station. The body was removed to the Pierce mortuary. Kusick ran ahead of the train instead of jumping off the track when he heard the warning whistle, according to the railroad officials. He was a laborer and married.

CIGARETTE BURNS HOUSE.

An intoxicated Mexican, a lighted cigarette and a bundle of inflammable bed clothing caused an early-morning fire yesterday that practically destroyed the home of Mrs. Mary Munoz of No. 146½ South Alameda street. The Mexican, a boarder, went to bed intoxicated, insisted on smoking there and dropped off to sleep. The flames blistered his flesh. He jumped out of bed with a yell and disappeared. The loss is $600; no insurance.

Healthy Baby is Precious Blessing

To Make It Healthy and Keep It Health Use a Reliable Baby Laxative

In spite of the greatest personal care and the most intelligent attention to diet, babies and children will become constipated, and it is a fact that constipation and indigestion have wrecked many a young life. To start with a good digestive apparatus is to start life without handicap.

But as we cannot all have perfect working bowels we must do the next best thing and acquire them, or train them to become healthy. This can be done by the use of a laxative-tonic very highly recommended by a great many mothers. The remedy is called Dr. Caldwell's Syrup Pepsin and has been on the market for two generations. It can be bought conveniently at any drug store for fifty cents or one dollar a bottle, and those who are already convinced of its merits buy the dollar size.

Its mildness makes it the ideal medicine for children, and it is also very pleasant to the taste. It is sure in its effect and genuinely harmless. Very little of it is required and its frequent use does not cause it to lose its effect, as is the case with so many other remedies.

Thousands can testify to its merits in constipation, indigestion, biliousness, sick headaches, etc., among them reliable people like Mrs. M. Johnson, 753 Dayton street, Kenosha, Wis. She is the mother of little Dorothy Johnson, who was always in delicate health until her mother gave her Dr. Caldwell's Syrup Pepsin. Mrs. Johnson says: "I never saw such rapid improvement in the health of any one. Syrup Pepsin is a wonderful remedy and I shall never be without it again."

DOROTHY JOHNSON.

Thousands keep Dr. Caldwell's Syrup Pepsin constantly in the house, for every member of the family can use it from infancy to old age. The users of Syrup Pepsin have learned to avoid cathartics, salts, mineral waters, pills and other harsh remedies, for these do but temporary good and are a shock to any delicate system.

If no member of your family has ever used Syrup Pepsin and you would like to make a personal trial of it before buying it in the regular way of a druggist, send your address—a postal will do—to Dr. W. B. Caldwell, 417 Washington st., Monticello, Ill., and a free sample bottle will be mailed you.

Why Big Concerns Buy Alco Trucks

In almost every line of business, those who lead operate Alco trucks. The biggest concerns in America have them—the houses that always set the pace in business. These have been heavy buyers of Alco trucks.

Morris & Company	Chicago	E. K. Wood Lumber Company	Oakland, Cal.

These are among the foremost American business houses—shrewd purchasers, seldom erring. Upon them thousands and thousands of other concerns depend for judgment in buying. Like all well organized companies they purchase first on merit and second on the responsibility of the maker. They have as uniform a plan in buying as they have in manufacturing or selling.

When two or three pieces of goods seem on a par so far as merit goes, then they always decide in favor of the most responsible manufacturer. If it is machinery, belting, paper, locomotives or motor trucks, the plan of purchase is just the same. That's why they chose the Alco.

Here is the way most of them arrived at their decisions: The American Locomotive Company is a very large organization, capitalized at $50,000,000 and dating back to 1835 as movers of the world's goods. It has had extensive manufacturing experience, having seven large plants and having built to date over 51,000 rail locomotives, which are being operated all over the world. This long experience in the field of transportation has developed a fund of information possessed by few other companies—accumulative transportation experience. It has built many motor trucks—to date about 1000. Sixty-two per cent. of them were purchased on reorders. That is a very high percentage. It shows that the first Alco trucks must have performed their tasks well, for a concern seldom buys a second piece of machinery from a manufacturer when the first has proved unsatisfactory. Nearly everyone of these big houses have bought more Alco trucks. The Alco, therefore, must have merit.

That is the logic of nearly every Alco purchase.

STOCK MOVEMENT IS DOWNWARD.

PRICES IRREGULAR ON NEW YORK EXCHANGE.

Weakness of Standard Issues Gives List Appearance of Heaviness, Resumption of War in Balkans Being Responsible for Feeling of Uncertainty.

[BY A. P. NIGHT WIRE TO THE TIMES.]

NEW YORK, Feb. 4.—The present feeling of uncertainty on the part of stock market operators was registered today in the irregular movement of prices on the exchange. No clearly-defined trend developed, although broadly speaking the movement was downward. In the afternoon the market sold off and the weakness in some of the standard issues gave the list an appearance of heaviness. Resumption of war in the Balkans was largely responsible for the feeling of uncertainty, the home market awaiting a definite lead from abroad. The effect of renewed hostilities was to curb operations rather than actively to depress prices, and in the early part of the day international issues were among the strongest of the list. Uncertainty as to the details of the Harriman dissolution plan, announcement of which is looked for soon, was a factor which caused traders to hesitate. Southern Pacific was under heavy pressure, at times selling two points off. The recent pressure against this stock has been attributed to the belief that a large amount of these shares may be marketed in connection with the dissolution plan. Can, after further irregular fluctuations, closed a point lower. A further engagement of gold for export to Argentina was announced. Despite the large outflow of gold to France and Argentina the money market remains undisturbed. The bond market was irregular with fluctuations narrow. Total sales, par value, $2,250,000. United States bonds unchanged on call.

[illegible] present time over [illegible] tons have been taken out. This ore-body, of which there are several hundred thousand tons, assays well over 5 per cent. copper per ton. It will be seen from the grade of this ore that production from this property means much to Ray, as the recoverable copper contents per ton is not only several times greater than that of the low-grade ores which constitute the bulk of the property's reserves, but the cost of production will be considerably less. Advices are that the grade of ore extracted from the Ray mine proper is showing steady improvement. This is due to the fact that mining operations are gradually carried on at greater depths below the capping, where better strata of ore are found. This raising of the grade of ore treated is a matter of great importance to Ray and should make for greater copper production per ton of ore treated. Operations up to the present time have been conducted on a grade of ore very much below average.

The publication of the December production of Utah Copper and Nevada Consolidated now makes it possible to estimate what diminution in the United States output of copper has been caused during the last four months by the labor strike last fall at these properties. To this cause should be added that a portion of this decrease in production is due to the recent very severe winter weather. The December returns show that in each company the production has not yet got back to normal. While there will be a further increase toward normal in the January output, it will still be very materially below last August's figures. Previous to the strike, Utah Copper's production was at the rate of 11,250,000 pounds per month, while for December, four months later, it had only recovered to approximately one-half this amount. Nevada Consolidated on the other hand in August was producing 4,800,000 pounds monthly, while in December, production only reached 3,575,000 pounds. Assuming that the August production of Utah and Nevada was normal, it is found that up to the close of the year Utah's production was 25,000,000 pounds below what it would have been had the strike not occurred, and in the case of Nevada, production was [illegible] pounds below what it would have been under ordinary conditions. In addition to Utah Copper and Nevada Consolidated, the South Utah, Ohio and International Smelting Company were affected. The copper furnaces of the last-named company have not yet been placed in commission since the trouble in September. Allowing for the falling off in production of these properties, it is seen that the effect of the recent strike has been a curtailment of at least 45,000,000 pounds up to December 31 in the country's copper production. With the International Smelting copper stacks still shut down and production at Utah and Nevada far below normal, it is not unlikely that several months more will elapse and several million additional pounds of copper will still be cut from the country's production before these mines are again operating at normal capacity.

Granby's proposed bond issue will bear 6 per cent. interest and run for fifteen years. A mortgage covering all mining and smelting properties in British Columbia will secure the issue. Of the $2,000,000 to be asked for there will issue at once $1,500,000 to be known [illegible]

TOO MANY TIES ENTANGLE HIM!

MUCH-MARRIED MAN IS THIS, SAY POLICE.

Suspicious Father-in-Law Follows Him to This City, Satisfies Himself Housekeeper Is in Reality Another Wife, and Causes His Arrest—One-Day Courtship.

Edward T. Haase will be arraigned before Judge Williams in the University Police Court this morning on a complaint sworn to by J. S. Avenell, charging bigamy. Avenell is said to be a wealthy retired ranchman of Monmouth, a small town near Fresno. The complaint was drawn by Deputy District Attorney Shannon.

According to Detectives Cline and Jarvis of the University Station, Haase is one of the most-married men the police have dealt with for some time. Haase, who maintains a sphinx-like silence, refuses to affirm or deny any of the accusations against him.

The detectives declare that Haase, when he married Avenell's daughter, said his first wife was dead. She left him a baby girl, now 6 years old. The second alleged Mrs. Haase was Miss Minnie Winkler. She married Haase in Chicago two years ago. They came to Los Angeles and lived at No. 2096 West Thirtieth street. Haase was employed as secretary by the C. E. McStay Supply Company. Later Haase went to Fresno, telling wife No. 2, so the detectives say, that he was going on a business trip. From Fresno he went to Monmouth, where he ate Thanksgiving dinner with the Avenell family. The next day, it is said, he married Miss Maud Avenell.

At that time, Avenell declares, Haase told of his first marriage, adding that his little daughter was being cared for by his housekeeper, a Mrs. Frese, who presided over his West Thirtieth-street establishment. Haase remained in and around Monmouth until last Friday, when he returned to this city.

Avenell says his suspicions were aroused and he followed his son-in-law to Los Angeles. After satisfying himself, so he told the police, that Mrs. Frese was in reality wife No. 2, he laid his misgiving about the legality of his daughter's marriage before the authorities, with the result that Haase was arrested early yesterday morning by Cline and Jarvis.

Later in the day Deputy District Attorney Shannon issued the complaint Avenell swore to, and Judge Williams issued the warrant which was served on Haase late yesterday afternoon in his cell at the University Station.

Where's His Protection?

Lon Wong, arrested several days ago, charged with having given Patrolman Perry $25 for police protection for a gambling game, was arraigned yesterday before Police Judge Chambers. The complaint was sworn to by Perry. Judge Chambers set Wong's examination for the 10th inst., and fixed bail at $3000.

Faces Serious Charge.

Lou Ling was arraigned before Police Judge Chambers yesterday charged with having opium in his possession. It developed that he had been arrested twice before on a similar charge, and was prosecuted on a misdemeanor complaint in each instance. A third arrest, under the statutes for having opium in one's possession, is a felony. Judge Chambers set Ling's preliminary examination for the 11th, and fixed bail at $1000.

Two Months for Theft.

Fred Carr, 25 years old, pleaded guilty to having stolen about $100 from his employer, in Police Judge Chambers's court. The young man begged for a chance to go to work and return the money, but the court sent Carr to jail for sixty days.

Must Stand Trial.

V. H. Ward of the Diamond Laundry was arraigned before Judge Williams in the University Police Court yesterday on a complaint charging violation of the eight-hour law. He pleaded not guilty and his trial was set for the 10th inst. Bail was fixed at $100. Ward was first arrested about four months ago. He employed a girl in a "pocket-in-the-wall" branch office. Ward secured his release on a writ of habeas corpus and carried the case to the State Court of Appeals. The court denied the writ, and Ward was arrested yesterday on the original warrant.

Reckless Driver Fined.

Jarvis Johns was fined $50 or fifty days yesterday by Police Judge Chambers for having driven an auto Monday while intoxicated. Near the end of the Eagle Rock car line Johns ran over Dr. J. Parrett as the latter alighted from a car. The physician sustained several broken bones. He was taken to the Receiving Hospital by his son, John S. Parrett, a police auto chauffeur, who responded to a hurry call, not knowing it was his father who had been injured.

MERCHANT OR LABORER?

Chinese Comes to America as Former, Is Discovered Working in Laundry—Deportation Trial.

A Chinese deportation case, the disposition of which is expected to go far toward confirming the manner of disposing of such matters in the United States District Court hereafter, is being heard by Judge Wellborn. The issue, whether a Chinese once legally in the country can be deported, is the crux of the peculiar situation.

From 1892 to 1902 Wong Kui was a dealer in shark fins and bird's-nest puddings in Chak Hom, China. From 1902 to 1909 he was engaged in the same trade at No. 7 Hollywood road, Hongkong. He emigrated in 1910, after securing from Amos P. Wilder, the American Consul-General at Hongkong, a certificate allowing him to enter the United States as a merchant. This certificate also set out that Wong Kui had an interest in the Hongkong business valued at $4000.

Arrived in San Francisco, Wong Kui found the shark-fin trade in the hands of earlier competitors, and soon left for Bakersfield, where he was arrested more than two years ago, as an employee in the Pacific Laundry. He asserted he was only visiting there, but the immigration officers declare he had been working for more than three months.

Wong Kui was examined by United States Commissioner Van Dyke and ordered deported. An appeal was taken and has been in suspense ever since. Hearing of the appeal occupied the attention of the court yesterday.

Following the release of Wong Kui on bond, pending the appeal, he entered into business here.

Public Service; City Hall, Courts.

SUMMARY OF THE DAY.

The City Council decided yesterday upon March 25 as the date for the bond election, but postponed for a week the decision as to what issues shall be placed on the ballot.

The Civil Service Commission reorganized yesterday and adopted a policy of doing its work through committees, each of which shall be in close touch with some department of the municipal government.

The City Council refused yesterday to ask the charter tinkerers to submit their proposed amendments at once so that an election could be called for March 7.

The Municipal League asked the Council yesterday to eliminate from the bond propositions the proposed $2,500,000 for starting the Graham high-line and $2,000,000 for the Chatsworth line.

The Board of Public Works ordered the City Engineer yesterday to withhold payments for January work from the Standard American Dredging Company until such time as it will obey the orders of the harbor engineers.

Edward T. Haase, said by police to be a much-married man, will be arraigned in the University Police Court this morning on a charge of bigamy.

A petition for probate of the will of the late Prof. T. S. C. Lowe, filed in the Superior Court yesterday, revealed that the scientist had not changed the document in thirty years. He bequeathed his property to his wife, who died before he did.

At the City Hall.

BOND ELECTION IS POSTPONED.

COUNCIL DECIDES TO PUT IT OFF A MONTH.

Action on Propositions to Be Submitted to Vote Delayed for a Week, but Strong Sentiment Is Shown for Leaving on Ballot All Proposed Issues.

The futility of depending on the action of a conference to bind the movements of the City Conucil was exemplified yesterday when the Council, by a vote of 5 to 3, decided to set the date for the bond election on March 25.

At a conference held last week, in which five of the Councilmen participated, it was decided to stick to the original date, February 25. It is evident that the threats of the Socialists to vote solidly against all proposed bond issues unless their proposed charter amendments have had effect with the Good Government Organization and some of the Councilmen. Officers of the organization were on hand yesteray to watch proceedings and there was also presented resolutions from the Municipal League and the City Club asking for postponement of the bond election.

Councilman Andrews insisted upon reasons being given for postponement, but that of giving the people more time to consider the propositions was the only one he could get the other Councilmen to give.

Not once did they mention the real motive back of the move for postponement, so he did it for them, declaring that his brother Councilmen were pandering with an element that is making threats that it wants to get into power the very party that has made every effort to discredit the Los Angeles aqueduct.

Miles Gregory appeared to represent the Civic Center Association, and stated that this organization yesterday morning adopted a resolution asking that the question of City Hall bonds be eliminated at this time. The Municipal League also asked that the Graham high line bond proposition be not submitted at this time.

This brought about a general discussion as to what shall be submitted, and Councilmen Andrews, Topham and Betkouski urged that all the questions should be submitted so that the people might record their real sentiments. Councilman Reed also urged this action, but it was finally decided to postpone action for one week.

CHARTER AMENDMENTS MUST TAKE THEIR COURSE.

After a long debate the City Council by a vote of five to three decided yesterday to let the proposed charter amendments take their regular course and be offered by initiative petition or submission through the regular Council channels as the promoters of the various proposed amendments see fit.

Councilman McKenzie offered a resolution calling upon charter amendment bodies to present to the Council their proposed laws so that an election could be called by March 7. This was bitterly opposed by Councilman Betkouski, who declared that the people were sick and tired of charter tinkering, and that they had decisively expressed their opinion on this subject only recently.

Councilman Andrews wanted to know why there should be so much solicitude about getting these proposed amendments before the people, and declared that he would not be a party to carrying through a rush election because of thinly-veiled threats that unless such action were taken by the Council the Socialists would vote unanimously against the proposed bond issues.

McKenzie retorted that there seemed to be a general distrust of the present Council and that it was possible that if the people had a chance to vote on amendments the Council might be wiped out of existance. McKenzie declared that so far as he was concerned he was willing to submit the case to the people and that if he lost his place as Councilman the city might be the winner.

"Uncle Jerry" Andrews replied that he didn't propose to be coerced by threats of people who undoubtedly would vote against the bonds, whether the charter amendments were submitted first or not, and declared:

"I hurl back at them as an insult they have cast in our faces the threats of these people who would use us as their tools. I want to say a swear-word—but I guess I won't. If they have the backbone of an earthworm they will take the usual course with their proposed amendments."

Civil Service Election.

The Civil Service Commission organized for the ensuing year yesterday by electing Dr. John R. Haynes as president, Gen. E. C. Bellows vice-president and W. D. Spalding as secretary. George I. Cochran has been president during the year just closed.

A new policy was adopted and hereafter the work of the commission will be handled through ten committees, each of which will handle some particular phase of the commission's work and be closely in touch with some department of the municipal administration.

Committee of Women.

Councilman Reed, as a member of the Council's Committee on Public Markets, announced to the Council yesterday that a subcommittee of women has been appointed to aid in securing curb markets in various sections of the city.

This committee consists of Mmes. James B. Baker, Oliver C. Bryant, T. Percival Gerson, John R. Haynes, C. N. Sterry, William R. Myers, M. S. Gatuck, George A. Atkinson, W. D. Graves, I. Schaad, R. Rankin, M. Neighbauer, W. A. Liston, Fergus Herron, Cora D. Lewis, Maud Stillwell, Ingle Carpenter and Charles H. Richmond and Misses Jeannette Converse and Jane Spalding.

Hits High-line Project.

Significant of the general attitude against the proposed issue of bonds for the Graham high-line of the Los Angeles Aqueduct to San Dimas is the resolution sent by the Municipal League to the City Council yesterday. It says:

"The Municipal League suggests to your honorable body that in reconsidering the bond issues to go on the ballot at the proposed election, you leave out the so-called "high line" bond issue for $2,500,000, and the Chatsworth line bond issue for $2,000,000.

"The reason for recommending this course is that it seems certain these issues cannot be carried at the present time by the necessary two-thirds vote owing to the absolute disagreement that has arisen between the officials having the distribution of the aqueduct waters in charge. The effect of the defeat of these issues will probably be to pull down the vote on other issues which are of vital importance to a point where they may also fail to carry."

Will Hold Up Payment.

An acute stage has been reached in the controversy between the Harbor Advisory Board and the Board of Public Works on the one side and the Standard American Dredging Company on the other, as to the fulfillment of the company's contract with the city.

Harbor Engineer Jubb notified the Board of Public Works yesterday that twice within the preceeding twelve hours the dredging company had violated instructions in depositing government dredgings in Area B and he urged immediate action to compel the company to comply with the orders of the city's harbor engineers.

Special Counsel Houghton advised the board that under the terms of the contract the engineers have the right to direct the work and the board directed the City Engineer to withhold issuance of the company's warrant for the work done in January until such time as it complies with the engineer's orders. A large sum of money will be due the company from the city within the next few days.

Pay Up or Be Fined.

License Clerk Lovie stated yesterday that while all licenses on motorcycles became delinquent or expired on January 27, only 662 of the more than 7000 motorcycles maintained in Los Angeles have secured new permits. Formerly the $1 license fee was for an indefinite period, but under the present ordinance licenses must be taken out each year. All persons operating motorcycles that have not been licensed are subject to arrest and fine, so approximately 6338 persons may be subject to arrest unless they deposit $1 each with the license clerk.

Records Its Attitude.

Although the City Council is powerless to make any appropriation at present to apply to expenditures in 1915, it went on record yesterday as being in favor of the city donating $1000 to the $10,000 which it is proposed to raise as prize money for a great musical festival to be held in Los Angeles in 1915. The prize is to be for the writing and production here of an American opera by Americans.

As to Jurisdiction.

Protestants against the establishment of a union stock yards in Vernon, at the southeastern limits of Los Angeles, appeared before the City Council yesterday to urge action by that body, either through resolution asking for legislation's action or otherwise. As the land proposed to be used lies within another municipality, Councilmen raised the point of no jurisdiction, and the subject was referred to the City Attorney for an opinion.

These Are Committeemen.

The Council yesterday appointed Rev. Stewart Rose Fisher, Prof. Charles E. Seaman and Douglas L. Edmonds as members of the Industrial Committee to make investigations in Los Angeles to take the place of original appointees who declined to serve.

City Hall Brevities.

The City Council sold to the Pacific Electric Company yesterday for $100 a twenty-one-year franchise for its second track on Avenue 64, from Pasadena avenue to the northerly city limits, and instructed the City Attorney to prepare the necessary ordinance therefor.

The City Council adopted yesterday the ordinance regulating billboards to a height of ten feet six inches.

The approval of the City Council was given yesterday to the report of the Legislation Committee favorable to amendments in the traffic ordinance providing that autos shall stand only five minutes in the downtown district on Second, Third, Fourth, Fifth and Sixth streets between the hours of 8 a.m. and 6 p.m., and only five minutes on Main, Spring and Broadway between the hours of 4 and 6 p.m.

The ordinance of intention to widen Vermont avenue to 120 feet from Sixth street to Griffith Park was adopted by the City Council yesterday.

A public hearing will be given by the Council on February 25 to protestants against the ornamental lighting system proposed for Canal street, Wilmington.

City Surgeon Zerfing made a report to the Council yesterday advising that the work at the inebriate farm be placed in the hands of one physician and that he be given a salary of $50 per month. This was sent to the Public Welfare Committee.

The city has not a single new electric light at its disposal and the Council yesterday filed the request for an emergency lighting system for the Arroyo Seco bridge at Garvanza.

Residents of Terminal Island filed a petition yesterday asking the City Council to take steps toward providing a public road to connect the island with outside districts and the bridge over the San Gabriel River between the island and Long Beach. It also asks the co-operation of Los Angeles and Long Beach in this project.

Mrs. Cora D. Lewis suggested to the City Council yesterday that it would be advisable to adopt an ordinance specially taxing property that is used for billboards. This met with instant approval from some of the Councilmen and may be taken up later.

Councilman Lusk has returned to his residence in the city after a month's sojourn at the Pottinger Sanatorium, but was unable to resume his duties at the City Council session yesterday.

The exact sum collected on Exposition Park assessments is $112,858.49. The total assessment is more than $206,000.

The City Council accepted three Gorham fire engines yesterday. It will have to purchase three more for firehouses that are in course of construction or that have been provided for.

Councilman Betkouski proposed to the City Council yesterday that it pay out of the general fund the assessments necessary for the widening of certain streets along the Santa Fe right of way in the southerly part of the city, rather than create assessment districts therefor and carry through the work at a large expense to the city. The subject was taken under advisement.

The Board of Public Works was instructed by the City Council yesterday to have Vermont avenue and Western avenue immediately put in propor condition for traffic, and to require the street railways to perform such portions of the temporary improvement for which they are responsible.

The Council decided yesterday to file the ordinance providing that no person shall be allowed to board a car on the left side or to ride upon the steps, fenders or tops of cars.

LEAVES ESTATE TO DEAD WIFE.

SCIENTIST DOESN'T ALTER WILL IN THIRTY YEARS.

Son Files Petition for Probate, Stating Children Aren't Provided for, but Declares Father Wasn't Influenced in Drawing Document. His Achievements.

All the estate possessed by the late Prof. Thaddeus S. C. Lowe, who died January 24 last, was the capital stock of the Pasadena Land and Water Company, probably worth $140. His will, written by himself July 17, 1883, bequeaths the estate to his wife, Mrs. Leontine A. Lowe. Mrs. Lowe, however, died before her husband.

Petition for the probate of the will was filed yesterday by L. P. Lowe, a son. He states in the petition that the children are not named in the will and are not provided for. He declares, however, that his father was competent to make a will and that he was not influenced in drawing it as he did.

The next of heir entitled to share in the estate are Ida Alpha Haug, South Berkeley; Leon Percival Lowe, San Francisco; Augustine Marguerite Brownback and Blanche Maie Wright, Norristown, Pa.; Thaddeus Lowe, South Pasadena; Edna Mabelle Wright, No. 280 South Euclid avenue, Pasadena; Zoe Elsie Brown, Chattanooga; Sobrieski Constantine Lowe, No. 314 West Third street, Los Angeles; the six children of Mrs. Louise F. Gleim, and two children of Mrs. Ava E. Stinson, deceased daughters of Prof. Lowe.

During the Civil War Prof. Lowe attained fame as a balloonist. He built the Mt. Lowe incline railway and discovered a new process for the manufacture of gas.

HER WINGS CLIPPED. GIRL TRAMP SENTENCED.

Lucille Murphy was a disconsolate girl as she heard the sentence which banished her to the State School at Whittier yesterday. It was a tame ending of an adventurous life, for Lucille saw the world dressed as a boy, worked among men, slept in box cars with hobos and did a man's work.

She told Judge Wilbur there was a bit of property coming to her and she thought she would like an opportunity of caring for it. The past history of the girl, her nomadic habits and disregard for things feminine induced the court to put her under restraint.

SALES CONFIRMED. CASH FOR BALDWIN HEIRS.

Three parcels of land at Potrero Heights, part of the E. J. Baldwin estate, were sold for an aggregate of $12,639.50, and the sale was confirmed in the Probate Department of the Superior Court yesterday. The purchasers were John Riever, $2596.76; Alphonso Lieber, $4942.75; Mary Frances Lieber, $5150. The acreage totaled 47.

A petition for a partial distribution of cash on hand to Mrs. Clara Baldwin Stocker and Mrs. Anita Baldwin McClaughery, amounting to $300,000, will shortly be filed by Executor Unruh. The total cash so far distributed to the Baldwin heirs is in excess of $3,500,000.

STAGE LURES. WIFE'S LOVE COOLS.

The stage had greater attraction for Mrs. Maude Louise Whitcomb Fullerton than married life. She left her husband, Perry W. Fullerton, and was content to let his divorce suit go by default. A subpoena was served on her and she appeared in Judge Densmore's court yesterday.

She admitted frakly to the court she left her husband because she did not love him. She wanted to go on the stage and joined a company. Fullerton brought suit when he found his wife would not return to him. He was granted a decree.

COMPROMISES SUIT. BABE POTENT FACTOR.

A 3-months-old babe was a potent factor in the settlement of the $50,000 damage suit of Mrs. Hazel C. Hipolito, the mother, who is the widow of the late David E. Hipolito, against the Los Angeles Railway. The trial of the suit was called in Judge Wood's court yesterday. The attorneys got together and it was later announced the case had been compromised.

Hipolito was riding a motorcycle on Central avenue February 24 last. The condition of the roadway caused him to fall. An automobile struck him and his injuries resulted in death. His widow brought suit for $50,000. Her babe was born last October.

COURTHOUSE NOTES. BREVITIES MISCELLANEOUS.

UNIQUE SUIT. Mrs. Katherine Didier stumbled over a plank lying on the sidewalk in front of a lot on Forty-sixth street August 17, 1911. She brought suit against the owner of the lot, N. C. Oswald, for $5000. The suit went to trial in Judge Houser's court yesterday. Oswald alleged he did not own the plank and had no knowledge of it being on the sidewalk. It developed that the plank had been dropped while being hauled with other material for the construction of a building on an adjoining lot. Nevertheless the action held against Oswald and his liability offered an interesting question.

GRAND JURY IN SESSION.

The Federal grand jury held its first session yesterday. Among the cases to be investigated are those of Roy Thompson, a postoffice clerk, charged with embezzling letters containing money, and Glen Cattrell, the clerk at the Gardena postoffice, who, it is alleged, stole eight blank money orders from that office.

How to Avoid Those Pains and Distress Which so Many Mothers Have Suffered.

It is a pity more women do not know of Mother's Friend. Here is a remedy that softens the muscles, enables them to expand without any strain upon the ligaments and enables women to go through the ordeal without pain, nausea, morning sickness or any of the dreaded symptoms so familiar to many mothers.

There is no foolish diet to harass the mind. The thoughts do not dwell upon pain and suffering, for all such are avoided. Thousands of women no longer resign themselves to the thought that sickness and distress are natural. They know better, for in Mother's Friend they have found how easy it is with this wonderful penetrating remedy to banish all those dreaded experiences which have been talked about ever since memory began.

It is a subject every woman should be familiar with, and even though she may not require such a remedy, she will now and then meet some prospective mother to whom a word in time about Mother's Friend will come as a wonderful blessing. This famous remedy is sold by all druggists, and is only $1.00 a bottle. It is for external use only, and is really worth its weight in gold. Write to-day to the Bradfield Regulator Co., 127 Lamar Bldg., Atlanta, Ga., for a most valuable book to expectant mothers.
